Phelps, 2007 A glossary and bibliography are also provided The Standardized Testing Primer is an ideal text for teaching this subject to undergraduate and graduate students Jacket [Queer Engagements with International Law](#) Claerwen O'Hara, Tamsin Phillipa Paige, 2024-10-21 This book explores times spaces and imaginings relating to international law through the lens of queer theory For some time now queer theorists and legal scholars who think with queer theory have asked what happens when queer theory moves out of its home base of gender and sexuality The chapters in this book begin to answer this question by applying insights from queer theory to a diverse array of international law topics from travaux pr paratoires and international judging to the environment oceans and outer space While some contributions maintain a focus on gender and sexual diversity all are characterised by a shift away from questions about LGBTIQ people towards wider discussions about power normality difference and liberation in international law Through these engagements the book demonstrates how queer theory can provide insights into a range of international law issues by allowing us to make strange the taken for granted and contributing to a broader practice of reading for difference rather than dominance The book engages with contemporary challenges in international law from the climate crisis to new military technologies such as

automated naval vessels It also showcases the diversity of approaches to queering international law that are emerging with some authors drawing attention to the violence of neo colonial international law and others engaging in more utopian and reparative thinking This collection of queer theoretical engagements with international law will be invaluable to scholars of international law and international relations with an interest in critical approaches to these areas as well as to researchers activists and practitioners working in cultural gender queer and or postcolonial studies

Race and Cultural Practice in Popular Culture Domino Renee Perez,Rachel Valentina Gonzalez,2019 This book is an innovative work that takes a fresh approach to the concept of race as a social factor made concrete in popular forms such as film television and music The essays push past the reaffirmation of static conceptions of identity authenticity or conventional interpretations of stereotypes and bridge the intertextual gap between theories of community enactment and cultural representation
