Loss Of Mastery Puritan Historians In Co:

A Loss of Mastery Peter Gay, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1966 **John Winthrop's World** James G.

Moseley, 1992 As both a politician and a historian Winthrop was an interpreter of foundational events in American history Within his journal therefore lie resources for understanding the nature of leadership and the meaning of liberty in our past Because of the ongoing Puritan legacy in American culture Winthrop's journal may show us our own world and possibly our future in new ways Introduction **Jonathan Edwards within the Enlightenment: Controversy, Experience, &**

Thought John T. Lowe, Daniel N. Gullotta, 2020-05-11 In her Epilogue entitled What Is His Greatness Ola Elizabeth Winslow stated in the first serious modern biography of Jonathan Edwards In a word it is the greatness of one who had a determining art of initiating and directing a popular movement of far reaching consequence and who in addition laid the foundations for a new system of religious thought also of far reaching consequence After two and a half centuries since Edwards's death Winslow's statement is undoubtedly true and perhaps more so now than ever The recovery of Edwards pioneered by Perry Miller Ola Winslow and Thomas Schafer among others has become what is often referred to as an Edwards renaissance and has been made even more popular among lay people by John Piper Stephen Nichols and the like Since the free online access of The Works of Jonathan Edwards by Yale University dozens of books and articles as well as numerous dissertations each year are written to seek a facet of Edwards's greatness and thus as an exemplar of his continued far reaching consequence Jonathan Edwards more than any other pre revolutionary colonial thinker grappled with the promises and perils of the Enlightenment Organized by John T Lowe and Daniel N Gullotta Jonathan Edwards within the Enlightenment brings together a group of young and early career scholars to present their propping the life times and theology of one of America's greatest minds Many of these subjects have been seldom explored by scholars while others offer new and exciting avenues into well covered territory Some of these topics include Edwards interaction with and involvement in slavery colonialism racism as well as musings on gender populism violence pain and witchcraft **Social History, Local History, and Historiography**

Roger C. Richardson, 2011-09-22 This wide ranging volume collects together twelve of the author's longer essays mainly drawn from those first published in the last two decades Chiefly consisting of micro studies of a variety of different aspects of early modern English history the book concerns itself with social and economic change the period of the English Revolution and its long lasting impact with Puritanism with the family as a social institution and with historical consciousness and different forms of historical writing Some of the essays focus on a particular individual not all well known William Camden John Milner and Ralph Dutton to open up a broader theme One boldly attempts a comparison over three centuries of the

evolution of local history as a subject on both sides of the Atlantic Two other essays reach out into the nineteenth and twentieth centuries but do so with echoes of the subject matter of some of those dealing with the early modern period The inter connectedness of social history local history and historiography is stressed and illustrated throughout Both specialists and non specialists will find much to interest them in this varied and rewarding volume **The Transatlantic Genealogy**

of American Anglo-Saxonism Michael Modarelli,2018-09-17 This book traces the myth of Anglo Saxonism as it crosses from Britain to the New World as both a cultural construct and ideological nation building tool Through extensive investigations of both early American and English cultural attitudes toward Anglo Saxonism and similar texts the book advances the claim that the ways in which Anglo Saxon authors envisioned history as unfolding becomes an important ideological model for later New World conceptions of historical and national identity From this beginning the book follows the influence of this adopted American Anglo Saxonism in early American literature and the socio cultural implications that follow upon this influence **A History of Jewish Plymouth** Karin J. Goldstein,2013-02-05 Many visitors flock to Plymouth Massachusetts each year to view the historic landing spot of the Pilgrims Three blocks from Plymouth Rock is Congregation Beth Jacob s synagogue For more than a century the Jewish community of this coastal New England town has flourished Even before the establishment of the synagogue built in 1912 13 Plymouth s history was shaped by the Jewish culture Many colonial New England laws were derived from the Old Testament The grave marker of famed Governor William Bradford bears an inscription in Hebrew that reads The Lord is the help of my life Historian Karin J Goldstein reveals the lasting impact of the Jewish community on Plymouth s history and the ways in which it still informs the town s unique identity today

Writers Directory NA NA,2016-03-05 **American Studies** David W. Marcell,1982 *The Pursuit of Local History* Carol Kammen,American Association for State and Local History,1996 In this work readers can discover the role local historians play find out what the experts see as the values of the local history while exploring their theories and see how local history has been practised by those who have dedicated their lives to it **Two Legends** André Gide,1958 **Early Visions and Representations of America** M. Carmen Gomez-Galisteo,2012-11-22 When the Europeans first arrived in America they had a number of preconceptions prejudices expectations and hopes about what life in the New World would be like This book examines the different visions and representations of America conveyed in the writings of Spanish conquistador lvar N ez Cabeza de Vaca and the Pilgrim leader William Bradford taking both writers within their respective literary and historical contexts Anthologies of American literature have consistently ignored Spanish language achievements on the grounds of a restrictive interpretation of American literature based on linguistic boundaries Consequently Spanish language texts such as Cabeza de Vaca s or the account by the Hidalgo de Elvas to name but two examples have been marginalized in the narrative of American literary history In seeking to redress this neglect Galisteo contributes to scholarship which seeks to analyze Early America as a whole including not only Anglo American perspectives but also the Spanish American aspect of the

colonization process Founding Principles of American Government George J. Graham,Scarlett G. Graham,1984

Paradise Lost Emma Rothschild,1974 *HSM Bulletin* ,1971 **The Changing Face of English Local History** R.C. Richardson,2018-05-08 This title was first published in 2000 Practised since the Middle Ages it is only over the course of the last century that English local history attained professional status This text explores the rich historiography of the subject by presenting essays which show how it has been defined approached and practised at different stages of its development from the 16th century to the present day Essays on individual historians Camden Thoroton Hasted and Milner stand side by side with others documenting general trends the editor s concluding essay offers comparisons and contrasts between the concept and practice of local history in England with the developments in the USA **Closing an Era** Richard J. Cox,2000-09-30 The importance of records in modern society is explored by re examining some of the historical antecedents for critical functions in the modern records professions The motivation for writing this book comes from a conviction of the importance of records and records professionals in organizations and society as well as the need to possess a stronger sense of the events trends people debates and controversies producing the modern records professions Archivists and records managers have tended to discount the importance of their historical antecedents ignoring the fact that many of the current debates and issues before the profession are not new but embedded in the historical evolution of the records professions Re examining some of the historical origins helps records professionals to re examine their mission to manage records for the benefit of organizations and of all of society Such re evaluation also helps to remind records professionals and others that the concerns generated by new electronic recordkeeping technologies are not new at all but built deep within the fabric of traditional records creation and administration **Preaching in the Last Days** Rodney L. Petersen,1993-06-24 Visionary strength was given to the piety polity and political activity of Protestantism in its formative periods through the way in which the Apocalypse was read By identifying with the text depicting two witnesses or prophets who preach at the end of history are slain by the beast from the abyss understood to be Antichrist and rise again victoriously representatives of the Protestant movement found a measure of self identity This text Revelation 11 3 13 became the lens through which many envisioned the movement of history from the first advent of Christ to his promised return It was used by earlier reform movements but it lent special definition to the work of Protestant ministers through the nineteenth century suggesting different approaches to social organization Preaching in the Last Days is a study in the history of how the Apocalypse was read It is also an examination of how social groups are formed through ideas occasioned by texts It offers an account of the interplay between religious and social history during the time of the development of Protestantism Petersen s study provides a fascinating look at the theological significance of how we read biblical texts and the insights this offers on the development of culture the Christian movement and its churches The book is especially important for understanding the assumptions behind the ways in which the book of Revelation is being read and used in our own day **The Legacy of Jonathan Edwards in the Theology of**

Andrew Fuller Chris Chun, 2012-03-26 This book focuses on the legacy of Jonathan Edwards on the Particular Baptists by way of apprehending theories held by their congregations during the eighteenth and nineteenth centuries In particular special attention is directed to the Edwardsean legacy as manifested in the theology of Andrew Fuller The monograph positions itself between Edwards and Fuller in the transatlantic early modern period and attempts by the two theologians to express a coherent understanding of traditional dogma within the context of the Enlightenment The scope of the research traces Fuller's theological indebtedness by way of historical reconstruction textual expositions and theological and philosophical implications of the following works *Freedom of the Will Religious Affections Humble Attempt and Justification by Faith Alone* et al *Superfiction* Joe David Bellamy, 1975 Twenty short stories in these categories Fantasy fabulation irrationalism Neo Gothic Myth parable Metafiction technique as subject Parody put on *International Dissent* William Orville Douglas, 1971 This 1971 book by an Associate Justice of the Supreme Court of the United States details six propositions to prevent war an end to military alliances all colonies should be made free and all protectorates abolished the recognition of China and its admission to the United Nations an international regulatory body must be established to control the use of the ocean floor developing nations must be helped to enter the technological world Rules of Law governing international situations must be agreed upon through sessions of the United Nations
