Malay Magic, Being an Introduction to the Folklore and Popular Religion of the Malay Peninsula Walter William Skeat, 1900 *A Dictionary of Albanian Religion, Mythology, and Folk Culture* Robert Elsie, 2001 In some senses Albania is a living museum of the past Originally a small herding community in the most inaccessible reaches of the Balkans the presence of Albanians in southeastern Europe has been documented for over a thousand years Albanian traditional folk culture which evolved over centuries of relative isolation is surprisingly rich Yet despite recent events this culture remains little known to the Western world Due to the lasting effects of a half century of Stalinist dictatorship very few individuals even in Albania know much about their own popular traditions The Dictionary of Albanian Religion Mythology and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs Alphabetical entries shed light on blood feuding figures of Albanian mythology religious beliefs communities and sects calendar feasts and rituals and popular superstitions as well as birth marriage and funeral customs and sexual mores This unique volume will stand as the standard reference work on the subject for years to come **Devotional Islam in Contemporary South Asia** Michel Boivin, Remy Delage, 2015-12-22 The Muslim shrine is at the crossroad of many processes involving society and culture It is the place where a saint often a Sufi is buried and it works as a main social factor with the power of integrating or rejecting people and groups and as a mirror reflecting the intricacies of a society The book discusses the role of popular Islam in structuring individual and collective identities in contemporary South Asia It identifies similarities and differences between the worship of saints and the pattern of religious attendance to tombs and mausoleums in South Asian Sufism and Shi'ism Inspired by new advances in the field of ritual and pilgrimage studies the book demonstrates that religious gatherings are spaces of negotiation and redefinitions of religious identity and of the notion of sainthood Drawing from a large corpus of vernacular and colonial sources as well as the register of popular literature and ethnographic observation the authors describe how religious identities are co constructed through the management of rituals and are constantly renegotiated through discourses and religious practices By enabling students researchers and academics to critically understand the complexity of religious places within the world of popular and devotional Islam this geographical re mapping of Muslim religious gatherings in contemporary South Asia contributes to a new understanding of South Asian and Islamic Studies Myth, Ritual and Religion (Vol. 1&2) Andrew Lang, 2020-12-17 Myth Ritual and Religion in 2 volumes is one of the best known works by a Scottish author Andrew Lang first published in 1887 in which he explained the irrational elements of mythology as survivals from more primitive forms Volume 1 Systems of Mythology New System Proposed The Mental Condition of Savages Confusion With Nature Totemism The Mental Condition of Savages Magic Metamorphosis Metaphysic Psychology Nature Myths Non aryan Myths of the Origin of the World and of Man Indo aryan Myths Sources of Evidence Indian Myths of the Origin of the World and of Man Greek Myths of the Origin of the World and Man Greek Cosmogonic
