Adventures in Three Worlds Natesan Ramalingam Iyer,2019-10-09 This book is a recollection of the events that happened in the author s life and the lessons he learned This memoir is an attempt to describe how his life began and nurtured Apart from his personal life it also covers significant instances from the upstream oil and gas industry His father taught him honesty in an era where the author realized with dismay that he can be honest but he can t make the world honest He is unable to erase this sickening feeling even today One day all of us will get separated from each other we will miss our conversations of everything and nothing and the dreams that we had Days will pass by months years until this contact becomes rare or when life comes to an end This is certain unlike birth which is an accident We are born without bringing anything and our first incident is tears We die without taking anything Absolutely nothing And the sad fact is that in the interval between birth and death we fight for what we did not bring and what we will not take What we are looking for in this interval is recognition popularity and self worth The book covers the three worlds of the author s life World 1 Borne with shackles and the struggles his family went through World 2 Sojourn with the offshore oil and gas industry World 3 Post turtle

world and renaissance of his journey through the upstream Indian oil and gas industry Hopefully this memoir will remind readers that a good reputation is the most valuable asset to a family for this one has to toil hard with least expectations from the outside world
