Robbery Under Arms Rolf Boldrewood, 2006 The quintessential bushranging adventure tale Robbery Under Arms has been an Australian classic virtually since it first appeared in book form in 1888 and its continuing appeal and popularity has seen the tale frequently adapted for stage radio film and television However over this time the novel's text has changed considerably It lost some material in early editions and these omissions were never repaired It was later abridged by its author but the publisher botched the job And as with any much reprinted work thousands of small changes gradually crept into the text This Academy Edition is the first full scale critical edition of the novel and is particularly vital given the instability of the text It presents the original text including some 29 000 words cut from later editions It allows contemporary readers and scholars for the first time to appreciate how the special qualities of the novel were partially flattened over time and to know exactly what material was omitted **The Work and The Reader in Literary Studies** Paul

Eggert, 2019-08-29 Reflects on and re imagines the role of the scholarly edition and its reader in the twenty first century

Henry Handel Richardson Special Issue Laurie Hergenhan, 1998 The essays on Richardson in this special issue are revised versions of a selection of those papers given at a conference entitled The Fortunes of Henry Handel Richardson held at the National Library of Australia Canberra 19 April 1997 editorial **History of the Book in Australia Volume 3** Craig Munro, 2006-07 This new volume in UQP's History of the Book in Australia series explores Australian book production and consumption from 1946 to the present day In the immediate postwar era most books were imported into a colonial market dominated by British publishers Paper Empires traces this fascinating and volatile half century using wide ranging research oral history and memoir to explore the worlds of book publishing selling and reading After 1945 Australian publishing went from a handful of fledgling businesses to the billion dollar industry of today with thousands of new titles each year and a vast array of imported books Publishing's postwar expansion began with the baby boom and the increased demand for school texts with independent houses blossoming during the 1960s and 70s followed by the current era dominated by global conglomerates All aspects of print culture are explored from authorship and editing to bookselling libraries and reading habits in the context of today's rapidly changing publishing landscape with its many technological challenges A wide range of expert contributors including book trade practitioners have produced this lively and indispensable account of our vital cultural industry **Biography of a Book: Henry Lawson's While the Billy Boils** Eggert, Paul, 2012-12-01 Biography of a Book traces the life of an iconic Australian literary work in the lead up to and for a century after its initial publication Henry Lawson's 1896 collection While the Billy Boils Paul Eggert follows Lawson's gradual development of a pared back bush

realism in the early 1890s as he struggled to forge a career writing short stories and sketches for the newspapers Lawson's famous collection came out at a decisive moment for the development of a fully professional Australian literary publishing industry then in its infancy in Sydney The volume's editing design and production were collaborative events that changed the feel and nature of Lawson's writing He had to give ground on his texts and their sequencing The collection went on to be reprinted and repackaged countless times Its production and reception histories act like a geological cross section revealing the contours of successive cultural formations in Australia In unravelling the life of Lawson's classic work Eggert's book historical approach challenges and clarifies established understandings of crucial moments in Australian literary history and of Lawson himself

The Australian Novel, 1830-1980 John Scheckter, 1998 This volume introduces the reader to a powerful and rewarding territory the Australian novel Both drawing from and rebelling against the power of Europe Australian writers asserted from the beginning that experience down under demands thorough observation and thoughtful expression Exploration of the vast land framed by the horrors of penal establishment and challenged by encounters with Aboriginal cultures produced novels of irony and expectation cynicism and celebration works that demonstrate the flexibility and unflinching clarity that remain characteristically Australian down to the postcolonial present

Rolf Boldrewood De Serville, Paul, 1996-09-10 Rolf Boldrewood T A Browne was one of the best known novelists of nineteenth century Australia Robbery Under Arms brought him a national and an international audience It became a household name and has remained in print since 1889 Boldrewood was the first novelist to create specifically Australian characters He was one of the chief spokesmen for old pre goldrush Australia for pastoral Australia and above all for conservative Australia This biography attempts to uncover Boldrewood's ideas and to reveal the life of the man who was Boldrewood's alter ego Thomas Alexander Browne 1826 1915 Browne had three careers as a pioneer squatter civil servant and writer and epitomised the pioneer colonist who experiences sudden reversals of fortune Paul de Serville's research shows that he was not merely the sunny hopeful and genial man portrayed in earlier studies but rather an impulsive extravagant at times thoughtless optimist whose Micawber like temperament enabled him to escape being crushed by his ill judged decisions Browne used his own life and experiences as raw material for his novels but his career was in many ways far grimmer than most of his fiction
