A Comedy of Horrors M.L. Knarr, 2013-08-20 A Comedy of Horrors is a collection of stories and poetry with an unusual flair Some are horror stories some are stories of the supernatural and the macabre and some of the stories are just plain weird There are fairy tales and science fiction fantasy and fiction and there are even a couple that deal with real life issues written from a different perspective The poetry is mostly surreal and dark

Breathing Space Gregg Mitman, 2008-10-01 Allergy is the sixth leading cause of chronic illness in the United States More than fifty million Americans suffer from allergies and they spend an estimated 18 billion coping with them Yet despite advances in biomedicine and enormous investment in research over the past fifty years the burden of allergic disease continues to grow Why have we failed to reverse this trend Breathing Space offers an intimate portrait of how allergic disease has shaped American culture landscape and life Drawing on environmental medical and cultural history and the life stories of people plants and insects Mitman traces how America's changing environment from the late 1800s to the present day has led to the epidemic growth of allergic disease We have seen a never ending stream of solutions to combat allergies from hay fever resorts herbicides and air conditioned homes to numerous potions and pills But as Mitman shows despite the quest for a magic bullet none of the attempted solutions has succeeded Until we address how our changing environment physical biological social and economic has helped to create America's allergic landscape that hoped for success will continue to elude us
