**Big Caesars and Little Caesars** Ferdinand Mount, 2023-07-20 A WATERSTONES BOOK OF THE YEAR Who said that dictatorship was dead The world today is full of Strong Men and their imitators Caesarism is alive and well Yet in modern times it s become a strangely neglected subject Ferdinand Mount opens up a fascinating exploration of how and why Caesars seize power and why they fall Fast paced and impassioned Sunday Telegraph Wonderfully wry The Guardian a delight Sunday Times Delicious work beautifully and acerbically written Wall Street Journal There is a comforting illusion shared by historians and political commentators from Fukuyama back to Macaulay Mill and Marx that history progresses in a nice straight line towards liberal democracy or socialism despite the odd hiccup In reality every democracy however sophisticated or stable it may look has been attacked or actually destroyed by a would be Caesar from Ancient Greece to the present day Marx was wrong This Caesarism is not an absurd throwback it is an ever present danger There are Big Caesars who set out to achieve total social control and Little Caesars who merely want to run an agreeable kleptocracy without opposition from Julius Caesar and Oliver Cromwell through Napoleon and Bolivar to Mussolini Salazar De Gaulle and Trump The saga of Boris Johnson and Brexit frequently crops up in this author s narrative as a vivid if Lilliputian instance of the same phenomenon The final part of this book describes how and why would be Caesars come to grief from the Gunpowder Plot to Trump s march on the Capitol and the ejection of Boris Johnson by his own MPs and ends with a defence of the grubby glories of parliamentary politics and a thought provoking roadmap of the way back to constitutional government

two outs with the tying run in scoring position in the bottom of the ninth the entire season came down to one at bat and to one swing of the bat It came down as both men eerily predicted to themselves the night before to the aging Red Sox legend Carl Yastrzemski and the Yankees free agent power reliever Rich Goose Gossage Anyone who calls himself a baseball fan knows the outcome of that confrontation And yet such are the literary powers of the author that we are pulled back in time to that late afternoon moment and become filled anew with all the taut sense of drama that sports has to offer as if we don't know what happened As if the thoughts swirling around in the heads of pitcher and hitter are still fresh both still hopeful of controlling events That climactic game occurred thirty seasons ago and yet it still captures our imagination In this delightful work of sports literature we watch the game unfold pitch by pitch inning by inning but Bradley is up to something more ambitious than just recounting this wonderful game He also tells us the stories of the participants how they got to that moment in their lives and careers what was at stake for them personally including the rivalries within the rivalry such as catcher Carlton Fisk versus catcher Thurman Munson and Billy Martin versus everyone Using a narrative that alternates points of view between the teams Bradley reacquaints us with a rich roster of characters Freddy Lynn Ron Guidry Catfish Hunter Mike Torrez Jerry Remy Lou Piniella George Scott and Reggie Jackson And of course Bucky Dent who craved just such a moment in the sun a validation he had vainly sought from the father he barely knew Not a book intended to celebrate a triumph or lament a loss *The Greatest Game* will be embraced in both Boston and New York with fans of both teams recalling again the talented young men they once gave their hearts to And fans everywhere will be reminded how utterly gripping a single baseball game can be and that the rewards of being a fan lie not in victory but in caring beyond reason even decades after the fact

*Small Cities with Big Dreams* Greg Richards, Lian Duif, 2018-07-20 How can small cities make an impact in a globalizing world dominated by world cities and urban development strategies aimed at increasing agglomeration This book addresses the challenges of smaller cities trying to put themselves on the map attract resources and initiate development Placemaking has become an important tool for driving urban development that is sensitive to the needs of communities This volume examines the development of creative placemaking practices that can help to link small cities to external networks stimulate collaboration and help them make the most of the opportunities presented by the knowledge economy The authors argue that the adoption of more strategic holistic placemaking strategies that engage all stakeholders can be a successful alternative to copying bigger places Drawing on a range of examples from around the world they analyse small city development strategies and identify key success factors This book focuses on the case of s Hertogenbosch a small Dutch city that used cultural programming to link itself to global networks and stimulate economic cultural social and creative development It advocates the use of cultural programming strategies as a more flexible alternative to traditional top down planning approaches and as a means of avoiding copying the big city The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives
