Dolan, 2020-06-07 Coaches play a major role in helping people understand their values and the values of their surroundings and helping them make choices and adapt Sometimes the choice may be to find a situation more in sync with your values Or it may mean working hard on yourself or in concert with your partner team or organization Whatever we need to do to attain it a positive fit makes for a happier person and a happier person will be more successful This accessible and practical book will help coaches educators leaders and managers understand the philosophy methodology and tools that can be used to make a person happier healthier and more productive at work and in life in general This book compiles short vignettes from over a dozen global academics and celebrated executive coaches sharing information about aligning values in different settings Based on years of research and written for readers from all walks of life you will learn that when you understand your core values place them on a triaxial template and align them with your definition of success everything changes It will help you come out of your comfort zone in order to embrace the future and enhance the quality of your life For this you need a concept a methodology and effective tools all of which are offered in this

book Rich with practical step by step methodologies and tools to facilitate values led leadership coaching and mentoring this book is essential for any change agent be it a coach a leader an educator or any person who is interested in learning how to become more effective improve their practice and engage in self or professional coaching At the same time it will enhance leadership qualities **Studying Management Critically** Mats Alvesson,Hugh Willmott,2003-10-08 Drawing upon a range

of influential contemporary movements in the social sciences primarily upon critical traditions this text provides a wide ranging analysis of management and its various specialisms **Management of International Institutions and NGOs**

Eduardo Missoni,Daniele Alesani,2013-12-17 International Institutions IIs International NGOs INGOs and Transnational Hybrid Organizations THOs play a hugely important role in the modern world economy Despite having been studied by scholars from a range of disciplines these organizations have never before been approached from a management perspective This ambitious book analyzes the management challenges associated with international cooperation and sheds light on how these organizations have evolved as the political economic and business environments have changed around them Covering an admirably broad canvas the authors pursue two main objectives Firstly they explore the main management frameworks developed in the context of the corporate and national public non profit organizations and adapt them to the specificity of IIs and INGOs This leads to the identification of a tailored approach to IO management based on their institutional and operational settings stakeholder groups core business staff profile and financial arrangements Secondly they bring theory into practice by linking frameworks to several case studies and best practices of organizations currently experimenting with management systems and tools with case studies including the World Bank and the Gates Foundation This comprehensive textbook is a must own resource for students and academics involved with studying and working with international organizations Socio-Cultural Integration in Mergers and Acquisitions Johanna Raitis,Riikka Harikkala-Laihinien,Mélanie

E. Hassett,Niina Nummela,2018-04-10 Taking a fresh and much needed perspective on the management of international acquisitions this book focuses on socio cultural integration and in particular the importance of emotions and values The authors build on the human centric and typically Nordic approach to mergers and acquisitions by presenting rich empirical cases of cross border acquisitions conducted by leading Nordic multinationals This book goes beyond merely stating that successful human integration leads to sociocultural convergence and presents how this can actually be accomplished The authors offer theoretical approaches and practical solutions which have the potential of improving employee motivation and well being and in doing so ultimately enhancing the chances of successful acquisition outcomes Providing concrete examples of successful practices for managing socio cultural integration and facilitating employee commitment this book will appeal to both scholarly and practitioner audiences **Estonia, the New EU Economy** Helena Hannula,Slavo Radošević,G. N. Von Tunzelmann,2006 Estonia is regarded by many as one of the most hopeful cases for the integration of eastern Europe into the enlarged European Union It provides positive examples of how the integration process can be well handled but at the same

time some of the contentious issues this can give rise to This book assesses the tensions involved in the development of the Estonian economy in terms of growth convergence financial development labour reallocation structural and organizational change and the role of foreign companies and international networks The analysis of Estonia is placed within a broader context and among a wider set of nations and thus aims at understanding the potential for growth and structural change in the eastern part of the enlarged EU In these and related fields the book seeks to draw lessons from Estonia for other new and indeed future EU accession countries
