Looking Into The Future:

Justice to Future Generations and the Environment Hendrik Philip Visser 't Hooft, 1999-06-30 This book contributes to the discussion about obligations to future generations by arguing that a principle of justice according to which we must share the environmental resources of the planet with future generations must be considered to be part of the just basic structure of society The argument is based on a close study of Rawls theory of justice and particularly of its treatment of the future generations issue But the author claims that the affirmation of a principle of justice towards future generations must be accompanied by the attempt to articulate the motives that shape a concern with the fate of future persons in the first place In order to consider and further its real chances we must put the perspective of justice between generations with its very detached character within the context of our view from the present such as it is situated in historical time This opens a fascinating but difficult field of inquiry about inter generational value and its different aspects Although it is centred on the theory of justice and on general ethics the book also pays attention to the legal issues raised by the notion of a future oriented just basic structure of society **Occupational Outlook Quarterly** ,1981 Constructor ,1923 *Appendix to the Journals of the House of Representatives of New Zealand* New Zealand. founded on the premise that honesty is the best policy But at times it appears counter intuitive and not borne out from the real life experiences If vigilance were so easy to comprehend and unconditionally acceptable then perhaps there would have been no need to teach vigilance or write any book on it It would have been instinctive All of us would have just followed the dogma There are four types of corruption 1 Tribute 2 Coercive corruption 3 Collusive corruption 4 Mass indoctrination Vigilance authorities concentrate on curbing tributes and coercive corruptions but collusive corruptions and mass indoctrinations are far more lethal and damaging The book emphasizes on these two later forms of corruption AN INQUIRY INTO VIGILANCE AND CORRUPTION by BARUN KUMAR SAHU IAS Authored by Barun Kumar Sahu an Indian Administrative Services IAS officer this book delves into the critical issues of vigilance and corruption It explores the complexities and challenges related to these issues drawing upon the author s extensive experience and expertise in the field of governance The book offers insights into strategies to combat corruption and promote vigilance in public administration Key Aspects of the Book AN INQUIRY INTO VIGILANCE AND CORRUPTION by BARUN KUMAR SAHU IAS Expert Perspective The book is authored by Barun Kumar Sahu an IAS officer and draws upon his deep knowledge and experience in matters related to vigilance and corruption Exploring Key Issues It delves into the complexities of vigilance and corruption providing readers with a deeper understanding of these critical challenges in public administration Strategies for Change The book offers insights into strategies and approaches to combat corruption and promote vigilance making it a valuable resource for policymakers and administrators Author Barun Kumar Sahu an IAS officer contributes his expertise to shed light on the important issues of vigilance and corruption offering valuable insights and strategies for addressing these challenges
