Los Mejores Del Merengue 2002

R Sandford

Los Mejores Del Merengue 2002:

Merengue and Dominican Identity Julie A. Sellers, 2004-10-15 The merengue is internationally recognized as the Dominican Republic's national dance. It is an integral and unifying element of Dominican identity both within that nation and among emigrants abroad. Although Dominicans often make the claim that merengue has always been in their blood, the dance is relatively young and its popularity among Dominicans of all social classes and ages is an even more recent occurrence. This book presents three convincing arguments about the merengue's longevity as a unifying symbol of Dominican identity. Dominican identity and the merengue have necessarily been extremely fluid in order to encompass the different cultural and ethnic groups present. Historically, the merengue has become a stronger identity symbol when the nation is or is perceived to be threatened from outside and the white Catholic Hispanic Dominican has long been held as the true Dominican identity, causing the dance to become progressively whitened in terms of performers and style to reflect this notion and gain wider appeal at home and abroad. A map of the Dominican Republic, related photographs of key figures of Dominican history and merengue artists across the decades, and a complete bibliography are included. **Focus: Music of the Caribbean** Sydney Hutchinson, 2019-10-22 Focus Music of the Caribbean presents the most important issues of Caribbean musical history and current practice, discussing thought-provoking questions in a student-friendly fashion. It uses current ethnomusicological research on Caribbean music to tell the stories of Caribbean history: those of colonialism and neocolonialism, race and nationalism, marginalization and globalization, and to explore that history's continuing impact on the lives, cultures, music, and dance of modern-day people in the Caribbean and beyond. In three parts, the text presents an embodied understanding of the sounds, rhythms, and movements that exemplify the history, culture, and politics of Caribbean music. I. Caribbean Music and Caribbean History establishes a framework for thinking about Caribbean musical history and the roles race and migration play. II. Music and Dance in Caribbean Societies considers how contrasting forms of dance music reconcile competing ideas about Caribbean identities past and present. III. Focusing In: The Social Lives of Musical Instruments in Merengue T. Pico explores the music of the Dominican Cibao region through a focus on the genre's dominant musical instruments. Accessible to all students regardless of musical background, Focus Music of the Caribbean is bolstered by web resources including more than sixty detailed listening guides and accompanying playlists, vocabulary lists, and student quizzes. Discussion questions and activities for each chapter are featured in the text. **Billboard**, 2002-04-06 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital events, brand content, and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. **Bassist's Bible** Tim Boomer, Mick Berry, Chaz Bufe, 2014-01-01 Newly enhanced with embedded audio and video tracks, the incredible versatility of the bass guitar is revealed in this newly revised, all-inclusive style guide. Each chapter covers particular styles or families of styles, gradually introducing players to techniques that will

allow them to get the most out of their instruments and easily increase their bass repertoire More than 400 bass grooves are presented in standard percussion notation along with 192 embedded audio grooves The book also includes helpful information on the development of all styles covered All musical samples in this updated edition are in both standard notation and tablature and the style histories bibliography and discography are up to date The book also includes 50 new grooves and 93 embedded videos of the proper way to play the examples
