## **Popular Religion And Liberation The Dilemma Of Liberation Theology:**

**Popular Religion and Liberation** Michael R. Candelaria, 1990-01-01 El tema del libro es la ambivalencia de la religiosidad popular para la teología de la liberación y para la liberación misma Enfoca el asunto en dos posiciones de opuesta apreciación de la religiosidad popular la de Juan Carlos Scannone y la de Juan Catherine E. Wilson, 2008-06 With the 2008 U S presidential campaign in full swing many pundits and commentators are striving to understand the political behavior of Latinos the largest minority in the United States and a key voting block that presidential candidates in this election and beyond will have to learn how to secure As the author makes clear not only are Latinos a religious community but their religious institutions in particular faith based organizations inform daily life and politics in Latino communities to a considerable degree Timely and discerning this unique scholarly work addresses this increasingly powerful political force Concentrating on urban areas in the South Bronx Philadelphia and Chicago the author provides a systematic look at the spiritual social and cultural influence Latino faith based organizations have provided in American life as well as in understanding Latino social and political involvement in the United States **Disruptive Religion** Christian Smith, 2014-07-16 Religion has long played a central role in many social and political movements Solidarity in Poland anti apartheid in South Africa Operation Rescue in the United States each of these movements is driven by the energy and sustained by the commitment of many individuals and organizations whose ideologies are shaped and powered by religious faith In many cases religious resources and motives serve as crucial variables explaining the emergence of entire social movements Despite the crucial role of religion in most societies this religious activism remains largely uninvestigated Disruptive Religion intends to fill this void by analyzing contemporary social movements which are driven by people and organizations of faith Upon a firm base of empirical evidence these essays also address many theoretical issues arising in the study of social movements and disruptive politics Theology and the Crisis of Engagement Jeff Nowers, Néstor Medina, 2013-10-11 What does theology have to do with sociology Do the social sciences in general provide helpful assistance to theologians Does theology have anything to contribute to social theory This compendium of essays attempts to address such questions In so doing it confronts assumptions about how academic disciplines are best articulated whether within their own airtight frames or in dialogue with one another The essays in the first half of the book accomplish this from historical and methodological perspectives while the remaining essays present case studies or constructive proposals for how theology might engage the social sciences in productive ways For those particularly interested in the ongoing development of theologies of liberation this book will be timely The essays reflecting a definite international flavor are written in honor of Lee Cormie a long standing advocate of what he calls the new voices in theology that have irrupted in the wake of Vatican II Cormie has spent over three decades teaching theologies of liberation at the Toronto School of Theology on the campus of the University of Toronto This book continues the many conversations that his teaching has

provoked The Community of the Beautiful Alejandro R. Garcia-Rivera, 2017-07-27 2000 Catholic Press Association Award Winner The claim has been made that we are gripped today in an aesthetic crisis with considerable theological ramifications Aesthetics which has existed since the first human heart was moved by the influence of the beautiful has played a major role both implicit and explicit in theological reflection In The Community of the Beautiful Alejandro Garcia Rivera draws from the North American philosophical tradition and Hispanic theological thought to propose a new aesthetic principle a redemptive building of the community of the beautiful The Community of the Beautiful focuses on the premise that religion and beauty go together Yet today hundreds of theological treatises continue to speak solely of the truth of their claims The Community of the Beautiful addresses this silence with a proposal about the relationship between God and the beautiful It asks the question How can the finite human creature name the nameless perceive the imperceptible make visible the invisible The answer is what Hans Urs von Balthasar called a theological aesthetics The Community of the Beautiful is not simply an analysis of Balthasar's theology there exists a more personal and concrete reason for a reconsideration of the connection between God and the beautiful The experience of a particular living ecclesial tradition the Latin Church of the Americas may be a guide to a world that lost its confidence in the religious dimensions of the beautiful Garcia Rivera recasts the question of theological aesthetics posed above in light of the religious experience of the Latin Church of the Americas so that the question becomes What moves the human heart To answer that question Garcia Rivera draws on along ignored philosophical tradition The philosophical semiotics of Charles Peirce and Josiah Royce enter into dialogue with the theological aesthetics of Hans Urs von Balthasar to describe the traditional transcendentals the True and the Good as communities The final transcendental the beautiful enters into conversation with the semiotic aesthetics of Jan Mukarovsky and the religious experience of the Latin American Church to become the dazzling Vision of the community of the beautiful God's community Chapters are Pled Beauty A Different Beauty Seeing the Form The Community of the True The Community of the Good The Community of the Beautiful and Lifting up the Lowly Alejandro R Garcia Rivera a Roman Catholic lay theologian received his doctorate in theology from the Lutheran School of Theology at Chicago and holds degrees in physics from Ohio State University and Miami University The author of numerous articles and winner of a Catholic Press Association award he is assistant professor of systematic theology at the Jesuit School of Theology at Berkeley Liberationist Christianity in Argentina (1930-1983) Pablo Bradbury, 2023 Understanding the movement to be dynamic and highly diverse this book reveals that ecclesial and political conflicts especially over Peronism and celibacy were at the heart of the construction of a liberationist Christian identity which simultaneously internalised deep tensions over its relationship to the Catholic Church It first situates the rise of a revolutionary Christian impulse in Argentina within changes in society in Catholicism and Protestantism and in Marxism in the 1930s before analysing how the phenomenon coalesced in the late sixties into a coherent social movement Finally the book examines the responses of liberationist Christians to the intense period of repression under the presidency of Isabel Per

n and the rule of the military junta between 1974 and 1983      **Abuse and Cover-Up** Arbuckle, Gerald A.,2019-09-26  
Written for readers deeply concerned for the future of the church this book seeks to answer two questions Why is the culture of the Catholic Church despite Vatican II s emphasis on collegiality and transparency still prone to covering up abuses of power How can this culture change in order to move forward A timely book on the sex abuse crisis by a scholar who is adept at weaving insights from the social sciences into a framework of practical theology      **Worship** Keith Pecklers,2010-07-01  
In *Worship* Keith Pecklers aims to give theologians liturgists clergy and laity of all denominations a new sense of the theology of liturgy From a historical theological treatment of the evolution of Christian worship in the West Pecklers addresses 20th century liturgical reforms and emphasizes the liturgy s role in the social and moral transformation of human society The social dimension of worship is further highlighted in chapters on popular religion and inculturation He considers the future of Christian worship in light of a new sociological reality the break up of the stable parish community credible preaching within an increasingly secularized society hospitality to those who are often made to feel like pariahs in our assemblies and the growing rift between conservatives and progressives who share membership in the same church      **Our Lady of Guadalupe** Stafford Poole,2017-12-05 For decades Stafford Poole has stood at the forefront of scholarship on the historicity of the Virgin of Guadalupe an icon that serves as one of the most important formative religious and national symbols in the history of Mexico Poole s groundbreaking first edition of *Our Lady of Guadalupe* was the first ever to examine in depth every historical source of the Guadalupe apparitions In this revised edition Poole employs additional sources and commentary to further challenge common interpretations and assumptions about the Guadalupan tradition      *Christianity with an Asian Face* Peter C. Phan, ,2015-02-19      *Peacemaking and the Canon Law of the Catholic Church* Charles Reid, Jr.,2023-12-21 This volume unites three disparate strands of historical and legal experience Nearly from its beginning the Catholic Church has sought to promote peace among warring parties and among private litigants The volume explores three vehicles the Church has used to promote peace papal diplomacy of international disputes both medieval and contemporary the arbitration of disputes among litigants and the use of the tools of reconciliation to bring about rapprochement between ecclesiastical superiors and those subject to their authority The book concludes with an appendix exploring a wide variety of hypothetical yet plausible scenarios in which the Church might use its good offices to repair breaches among persons and nations      **Rethinking Contexts, Rereading Texts** M. Daniel Carroll R.,2000-02-01 This volume brings together ten essays on the various contexts for texts that social scientific approaches invoke These contexts are the cultural values that inform the writers of texts the relationship between the text and the reader or community of readers and the production of texts themselves as social artifacts In the first predominantly theoretical section of the book John Rogerson applies the perspective of Adorno to the reading of biblical texts Mark Brett advocates methodological pluralism and deconstructs ethnicity in Genesis and Gerald West explores the graininess of texts The second part contains both theory and application

Jonathan Dyck draws a map of ideology for biblical critics and then applies an ideological critical analysis to Ezra 2 M Daniel Carroll R reexamines popular religion and uses Amos as a test case Stanley Porter considers dialect and register in the Greek of the New Testament then applies it to Mark s Gospel This is an original as well as wide ranging exploration of important social scientific issues and their application to a range of biblical materials      **Urban Ministry** Manuel Ortiz,Harvie M. Conn,2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to understand the city and God s work in it Through four great waves of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God s urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God s kingdom to the city through the people of God      **Catholic Theology** Tracey Rowland,2017-01-26 Rowland showcases here the dominant contemporary approaches to doing Catholic theology Chapter 1 offers a summary of the two International Theological Commission ITC documents on the discipline of Catholic theology These documents set out the general principles which should govern any approach to Catholic theology at least according to the ITC The subsequent chapters each focus on one of four different approaches frequently found in contemporary Catholic academies the approach of Thomists members of the *Communio* milieu members of the *Concilium* milieu and promoters of different varieties of Liberation Theology Rowland s work is pitched at the level of first time students of theology who are trying to make sense of the methodological choices which undergird the different approaches to Catholic theology Rowland concludes with four appendices a list of all Doctors of the Church a list of all encyclicals since the 19th century a list of the documents of the Second Vatican Council and a list of definitions of the various Christological heresies which were the subject of the debates of the early Church Councils These appendices will provide useful reference tables for young scholars including seminarians

*Power of Popular Piety* Ambrose Mong,2019-03-04 This book examines the ambivalence of folk Catholicism as a resource to fight against injustice exploitation and oppression Cases are cited to illuminate the value and potential trespasses of popular religious beliefs and practices Over centuries representatives of the powerful middle and upper middle classes did not hesitate to manipulate popular piety to protect their power and privileges In fact much of popular religion still reflects the dominant ideology Popular piety has the potential for liberation against unjust social and economic structures When properly guided this practice can broaden and deepen political consciousness and mobilize people to act Without a strong level of political consciousness as well as liberative evangelization popular religion will be alienating to the poor while strengthening the status quo of the rich and the powerful This study argues that it will be the elites the well educated and committed Christians not the masses who would foster the transformation of society
