The Long Night of Francisco Sanctis Humberto Costantini, 1987-01 **Buenos Aires** Jason Wilson, 2007 The most European of South American cities Buenos Aires evokes exile and nostalgia A nineteenth century replica of Paris or Madrid set adrift in an alien continent its identity is neither of the Old World nor the New The city's rootlessness has famously found expression in the melancholy of tango and more recently in a vogue for psycho analysis even more widespread than New York's *Jewish Writers of Latin America* Darrell B. Lockhart, 2013-08-21 Jewish writing has only recently begun to be recognized as a major cultural phenomenon in Latin American literature Nevertheless the majority of students and even Latin American literary specialists remain uninformed about this significant body of writing This Dictionary is the first comprehensive bibliographical and critical source book on Latin American Jewish literature It represents the research efforts of 50 scholars from the United States Latin America and Israel who are dedicated to the advancement of Latin American Jewish studies An introduction by the editor is followed by entries on 118 authors that provide both biographical information and a critical summary of works Argentina Brazil and Mexico home to the largest Jewish communities in Latin America are the countries with the greatest representation but there are essays on writers from Venezuela Chile Uruguay Peru Colombia Costa Rica and Cuba The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007 In this expertly crafted richly detailed guide Raymond Leslie Williams explores the cultural political and historical events that have shaped the Latin American and Caribbean novel since the end of World War II In addition to works originally composed in English Williams covers novels written in Spanish Portuguese French Dutch and Haitian Creole and traces the profound influence of modernization revolution and democratization on the writing of this era Beginning in 1945 Williams introduces major trends by region including the Caribbean and U S Latino novel the Mexican and Central American novel the Andean novel the Southern Cone novel and the novel of Brazil He discusses the rise of the modernist novel in the 1940s led by Jorge Luis Borges's reaffirmation of the right of invention and covers the advent of the postmodern generation of the 1990s in Brazil the Generation of the Crack in Mexico and the McOndo generation in other parts of Latin America An alphabetical guide offers biographies of authors coverage of major topics and brief introductions to individual novels It also addresses such areas as women's writing Afro Latin American writing and magic realism The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel national literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current

focus on urban violence and globalization The Columbia Guide to the Latin American Novel Since 1945 presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature Fiction and Truth in Transition Oscar Hemer,2012 What can fiction tell us about the world that journalism and science cannot This simple yet vast question is the starting point for an interrogation of the relationship between literary fiction and society's dramatic transformation in South Africa and Argentina over the past several decades The resulting discursive text borders on both journalism and literature incorporating reportage essay and memoir Series Freiburg Studies in Social Anthropology Vol 34
