Scottish Women's Writing in the Long Nineteenth

Century Juliet Shields, 2021-07-29 Walter Scott's tales of chivalry and adventure inaugurated a masculinized Scottish romance tradition that celebrated a sublime and heroic version of Scotland. Nineteenth-century Scotswomen responded to Scott's influence by establishing a counter tradition of unromantic or even anti-romantic representations of Scotland. Their novels challenged the long-standing claim that Scotland lacked any equivalent to the English realist novel. In turning from the past to the present and from the sublimity of Scott's Highland landscapes to farmhouses, factories, and suburban villas, Scottish women writers brought romance to everyday life, illuminating the magnificence of the mundane. Drawing on the evangelical discourses emerging from the splintering of the Presbyterian Church in 1843, they represented fiction as a form of spiritual comfort, an antidote to the dreary monotony and petty frustrations of daily existence. This volume introduces the previously overlooked tradition of nineteenth-century Scottish women's writing and corrects previously male-dominated histories of the Scottish novel. Nineteenth-Century Media and the Construction of Identities Laurel Brake, B. Bell, D. Finkelstein, 2016-04-30 This collection of important new research in 19th-century media history represents some salient recent developments in the field. Taking as its theme the ways the media serves to define identities, national, ethnic, professional, gender, and textual, the volume addresses serials in the UK, the US, and Australia. High culture rubs shoulders with the popular press, text with image, feminist periodicals and masculine gay and domestic serials. Theory and history combine in research by scholars of international repute. **Germanic Standardizations** Ana Deumert, Wim Vandenburg, 2003-10-27 This volume presents a comparative socio-historical study of the Germanic standard languages: Afrikaans, Danish, Dutch, English, Faroese, Frisian, German, Icelandic, Low German, Luxemburgish, Norwegian, Scots, Swedish, Yiddish, as well as the Caribbean and Pacific Creole languages. Each of the 16 original chapters systematically discusses central aspects of the standardization process, including dialect selection, codification, elaboration, and diffusion of the standard norm across the speech community, as well as incipient processes of de-standardization and re-standardization. The strongly comparative orientation of the contributions allows for the identification of broad similarities as well as intriguing differences across a wide range of historically and socially diverse language histories. Two chapters by the editors provide an overview of the theoretical background and rationale of comparative standardization research and outline directions for further research in the area. The volume will be of interest to language historians as well as sociolinguists in general. The Oxford Handbook of British and Irish War Poetry Tim Kendall, 2007-02-22 The Handbook ranges widely and in depth across 20th-century war poetry, incorporating detailed discussions of some of the key poets of the period. It is an essential resource for scholars of particular poets and for those interested in wider debates. Contributors include some of the most important international poetry critics of our time. *Edinburgh History of Scottish Literature: Enlightenment, Britain and Empire (1707-1918)* Ian Brown, 2006-11-13 Between 1707 and 1918, Scotland underwent arguably the most dramatic upheavals in its political, economic, and social history. The Union with England, industrialisation, and Scotland's subsequent defining

contributions throughout the eighteenth and nineteenth centuries to the culture of Britain and Empire are reflected in the transformative energies of Scottish literature and literary institutions in the period New genres new concerns and whole new areas of interest opened under the creative scrutiny of sceptical minds This second volume of the History reveals the major contribution made by Scottish writers and Scottish writing to the shape of modernity in Britain Europe and the world

Scots Imagination and Modern Memory Andrew Blaikie, 2013-08-20 Blaikie explores how our different ways of seeing influence the relationship between place and belonging He argues that our memories however brief or complex invoke imagined pasts But do our recollections share a common frame of reference Blaikie s c **Languages in Britain and Ireland** Glanville Price, 2000-10-19 This book builds on the success of Glanville Price s *The Languages of Britain* published in 1984 which was widely acclaimed as the most lively reliable and comprehensive survey of the great number of languages that have at one time or another taken root in Britain *Varieties of Women's Sensation Fiction, 1855-1890 Vol 6* Andrew Maunder, Sally Mitchell, Tamar Heller, Mark Knight, Graham Law, 2024-10-28 Five sensation novels are here presented complete and fully reset along with scholarly annotation a bibliography of sensation fiction and articles contributing to contemporary debate
