Manofwar A History Of The Combat Vessel:

The Man-of-war Donald G. F. W. Macintyre, Basil W. Bathe, 1968 **John Lenthall: The Life of a Naval Constructor** Stephen Chapin Kinnaman, 2022-06-07 Many stirring words have been written about the heroic deeds of the officers and men of the U S Navy before during and after the Civil War But very little has been published about the naval constructors who built the warships that made their exploits possible Of all of the Navy s constructors from this era none had more impact than John Lenthall 1807 1882 A native of Washington D C and the son of ambitious English parents young Lenthall s stellar rise through the ranks of naval constructors soon led to his appointment as the chief of the Bureau of Construction Equipment and Repairs Now the U S government s highest ranking naval architect John Lenthall was in charge of designing and constructing the nation s warships The magnificent Merrimack class steam frigates were one of his first achievements His stance early in the Civil War on ironclads and coolness toward John Ericsson have been consistently misunderstood Lenthall accepted the Navy s need for armored warships but objected to a fleet of only brown water capable monitors When he retired in 1871 he had been bureau chief for over seventeen years and responsible for the building of nearly all the Navy s ships during an era of unprecedented technological evolution John Lenthall *The Life of a Naval Constructor* is thoroughly documented with previously untapped primary archival source material from Philadelphia s Independence Seaport Museum and the Franklin Institute and the U S Naval Academy Museum John Lenthall is written by a historian and naval architect who can clearly explain the nuances of ship design The author s treatment of Lenthall and the legacy of his fellow constructors brings to life a previously untold chronicle of American ingenuity and achievement **Sealift** ,1969 **Sealift Magazine** ,1970 *Military Sea Transportation Service Magazine* ,1968 *Russian Imperialism and Naval Power* Nicholas Papastratigakis, 2011-04-05 From 1904 1905 Russia and Japan were locked in conflict arising from rival imperial ambitions in the Far East Nicholas Papastratigakis offers an integrated analysis of Russian naval strategy in the decade before this Russo Japanese War in which the Russians suffered catastrophic defeat He seeks to determine the extent to which their defeat can be attributed to flawed Tsarist naval strategy in the region Rooted in rich primary resources from Russian French and British archives the book sheds new light on Russia s conduct in international affairs in the pre World War I era He places Russian naval strategy in the broader context of Russian military strategy at the turn of the century and of imperialism and navalism in general This book will be of enormous interest to scholars and students of naval military imperial and Russian history

The Seaforth Bibliography Eugene Rasor,2009-04-17 This remarkable work is a comprehensive historiographical and bibliographical survey of the most important scholarly and printed materials about the naval and maritime history of England and Great Britain from the earliest times to 1815 More than 4 000 popular standard and official histories important articles in journals and periodicals anthologies conference symposium and seminar papers guides documents and doctoral theses are covered so that the emphasis is the broadest possible But the work is far far more than a listing The works are all evaluated assessed and analysed and then integrated into an historical narrative that makes the book a hugely useful reference work for student scholar and enthusiast alike It is divided into twenty one chapters which cover resource centres significant naval writers pre eminent and general histories the chronological periods from Julius Caesar through the Vikings Tudors and Stuarts to Nelson and Bligh major naval personalities warships piracy strategy and tactics exploration discovery and navigation archaeology and even naval fiction Quite simply no one with an interest and enthusiasm for naval history can afford to be without this book at their side *English/British Naval History to 1815* Eugene L. Rasor,2004-10-30 The English British have always been known as the sailor race with hearts of oak the Royal Navy as the Senior Service and First Line of Defense It facilitated the motto The sun never set on the British Empire The Royal Navy has exerted a powerful influence on Great Britain its Empire Europe and ultimately the world This superior annotated bibliography supplies entries that explore the influence of the English British Navy through its history This survey will provide a major reference guide for students and scholars at all levels It incorporates evaluative qualitative and critical analysis processes the essence of historical scholarship Each one of the 4 124 annotated entries is evaluated assessed analyzed integrated and incorporated into the historiographical scholarship *Firepower* Paul Lockhart,2021-10-19 The fascinating Wall Street Journal story of how military technology has transformed the world The history of warfare cannot be fully understood without considering the technology of killing In *Firepower* acclaimed historian Paul Lockhart tells the story of the evolution of weaponry and how it transformed not only the conduct of warfare but also the very structure of power in the West from the Renaissance to the dawn of the atomic era Across this period improvements in firepower shaped the evolving art of war For centuries weaponry had remained simple enough that any state could equip a respectable army That all changed around 1870 when the cost of investing in increasingly complicated technology soon meant that only a handful of great powers could afford to manufacture advanced weaponry while other countries fell behind Going beyond the battlefield *Firepower* ultimately reveals how changes in weapons technology reshaped human history *Admiral Von Hipper* Tobias R. Philbin,1982 This work aims to constitute an objective analysis of a German World War I naval combat commander within his proper context by closely defining both the military technical and military political milieux in which Franz Hipper operated The description of Hipper s actions in the

battles of Dogger Bank and Jutland and his handling of communications airships and the new technologies of war demonstrate the importance of the military environment The volume also provides a glimpse into the decision making process involved in the construction of German battle cruisers and the impact these decisions had in combat **Man-of-war**
