Wu,2019-11-12 This significant historical study recasts modern art in Japan as a parallel modernism that was visually similar to Euroamerican modernism but developed according to its own internal logic Using the art and thought of prominent Japanese modern artist Koga Harue 1895 1933 as a lens to understand this process Chinghsin Wu explores how watercolor cubism expressionism and surrealism emerged and developed in Japan in ways that paralleled similar trends in the west but also rejected and diverged from them In this first English language book on Koga Harue Wu provides close readings of virtually all of the artist s major works and provides unprecedented access to the critical writing about modernism in Japan during the 1920s and 1930s through primary source documentation including translations of period art criticism artist statements letters and journals *Revenge of the Philistines* Hilton Kramer,2007-09-12 Analyzes the works of a variety of modern artists including Edward Hopper Louise Nevelson Chuck Close and Julian Schnabel How Folklore Shaped Modern Art Wes Hill,2015-11-19 Since the 1990s artists and art writers around the world have increasingly undermined the essentialism associated with notions of critical practice We can see this manifesting in the renewed relevance of what were previously considered outsider art practices the emphasis on first person accounts of identity over critical theory and the proliferation of exhibitions that refuse to distinguish between art and the productions of culture more generally How Folklore Shaped Modern Art A Post Critical History of Aesthetics underscores how the cultural traditions belief systems and performed exchanges that were once integral to the folklore discipline are now central to contemporary art s post critical turn This shift is considered here as less a direct confrontation of critical procedures than a symptom of art s inclusive ideals overturning the historical separation of fine art from those uncritical forms located in material and commercial culture In a global context aesthetics is now just one of numerous traditions informing our encounters with visual culture today symptomatic of the pull towards an impossibly pluralistic image of art that reflects the irreducible conditions of identity

Pay for Your Pleasures Cary Levine,2013-06-11 Mike Kelley Paul McCarthy and Raymond Pettibon these Southern California artists formed a bad boy trifecta Early purveyors of abject art the trio produced work ranging from sculptures of feces to copulating stuffed animals and gained notoriety from being perverse Showing how their work rethinks transgressive art practices in the wake of the 1960s Pay for Your Pleasures argues that their collaborations as well as their individual enterprises make them among the most compelling artists in the Los Angeles area in recent years Cary Levine focuses on Kelley s McCarthy s and Pettibon s work from the 1970s through the 1990s plotting the circuitous routes they took in their artistic development Drawing on extensive interviews with each artist he identifies the diverse forces that had a crucial bearing on their development such as McCarthy s experiences at the University of Utah Kelley s interest in the Detroit based White Panther movement Pettibon s study of economics and how all three participated in burgeoning subcultural music scenes Levine discovers a common political strategy underlying their art that critiques both nostalgia for the 1960s counterculture and Reagan era conservatism He shows how this strategy led each artist to create strange and unseemly images that test the limits of not only art but also gender roles sex acceptable behavior poor taste and even the gag reflex that separates pleasure from disgust As a result their work places viewers in uncomfortable situations that challenge them to reassess their own values The first substantial analysis of Kelley McCarthy and Pettibon Pay for Your Pleasures shines new light on three artists whose work continues to resonate in the world of art and politics
