The Role of Conference Literature in Sci-Tech Libraries Ellis

Mount,2019-12-05 Most librarians working with sci tech collections are fully aware of the importance of conference papers and proceedings which has long played a major role in keeping professionals informed of the latest developments in their field In this book first published in 1989 responsible executives from several publishers of conference literature have joined with a number of sci tech librarians to discuss the nature and value of conference literature in sci tech libraries A commercial publisher discusses the difficulties in editing a set of conference papers in a book while producers of indexing abstracting tools describe their selection methods retrieval services and general outlook on conference materials In addition sci tech librarians address the problems of accessing citing and locating conference literature and explore the many aspects of the cataloguing of conference publications

Role of Standards in Sci-Tech Libraries Ellis Mount,2014-01-14 Required reading for any librarian who has been asked to identify standards and specifications this unique new book highlights the importance of standards in many sci tech libraries Collections of standards in sci tech libraries encompass a great variety from the most narrow subject fields to those covering many and from collections of American standards only to those with an international array *Role of Standards in Sci Tech Libraries* addresses the need for standards in libraries and provides crucial guidelines for developing standards collections The first chapter describes the operation and collections of the ideal service that could be established to serve those needing standards and to promote the use and collection of standards A helpful list of foreign and domestic organizations that issue standards is included Successive chapters explore the role of standards in different types of libraries a public library s science and technology department a corporate library an academic library and the library of the National Institute of Standards and Technology NIST The final chapter addresses the role of Information Handling Services IHS a commercial source of all types of standards discusses the range of standards services and explains how information is acquired

The Role of Trade Literature in Sci-Tech Libraries Ellis Mount,2019-12-06 This book first published in 1990 examines the relationship between sci tech materials and trade literature commonly called manufacturers catalogues Because very little has been published about the value and nature of trade literature in regard to sci tech libraries this volume is important in informing librarians about a little known segment of the larger picture of sci tech information sources thus adding to the value of their services to their clients It addresses the problems of handling sci tech trade literature in a corporate technical library a large public library and a government library devoted to American history Experts offer practical advice on selecting and organizing trade literature and on managing the growth and extent of a collection of trade literature They discuss modern literature and older publications which often have great historical value Libraries that collect both old and new materials are identified as are publishers of trade literature The book also focuses on how a publisher of classic trade literature views its role

Role of Maps in Sci-Tech Libraries Ellis Mount,2020-06-04 Maps charts and related

items present special problems to libraries for example a less organised bibliographic control mechanism more difficult means of acquisitions and problems of storage and preservation This book first published in 1985 deals with these problems and presents practical solutions for maps in library collections **Data Manipulation in Sci-tech Libraries** Ellis

Mount,1985 Collection Development in Sci-Tech Libraries Ellis Mount,2019-12-05 This book first published in 1984 examines the process of building suitable collections for sci tech libraries Sci tech collections are not the easiest to develop successfully in view of the complexity of the subjects involved the large number of choices to make and the difficulty of even knowing about certain grey area publications such as meetings proceedings government documents and technical reports Expert writers assess these difficulties and provide a guide to solutions to the problems inherent in building these collections

Collection Management in Sci-tech Libraries Ellis Mount,1989 *Innovations in Science and Technology Libraries* Rita Pellen,William Miller,2014-06-17 Catch up with the many innovations now affecting sci tech libraries The twenty four chapters in *Innovations in Science and Technology Libraries* discuss the creation of digital collections e repositories personalized Web environments and discipline specific Web sites for students and researchers The book also explores the use of new technologies to improve document delivery and service provision as well as demonstrations of leadership by science librarians who are willing to take risks adapt to change control costs and collaborate with colleagues Here is just a fraction of the fascinating cases and important concepts highlighted in *Innovations in Science and Technology Libraries* the Drexel University Library s transition from print to an electronic only journal collection the benefits of adopting a just in time purchase on demand rather than a just in case acquisitions policy IntelliDochow it has raised the standard for document delivery worldwide and increased international recognition of CISTI how California State University Sacramento merged its science library into its central reference departmentan examination of the two year merging process the creation of branch libraries focused on electronic informationan engineering library at Kansas State University and an agriculture library at the University of Manitoba the impact of electronic information upon undergraduate science education literacy competencies in the sciencesand their implications for library instruction how the MIT libraries created and developed the Reference Vision system that now guides all of their new reference services the impact of learning communities upon library services recent additions that enhance the usefulness of the IEEE Xplore online delivery system *Innovations in Science and Technology Libraries* will bring you up to date on the latest developments sharpen your awareness of new concepts and techniques in sci tech librarianship and help your library stay abreast of important changes in this ever evolving field Make it a part of your professional reference collection today Management of Sci-tech Libraries Ellis Mount,1984
