Pop Art Of 30 Postcards:

Bon Bon Postcard Box , **The Routledge Research Companion to Popular Romance Fiction** Jayashree Kamblé, Eric Murphy Selinger, Hsu-Ming Teo, 2020-08-11 Popular romance fiction constitutes the largest segment of the global book market Bringing together an international group of scholars The Routledge Research Companion to Popular Romance Fiction offers a ground breaking exploration of this global genre and its remarkable readership In recognition of the diversity of the form the Companion provides a history of the genre an overview of disciplinary approaches to studying romance fiction and critical analyses of important subgenres themes and topics It also highlights new and understudied avenues of inquiry for future research in this vibrant and still emerging field The first systematic comprehensive resource on romance fiction this Companion will be invaluable to students and scholars and accessible to romance readers **The Oxford Handbook of the Bible and American Popular Culture** Dan W. Clanton (Jr.), Terry R. Clark, 2020 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades and the time seems ripe for a broadly conceived work that assesses the current state of the field offers examples of work in that field and suggests future directions for further study This Handbook includes a wide range of topics organized under several broad themes including biblical characters such as Adam Eve David and Jesus and themes like Creation Hell and Apocalyptic in popular culture the Bible in popular cultural genres for example film comics and Jazz and lived examples such as museums and theme parks The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing The Oxford Handbook of the Bible and American Popular Culture represents a major contribution to the field by some of its leading practitioners and will be a key resource for the future development of the study of both the Bible and its role in American popular culture **The Publishers Weekly** ,1988 **British Pop Art and Postmodernism** Justyna Stępień, 2015-09-18 British Pop Art was seen as an integral even central part of social change in the Sixties It was a movement that developed innovative ways of dealing with reality both reflecting on and participating in the culture Its aesthetics was often homogeneous with the industrial with the mass produced and hence with the artificial manufactured character of the urban environment This discontinuity in the traditional approach towards artistic creation furthered the globalization of diversity which constitutes the abiding concerns of postmodern art Drawing from postmodern thought and cultural analysis this book critically examines British Pop Art within the broad interdisciplinary domain of the social and cultural changes that led to flexibility in conceptualization and provides a contribution to the artistic processes which form and deform the cultural sphere confirming its relevance to current debates in which questions of postmodern aesthetics prominently figure **Jugendstil Women and the Making of Modern Design** Sabine Wieber, 2021-10-21 Jugendstil that is Germany's distinct engagement with the international Art Nouveau movement is now firmly engrained in histories of modern art architecture and design Recent exhibitions and publications across the world explored Jugendstil's key

protagonists and artistic centres to firmly anchor their activities within the trajectories of German modernism Women however continue to be largely absent from these revisionist accounts *Jugendstil Women and the Making of Modern Design* argues that women in fact actively participated in the cultural and socio economic exchanges that generated German design responses to European modernity By drawing on previously unpublished archival material and a series of original case studies including Elsa Bruckmann s Munich salon the Photo Studio Elvira and the Debschitz School the book explores women s important contributions to modern German culture as collectors consumers critics designers educators and patrons This book offers a new interpretation of this vibrant period by considering diverse manifestations of historical female agency that pushed against historically entrenched conventions and gender roles The book s rigorous approach reshapes *Jugendstil* historiography by positing women s lived experiences against dominant ideologies that emerged at this precise moment In short the book advocates women as an integral part of the emergence dissemination and reception of *Jugendstil* and questions the deeply gendered histories of this key period in modern art architecture and design

Picturing Illinois John A. Jakle, Keith A. Sculle, 2012-09-28 The American picture postcard debuted around the start of the twentieth century creating an enthusiasm for sending and collecting postcard art that continued for decades As a form of popular culture scenic postcards strongly influenced how Americans conceptualized both faraway and nearby places through portrayals of landscapes buildings and historic sites In this gloriously illustrated history of the picture postcard in Illinois John A Jakle and Keith A Sculle study a rich and diverse set of images that chronicle what Illinoisans considered attractive intriguing and memorable They also discuss how messages written on postcards reveal the sender s personal interpretation of local geography and scenery The most popularly depicted destination was Chicago America s great boomtown Its portraits are especially varied showing off its high rise architecture its teeming avenues and the vitality of its marketplaces and even slaughterhouses Postcards featuring downstate locales however elaborated and reinforced stereotypes that divided the state portraying the rest of Illinois as the counterpoint to Chicago s urban bustle Scores of cards from Springfield Peoria Bloomington Normal Urbana Champaign Quincy and Vandalia emphasize wide open prairies modest civic edifices and folksy charm The sense of dichotomy between Chicago and the rest of Illinois was of course a substantial fallacy since the city s very prosperity depended upon the entire state s fertile farmlands natural resources and small industries Jakle and Sculle follow this dialogue between urban Chicago and rural downstate as it is illustrated on two hundred vintage postcards observing both their common conventions and their variety They also discuss the advances in printing technology in the early 1900s that made mass appeal possible Providing rich historical and geographical context *Picturing Illinois Twentieth Century Postcard Art from Chicago to Cairo* illustrates the picture postcard s significance in American popular culture and the unique ways in which Illinoisans pictured their world
