**Popski's Private Army** Lt.-Col. Vladimir Peniakoff DSO MC,2016-03-28 In October 1942 Vladimir Peniakoff nicknamed Popski formed his own elite fighting force in the North African desert Over the next year Popski s Private Army carried out a series of daring raids behind the German lines that were truly spectacular freeing prisoners destroying installations spreading alarm This one of the classic memoirs of the Second World War is their story A story of adventure which has no rival in the literature of any war DAILY EXPRESS This is certainly among the best of war books splendid writing THE OBSERVER One of the small handful of really first class war books A superb story of adventure told masterfully brilliantly EVENING STANDARD His courage resourcefulness and qualities of leadership deservedly gained him a high reputation He has now shown that he also possesses unusual literary talent THE DAILY TELEGRAPH **Fighting with Popski's Private Army** Park Yunnie,2011-12-01 This WWII memoir gives the inside story of Britain s legendary demolition squadron and their daring escapades in Italy and Norther Africa During the Second World War a Russian born emigre named Vladimir Peniakoff emerged as a decorated officer of the British Special Forces in Cairo Code named Popski he started the No 1 Demolition Squadron known as Popski s Private Army charged with thwarting Field Marshal Rommel s fuel supply in Northern Africa This is the story of Popski s famous fighting unit as told by his second in command Captain Bob Park Yunnie As Britain s Eighth Army advanced toward Tripoli PPA set out in jeeps across the desert to mount raids behind the Mareth Line in Southern Tunisia In his lively and intimate account Yunnie describes the ensuing action at Gafsa and Kasserine and vividly depicts the sorties which took the men straight across the German Line of Command As Tunis fell to the Allies on May 7th 1943 PPA began raid operations for the Italian Campaign Dropped into Central Italy by RAF gliders they set about blowing up strategic targets while waiting for the Allied landings Yunnie takes command of his own patrol and through a series of daring missions colorful characters flit in and out of the front line action **With Popski's Private Army** Ben Owen,1993

**Daring Missions of World War II** William B. Breuer,2007-07-23 Critical acclaim for William B Breuer A first class historian Wall Street Journal For Top Tales of World War II As evidenced time and again by the prolific Breuer WWII continues to be a source of absorbing espionage tales This is a book for rainy days and long solitary nights by the fire If there were a genre for cozy nonfiction this would be the template Publishers Weekly A perfect book for the curious and adventure readers and those who love exotic tales and especially history buffs who will be surprised at what they didn t know Recommended for nearly everyone Kirkus Reviews For Secret Weapons of World War II Rip roaring tales a delightful addition to the niche that Breuer has so successfully carved out Publishers Weekly [At War on the Gothic Line](#) Christian Jennings,2016-03-08 Christian Jennings s At War on the Gothic Line tells the little known story of the Allied effort to break the German defenses in Northern Italy told through the eyes of the multi national force that fought it In the autumn of 1944 as Patton s army paraded through Paris another Allied force was gathering in southern Italy Spearheaded by over 100 000

American troops this vast international army was faced with a grim task break The Gothic Line a series of interconnected German fortifications that stretched across the mountains of northern Italy Striving to reach Europe's vulnerable underbelly before the Red Army these Allied soldiers fought uphill against entrenched enemies in some of the final and most brutal battles of the Second World War In At War on the Gothic Line veteran war correspondent and historian Christian Jennings provides an unprecedented look inside this unsung but highly significant campaign Through the eyes of thirteen men and women from seven different countries Jennings brings history to life as he vividly recounts the courageous acts of valor performed by these soldiers facing overwhelming odds even as many experienced discrimination at the hands of their allies and superiors Witness the courage of a young Japanese American officer willing to die for those under his command Lie in wait with a troop of Canadian fur trappers turned snipers Creep along mountain paths with Indian warriors as they assault fortified positions in the dead of night Learn to fear a one armed SS Major guilty of some of the most atrocious war crimes in the European theater All these stories and more pack the pages of this fast paced action heavy history taking readers inside one of the most important and least discussed campaigns of World War Two Behind the Lines Michael F.

Dilley, 2013-09-30 The array of new technologies that came on the scene in the early 20th century resulted in widely varied new forms of military special operations once civilization embarked on its greatest war Suddenly fighting men could be delivered by parachute submarine glider jeeps and fast amphibious craft deep into enemy territory to perform special tasks yet others would continue to perform missions the same as their ancestors in previous wars on foot using stealth endurance and patience This work contains discussions of the employment of various special purpose special mission organizations during World War II These units operated in Allied and Axis countries and in various theaters of war including Europe North Africa the Pacific Asia and the continental United States Representing every major combatant the operations include various kinds of raids intelligence gathering missions support to partisan guerrilla groups prisoner rescues direct action missions and at least two where the object was simply to steal something Some missions would have been officially denied if the operations had been caught in the act The book is divided into two sections Behind Enemy Lines and Behind Friendly Lines to demonstrate that special purpose organizations can be employed wherever needed even in areas controlled by military units of their own or allied countries Many of the units described run the gamut of special mission types from commando to parachute units reconnaissance to sabotage units and partisan training units as well as those with combined missions Many of the operations described in this book continue to serve as templates for modern Special Operations missions while still others the first attempts of their kind continue to serve as examples of what not to try under the circumstances Michael F Dilley served for 20 years in the U S Army's Military Intelligence branch After retiring from the Army the author served for about ten years as an employee of the Department of Defense then as a contractor for various U S Government agencies in several fields for 15 years Author of several books and many articles a number of these chapters are based on his previous

writings for the legendary Behind the Lines magazine      *Great Realizations* Hugh Hood,1997 Hugh Hood skillfully presents the penultimate book in his ambitious and highly acclaimed 12 volume New Age series which poignantly animates the social fabric of Canada in the latter part of the 20th century and beyond      *Allied Fighting Effectiveness in North Africa and Italy, 1942-1945* ,2014-05-15 Allied Fighting Effectiveness in North Africa and Italy 1942 1945 offers a collection of scholarly papers focusing on heretofore understudied aspects of the Second World War Encompassing the major campaigns of North Africa Sicily and Italy from operation TORCH to the end of the war in Europe this volume explores the intriguing dichotomy of the nature of battle in the Mediterranean theatre whilst helping to emphasise its significance to the study of Second World War military history The chapters written by a number of international scholars offer a discussion of a range of subjects including logistics the air land battle coalition operations doctrine and training command control and communications and airborne and special forces Contributors are Matthew C Ford Simon Godfrey John Greenacre Andrew L Hargreaves James Hudson Alan Jeffreys Kevin Jones Paul Lemaire Ross Mahoney Christopher Mann Cesar Campiani Maximiano Patrick J Rose and Grant T Weller      The Fourth Dimension of Warfare: Intelligence, subversion, resistance, by S. G. F. Brandon [and others Michael Elliott-Bateman,1970      **British Army Cap Badges of the Second World War** Peter Doyle,Chris Foster,2012-07-20 In their companion volume to British Army Cap Badges of the First World War authors Peter Doyle and Chris Foster present an overview of the main cap badges worn by the British Army during the Second World War which continued the rich and varied tradition of British regimental insignia This book describes and illustrates for the first time in high quality full colour the main types of cap badge worn With many amalgamations war raised units and special forces British military insignia from the period have a surprising range that differs substantially from that worn by the soldiers of the previous generation As in the first book this volume contains contemporary illustrations of the soldiers themselves wearing the badges Employing the skills of an established writer and collector and artist it provides a unique reference guide for anyone interested in the British Army of the period      *Special Operations in World War II* Andrew L. Hargreaves,2013-10-28 British and American commanders first used modern special forces in support of conventional military operations during World War II Since then although special ops have featured prominently in popular culture and media coverage of wars the academic study of irregular warfare has remained as elusive as the practitioners of special operations themselves This book is the first comprehensive study of the development application and value of Anglo American commando and special forces units during the Second World War Special forces are intensively trained specially selected military units performing unconventional and often high risk missions In this book Andrew L Hargreaves not only describes tactics and operations but also outlines the distinctions between commandos and special forces traces their evolution during the war explains how the Anglo American alliance functioned in the creation and use of these units looks at their command and control arrangements evaluates their impact and assesses their cost effectiveness The first real impetus

for the creation of British specialist formations came in the desperate summer of 1940 when having been pushed out of Europe following defeat in France and the Low Countries Britain began to turn to irregular forces in an effort to wrest back the strategic initiative from the enemy The development of special forces by the United States was also a direct consequence of defeat After Pearl Harbor Hargreaves shows the Americans found themselves in much the same position as Britain had been in 1940 shocked outnumbered and conventionally defeated they were unable to come to grips with the enemy on a large scale By the end of the war a variety of these units had overcome a multitude of evolutionary hurdles and made valuable contributions to practically every theater of operation In describing how Britain and the United States worked independently and cooperatively to invent and put into practice a fundamentally new way of waging war this book demonstrates the two nations flexibility adaptability and ability to innovate during World War II

The 28th Italian Garibaldi Brigade “Mario Gordini” Luigi Manes,2025-05-07 The 28th Garibaldi Brigade was one of the few Italian partisan units integrated into the Allied forces Of communist inspiration it also counted in its ranks exponents of other political parties engaged in the liberation struggle It was named after Mario Gordini a prominent personality of the Resistance in Ravenna shot in Forl on 4 January 1944 Inextricably linked to this formation is the figure of Arrigo Boldrini nicknamed B low an officer with great organizational and military skills After the war he was a member of the Constituent Assembly and was later elected to the Chamber of Deputies and the Senate He held the position of President of the National Association of Italian Partisans ANPI from 1947 to 2006

SAS and Special Forces in World War II Michael E Haskew,2013-12-12 Illustrated with action photographs The Encyclopedia of Elite Forces in World War II is a comprehensive guide to the elite forces of both sides during the 1939 45 war Each entry describes the unit s strength date of formation and gives a brief overview of its combat record during the war

**Cairo in the War** Artemis Cooper,2013-10-24 For troops in the desert Cairo meant fleshpots or brass hats For well connected officers it meant polo at the Gezira Club and drinks at Shepheard s For the irregular warriors Cairo was a city to throw legendary parties before the next mission behind enemy lines For countless refugees it was a stopping place in the long struggle home The political scene was dominated by the British Ambassador Sir Miles Lampson In February 1942 he surrounded the Abdin Palace with tanks and attempted to depose King Farouk Five months later it looked as if the British would be thrown out of Egypt for good Rommel s forces were only sixty miles from Alexandria but the Germans were pushed back and Cairo life went on Meanwhile in the Egyptian Army a handful of young officers were thinking dangerous thoughts

**Rome - City in Terror** Victor Failmezger,2020-09-17 Victor Failmezger s passion for the city of Rome is matched by his extensive knowledge of its dark recent past Joshua Levine author of Dunkirk The History Behind the Major Motion Picture In September 1943 following wave upon wave of Allied bombing Italy announced an armistice with the Allies Shortly afterwards the German army disarmed Italian forces and despite military and partisan resistance quickly overran Rome Rome City in Terror is a comprehensive history of the nine month long German occupation of the city that

followed The Gestapo wasted no time enforcing an iron grip on the city once the occupation was in place They swiftly eliminated the Carabinieri the Italian paramilitary force rounded up thousands of Italians to build extensive defensive lines across Italy and at 5am one morning arrested more than 1 000 Roman Jews and sent them to Auschwitz Resistance however remained strong To aid the thousands of Allied POWs who escaped after the dissolution of the Italian army priests diplomats and escaped ex POWs operating out of the Vatican formed a nationwide organization called the Escape Line More than 4 000 Allied POWs scattered all over Italy were sheltered clothed and fed by these courageous Italians whose lives were forfeit if their activities were discovered Meanwhile as food became scarce and the Gestapo began to raid on homes and institutions Italian partisan fighters launched attack after attack on German military units in the city with the threat of execution never far away This is the compelling story of an Eternal City brought low of the terror and hardship of occupation and of the disparate army of partisan fighters displaced aristocrats Vatican priests Allied POWs and ordinary citizens who battled for the liberation of Rome

**Warriors On Wheels** Capt. Robert "Park" Yunnice MC, 2016-07-26 Captain Robert Park Yunnice MC 1909 1961 was one of the original officers of Popski's Private Army officially No 1 Demolition Squadron PPA a unit of British Special Forces set up on Cairo in October 1942 by Major Vladimir Peniakoff MC Popski Capt Yunnice was Popski's second in command and leader of B patrol This is the true story of a small group of men who enjoyed World War II The war was not of their seeking few of them knew anything about war or wanted it but when it came they volunteered as a matter of course One by one led by a love of adventure they gravitated to a special service unit called Popski's Private Army I was second in command of Popski's Private Army I was the first recruit I trained the men and knew them intimately I fought with them and joked with them I shared their triumphs their failures and their fears I saw some of them die I loved these men and was honoured by their friendship and their faith This story should have been written long ago when the war ended It was but in a different form and never published now I have found time to rewrite it just as it happened during the years of the war

Author's Preface *The World War II Bookshelf* James Dunnigan, 2005-08 Unlike any conflict before or since World War II was a truly worldwide war with dozens of nations participating in significant battles in virtually every corner of the globe In this definitive guide military analyst James F Dunnigan chooses fifty titles out of the many thousands of books published on the subject as being the most worthy of a place in an enthusiast's library The books Dunnigan chooses offer powerful and moving journeys into the heart of battle and are accompanied by candid and controversial essays sure to spur discussion and investigation

Imperial War Museums' Book of War Behind Enemy Lines Julian Thompson, 2018-04-30 An account of the various units of the British special forces used during the Second World War perfect for military enthusiasts and WWII history buffs War Behind Enemy Lines tells the unvarnished story of British Special Forces in the Second World War While the SAS and SBS remain household names today there were a plethora of lesser known units large and small that played their part before departing the scene Of special note was the Long Range Desert Group LRDG formed in North Africa who

imparted their skills to David Stirling's SAS in the early days. The Special Boat Sections and Squadron and other Royal Marine units inflicted great damage. Popski's Private Army used heavily armed jeeps effectively in Italy while the Jedburghs parachuted in to assist the French Resistance. In Burma the Chindits under the controversial Orde Wingate conducted deep penetration patrols against the Japanese suffering heavy casualties from enemy action and disease. Drawing on personal accounts as well as official records, Julian Thompson paints a vivid picture of the operations and contribution of these and other units. He also analyses using his own experience the reasons for the resulting successes and failures. There is unlikely to be a more comprehensive and authoritative account of the Golden Age of British Special Forces.

Double the Treachery Clive Fletcher, 2008-09-25. Double The Treachery Book 1: The Last Balkan Betrayal. Based on real events, the last infiltration of migrants into Albania by British intelligence to overthrow the dictator Enver Hoxha. A British commando team is separately parachuted in to discover why other teams were betrayed as soon as they landed. The commando team's second mission is to destroy the former Nazi V-2 rockets sited in Albania by the Communist Chinese government that now threaten all of Europe.

Book 2: Set a Spy to Catch a Spy. Located in Berlin in the mid 1950s, this novel tells the story of the real Operation Stopwatch, a joint audacious intelligence venture by the British and American intelligence services. The British tap into and eavesdrop on the Soviets' military telephone and teleprinter cables lying just under the streets of Berlin. However, British intelligence has a secondary and even more daring motive: to set a trap to uncover the most highly placed Soviet spy in their ranks.

*Special Operations and Strategy* James D. Kiras, 2006-07-29. This book argues that the root of effective special operations lies in understanding the relationship between moral and material attrition. This is achieved by examining both strategic theory and real life case studies.
