Missouri Woodhawks:

Missouri Woodhawks Terence Duncan,1989-01-01 The cramped little Missouri River packet splashed north toward Fort Benton deep in Montana Territory On board were two tall rangy men more accustomed to the slap of leather against their thighs than the slap of wavelets against the hull Two bold and steely eyed men and one beautiful seductive woman This was Powell s Army undercover operatives acting on orders to ride hellbent into deadly danger *Redcoat* David

Crookes,2010-12-20 1873 A landslide at a diamond mine in Africa leaves autocratic British army major Spencer Shackerly badly injured and in a deep coma He awakens to find himself a helpless cripple and his military career over Holding Lieutenant Jeffrey Guest responsible for his plight he is determined to have the young officer face a court martial Jeffrey Guest has since returned to England planning to marry his childhood sweetheart On his wedding day he is blamed for the death of a soldier when the army attempts to arrest him But aided by family and friends he manages to flee the country So begins a relentless worldwide manhunt Shackerly uses his aristocratic family s wealth and influence in high places at home and abroad to mercilessly hunt down the fugitive across the United States Canada and Australia until eventually the hunted becomes the hunter **The Montana Stranglers in Dakota Territory** Ron N. Berget,2022 The saga of The Montana

Stranglers in Dakota Territory embodies the violence and vigilantism of the Old West In the early 1880s desperate characters left over from the fur trade began robbing arriving settlers in the wilderness of Eastern Montana and Northwestern Dakota Territory Gangs of horse thieves sprang out of camps from the Musselshell in Montana along the Missouri into Dakota Territory up into Mouse River Dogden Butte country and ending at Turtle Mountain Cattlemen and homesteaders formed vigilance committees including Granville Stuart s Montana Stranglers resulting in the violent death of fifty four people from September 1883 to December 1884 They weren t all guilty and there were probably more Author Ron Berget shares this thoroughly researched true story of the Montana Stranglers bloody pursuits throughout the northern plains Trees,

Prairies, and People Wilmon Henry Droze,1977 The Great Depression of the 1930s set the stage for the greatest afforestation program the world has known when the Forest Service was given the task of planting shelterbelts from Texas to Canada in a zone a hundred miles wide The venture known as the Prairie States Forestry Project or the Shelterbelt Project resulted in the planting of millions of trees between 1834 and 1942 Today the millions of trees planted in the Depression stand as a monument to President Franklin D Roosevelt who originated the idea of the project and to friends of environmental concern everywhere Not all the trees are living and many of the belts have been removed in the interest of technological advances in Plains agriculture or the farmer s decision to increase his planting acreage Conservationists and spokesmen in government have become alarmed by the destruction of the belts The time has come to re evaluate the importance of trees to the environment of the prairies and plains of mid America for recent droughts again created a need to plant trees to combat erosion and to make the region more hospitable to the people who live there and who provide the world with its bread

Backtracking Benjamin Long, 2004-06-28 With a spirit of exploration rarely seen in modern times Ben Long and his wife Karen Nichols quit their jobs sold their house and set out to follow in the footsteps of Meriwether Lewis and William Clark Their quest To look at the plants and animals encountered during the Corps of Discovery s great endeavor and report on how nature is doing after two centuries of civilization Long s voice is appealing and readers will have no trouble imagining themselves traveling along with the couple in their fully loaded Subaru Long and Nichols drove from Montana to the Pacific checking on Lewis and Clark s natural discoveries along the way prairie dogs cutthroat trout sharptail grouse coyotes beavers bison grizzlies whitebark pine even a dinosaur fossil Everywhere they encounter another persistent force of nature human nature This highly readable travelogue is informed by humor history the sacred journals of Lewis and Clark and the vivid experience of discovery

When Money Grew on Trees Greg Gordon, 2014-04-02 Born in the timber colony of New Brunswick Maine in 1848 Andrew Benoni Hammond got off to an inauspicious start as a teenage lumberjack By his death in 1934 Hammond had built an empire of wood that stretched from Puget Sound to Arizona and in the process had reshaped the American West and the nation s way of doing business When Money Grew on Trees follows Hammond from the rough and tumble world of mid nineteenth century New Brunswick to frontier Montana and the forests of Northern California from lowly lumberjack to unrivaled timber baron Although he began his career as a pioneer entrepreneur Hammond unlike many of his associates successfully negotiated the transition to corporate businessman Against the backdrop of western expansion and nation building his life dramatically demonstrates how individuals more than the impersonal forces of political economy shaped capitalism in this country and in doing so transformed the forests of the West from functioning natural ecosystems into industrial landscapes In revealing Hammond s instrumental role in converting the nation s public domain into private wealth historian Greg Gordon also shows how the struggle over natural resources gave rise to the two most pervasive forces in modern American life the federal government and the modern corporation Combining environmental labor and business history with biography When Money Grew on Trees challenges the conventional view that the development and exploitation of the western United States was dictated from the East Coast The West Gordon suggests was perfectly capable of exploiting itself and in his book we see how Hammond and other regional entrepreneurs dammed rivers logged forests and leveled mountains in just a few decades Hammond and his like also built cities towns and a vast transportation network of steamships and railroads to export natural resources and import manufactured goods In short they established much of the modern American state and economy

Vanguards of the Frontier Everett Newfon Dick, 1941-01-01 Faith is neither static nor instantaneous It is not something we stumble upon and instantly understand Neither is it a monolithic one dimensional singular entity that has but one face one color one fragrance It is many faceted multi dimensional and appears differently depending on one s angle to the Son In Finding Faith in Slow Motion Damon Gray examines faith from myriad angles and through gut wrenching life experiences as he asks regarding faith What is that stuff Spanning the emotional gamut from

laughter to tears Gray challenges us to define our faith and redefine it to look at it from a multitude of perspectives and define it again The writing is intentionally evocative and playful offering the reader the ability to identify with Gray as he wrestles with the weighty subject matter of finding faith The Conquest of the Missouri Joseph Mills Hanson,2002-08-31

Capt Grant Marsh was one of the river pilots who navigated the shoals and rapids of the Missouri River Captain Marsh watched Jackson s sense of American Manifest Destiny unfold He helped survey the upper reaches of the Missouri he took his steamer to the shallows of little Bighorn to return battle weary soldiers to their homes and he watched as the region was transformed from a lonesome wilderness to a region of agriculture commerce and industry In his presentation of the life of the great steamboat captain Joseph Mills Hanson provides historical context for Captain Marsh s accomplishments and uses accounts of his contemporaries to breathe life into one of the men who helped shape the future of this nation The Conquest of the Missouri is one of the classic narratives on the history of the American West *Missouri Breaks Area Wilderness Suitability Study* ,1987 *The Bulletin - Missouri Historical Society* Missouri Historical Society,1971
