Pop Image Prints Multiples:

Pop Impressions Europe/USA Wendy Weitman, Museum of Modern Art (New York, N.Y.), 1999 Essay by Wendy Weitman **Artists & Prints** Deborah Wye, Starr Figura, Museum of Modern Art (New York, N.Y.), 2004 Volume covers the Collection of Prints and Illustrated Books not the collection of artists books **Printed Stuff** Richard H. Axson, David Platzker, 1997 This magnificent volume documents the printmaking career of leading pop artist influential creator of public monuments and bravura draftsman Claes Oldenburg Includes an important essay on Oldenburg's career and a catalogue of his entire printed oeuvre from limited editions to ephemera A must for scholars and collectors 55 b w illustrations 52 duotones 381 colorplates including 2 gatefolds *Eye on Europe* Deborah Wye, Wendy Weitman, 2006 An intriguing and vibrant study of an innovative and lesser known facet of contemporary art Identifies significant strategies exploited by European artists to extend their aesthetic vision within the mediums of prints books and multiples Exploring commercial techniques confrontational approaches and language and the expressionist impulse Showcases the creativity being channelled into printed art by today's generation *As Found* Claude Lichtenstein, Thomas Schreggenberger, 2001 Works of art were created in the England of the 50s and 60s which are of extraordinary topicality today This applies particularly to the Independent Group which included artists photographers as well as architects Its members strove to achieve an authenticity close to the grass roots of life to discover the essence of the everyday to arouse a sensitivity to life in the raw as against a touched up version of reality to bring out both its hardships and its charm The book is about architecture and art and photography It seeks rather to show the unmediated impact and direct appeal of a refractory aesthetics *Camera Magazine*, 1918 *Camera*, 1913 *New York Magazine*, 1994-11-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Forms of Persuasion** Alex J. Taylor, 2022-03-15 Forms of Persuasion is the first book length history of corporate art patronage in the 1960s After the decline of artist illustrated advertising but before the rise of museum sponsorship this decade saw artists and businesses exploring new ways to use art for commercial gain Where many art historical accounts of the sixties privilege radical artistic practices that seem to oppose the dominant values of capitalism Alex J Taylor instead reveals an art world deeply immersed in the imperatives of big business These projects unfolded in Madison Avenue meeting rooms and MoMA galleries but as the most creative and competitive corporations sought growth through global expansion they also reached markets all around the world From Andy Warhol's commissions for packaged goods manufacturers to Richard Serra's work with the steel industry Taylor demonstrates how major artists of the period provided brands with forms of persuasion that bolstered corporate power prestige and profit

Drawing on extensive original research conducted in artist gallery and corporate archives Taylor recovers a flourishing field of promotional initiatives that saw artists advertising creatives and executives working around the same tables As museums continue to grapple with the ethical dilemmas posed by funding from oil companies military suppliers and drug manufacturers Forms of Persuasion returns to these earlier relations between artists and multinational corporations to examine the complex aesthetic and ideological terms of their enduring entanglements **The Multiple Image** ,1982
