Juan González

Roll Down Your Window Stories Of A Forgotten America:

Roll Down Your Window Juan Gonzalez, 1995 Juan Gonzalez described by the Village Voice as the most radical person in the above it all world of New York daily journalism is a reporter who takes as his beat the streets and projects of America's inner cities and the barrios across its southern borders In these passionate and vivid despatches he reports from the frontline of a social crisis which stretches from New York to Los Angeles across the Rio Grande to Mexico's maquiladoras through to Haiti Honduras and Cuba Written not just about the ghetto but from it Gonzalez's stories portray workers on strike refugees on the run owners on the make and a journalist on the case Together they bring us face to face with human beings whose tragedies illuminate the landscape of a forgotten America

Roll Down Your Window Juan González, 1995 New York Daily News reporter Juan Gonzalez takes as his beat the streets and projects of America's inner cities and the barrios across its southern borders In these vivid dispatches he reports from the frontline of a social crisis inside New York and Los Angeles across the Rio Grande to Mexico's maquiladoras through to Haiti Honduras and Cuba

Appeal to Reason Craig Aaron, 2018-02-27 In These Times the national biweekly magazine of news and opinion has provided groundbreaking coverage of the labor movement the environment feminism grassroots politics minority communities and the media for twenty five years Filled with new writing commissioned specially for this anniversary volume images and text highlights of the last quarter century in the magazine Appeal to Reason The First 25 Years of In These Times showcases contributors to the magazine like Noam Chomsky David Brower and Alice Walker to name just a few But it also asks an important question Where do we go from here For answers Appeal to Reason turns to more than twenty leading progressive writers including Barbara Ehrenreich Juan Gonzalez Salim Muwakkil and Robert W McChesney who take a fresh look at the lessons of the past and suggest directions for the future Exploring issues ranging from globalization and criminal justice to the environment and culture Appeal to Reason lays a political and intellectual foundation for the debates discussions and movements of the next twenty five years

Knowledge & Power in the Global Economy David Gabbard, 2017-07-05 Advancing a three fold political agenda this volume illuminates how the meanings assigned to a whole vocabulary of words and phrases frequently used to discuss the role and reform of U S public schools reflect an essentially economic view of the world contends that education or educational reform conducted under an economized worldview will only intensify the effects of the colonial relations of political and economic domination that it breeds at home and abroad and offers a set of alternative concepts and meanings for reformulating the role of U S public schools and for considering the implications of such a reformulation more generally for the underlying premises of all human relationships and activities Toward these ends the authors in Part I critically examine many of the most commonly used terms within the rhetoric of educational reform since the early 1980s and before Part II links today's economized worldview to curricular and instructional issues These essays are especially important for comprehending how the organization of school curriculum privileges those disciplines deemed most central to market

expansion math and science and how the political centrality of the economic sphere influences the nature of the knowledge presented in specific content areas Given that language constrains as well as advances human thought the twin tasks of de economizing education and decolonizing society will require a vocabulary that transcends the familiar terminologies addressed in Parts I and II The entries in Part III cultivate the beginnings of such a vocabulary as the authors elucidate innovative concepts which they view as central to the creation of truly alternative educational visions and practices

Contemporary Latina/o Media Arlene Dávila, Yeidy M. Rivero, 2014-09-12 The cultural politics creating and consuming Latina o mass media Just ten years ago discussions of Latina o media could be safely reduced to a handful of TV channels dominated by Univision and Telemundo Today dramatic changes in the global political economy have resulted in an unprecedented rise in major new media ventures for Latinos as everyone seems to want a piece of the Latina o media market While current scholarship on Latina o media have mostly revolved around important issues of representation and stereotypes this approach does not provide the entire story In Contemporary Latina o Media Arlene D vila and Yeidy M Rivero bring together an impressive range of leading scholars to move beyond analyses of media representations going behind the scenes to explore issues of production circulation consumption and political economy that affect Latina o mass media Working across the disciplines of Latina o media cultural studies and communication the contributors examine how Latinos are being affected both by the continued Latin Americanization of genres products and audiences as well as by the whitewashing of mainstream Hollywood media where Latinos have been consistently bypassed While focusing on Spanish language television and radio the essays also touch on the state of Latinos in prime time television and in digital and alternative media Using a transnational approach the volume as a whole explores the ownership importation and circulation of talent and content from Latin America placing the dynamics of the global political economy and cultural politics in the foreground of contemporary analysis of Latina o media

Knowledge and Power in the Global Economy David Gabbard, 2017-07-05 Advancing a three fold political agenda this volume illuminates how the meanings assigned to a whole vocabulary of words and phrases frequently used to discuss the role and reform of U S public schools reflect an essentially economic view of the world contends that education or educational reform conducted under an economized worldview will only intensify the effects of the colonial relations of political and economic domination that it breeds at home and abroad and offers a set of alternative concepts and meanings for reformulating the role of U S public schools and for considering the implications of such a reformulation more generally for the underlying premises of all human relationships and activities Toward these ends the authors in Part I critically examine many of the most commonly used terms within the rhetoric of educational reform since the early 1980s and before Part II links today s economized worldview to curricular and instructional issues These essays are especially important for comprehending how the organization of school curriculum privileges those disciplines deemed most central to market expansion math and science and how the political centrality of the economic sphere influences the nature

The Young Lords Johanna Fernández, 2019-12-18 Against the backdrop of America's escalating urban rebellions in the 1960s an unexpected cohort of New York radicals unleashed a series of urban guerrilla actions against the city's racist policies and contempt for the poor Their dramatic flair uncompromising socialist vision for a new society skillful ability to link local problems to international crises and uncompromising vision for a new society riveted the media alarmed New York's political class and challenged nationwide perceptions of civil rights and black power protest The group called itself the Young Lords Utilizing oral histories archival records and an enormous cache of police surveillance files released only after a decade long Freedom of Information Law request and subsequent court battle Johanna Fernández has written the definitive account of the Young Lords from their roots as a Chicago street gang to their rise and fall as a political organization in New York Led by poor and working class Puerto Rican youth and consciously fashioned after the Black Panther Party the Young Lords occupied a hospital blocked traffic with uncollected garbage took over a church tested children for lead poisoning defended prisoners fought the military police and fed breakfast to poor children Their imaginative irreverent protests and media conscious tactics won reforms popularized socialism in the United States and exposed U.S. mainland audiences to the country's quiet imperial project in Puerto Rico Fernández challenges what we think we know about the sixties She shows that movement organizers were concerned with finding solutions to problems as pedestrian as garbage collection and the removal of lead paint from tenement walls gentrification lack of access to medical care childcare for working mothers and the warehousing of people who could not be employed in deindustrialized cities The Young Lords politics and preoccupations especially those concerning the rise of permanent unemployment foretold the end of the American Dream In riveting style Fernández demonstrates how the Young Lords redefined the character of protest the color of politics and the cadence of popular urban culture in the age of great dreams

Rethinking the Struggle for Puerto Rican Rights Lorrin R Thomas, Aldo A Lauria Santiago, 2017-09-29 Rethinking the Struggle for Puerto Rican Rights offers a reexamination of the history of Puerto Ricans political and social activism in the United States in the twentieth century Authors Lorrin Thomas and Aldo A Lauria Santiago survey the ways in which Puerto Ricans worked within the United States to create communities for themselves and their compatriots in times and places where dark skinned or foreign Americans were often unwelcome The authors argue that the energetic Puerto Rican rights movement which rose to prominence in the late 1960s was built on a foundation of civil rights activism beginning much earlier in the century The text contextualizes Puerto Rican activism within the broader context of twentieth century civil rights movements while emphasizing the characteristics and goals unique to the Puerto

Rican experience Lucid and insightful Rethinking the Struggle for Puerto Rican Rights provides a much needed introduction to a lesser known but critically important social and political movement

Immigrant Voices Enrique T. Trueba, Lilia I. Bartolomé, 2000 The ethnics are coming and the fear of many observers is that the quality of traditional disciplines will suffer as a result Immigrant Voices In Search of Pedagogical Reform is a new book which shows that such fear is unfounded Ethnic scholars of international repute come together in this new collection of essays to meditate upon the single most important social phenomena in America today Immigration Due to the ever increasing ethnic diversity in today's school populations the need to explore this issue has become more critical than ever Giving voice to a broad range of complex experiences contributors from China Taiwan Mexico Argentina Spain and Slovakia provide insight into the numerous obstacles immigrants must overcome in order to succeed in both the academy and society at large Offering broad theoretical perspectives as well as powerful and unforgettable personal narratives this book serves as a invaluable resource for continued efforts toward educational equity

Reclaiming Gotham Juan González, 2017-09-05 How Bill de Blasio's mayoral victory triggered a seismic shift in the nation's urban political landscape and what it portends for our cities in the future In November 2013 a little known progressive stunned the elite of New York City by capturing the mayoralty by a landslide Bill de Blasio's promise to end the Tale of Two Cities had struck a chord among ordinary residents still struggling to recover from the Great Recession De Blasio's election heralded the advent of the most progressive New York City government in generations Not since the legendary Fiorello La Guardia in the 1930s had so many populist candidates captured government office at the same time Gotham in other words had been suddenly reclaimed in the name of its people How did this happen De Blasio's victory journalist legend Juan González argues was not just a routine change of government but a popular rebellion against corporate friendly policies that had dominated New York for decades Reflecting that broader change liberal Democrats Bill Peduto in Pittsburgh Betsy Hodges in Minneapolis and Martin Walsh of Boston also won mayoral elections that same year as did insurgent Ras Baraka in Newark the following year This new generation of municipal leaders offers valuable lessons for those seeking grassroots reform
