Peace and Security in the Asia-Pacific Sorpong Peou, 2010-04-15

Demonstrating that none of the various perspectives under review has emerged as the clear winner in the struggle for theoretical hegemony in security studies this book shows that eclectic perspectives like democratic realist institutionalism can better explain peace and security in the Asian Pacific The Asian Pacific has emerged as one of the most important regions in the world causing scholars to pay increased attention to the various challenges old and new to peace and security there *Peace and Security in the Asia Pacific Theory and Practice* is a comprehensive critical review of the established theoretical perspectives relevant to contemporary peace and security studies in the light of recent experiences Illuminating ongoing debates in the field the book covers some 20 theoretical perspectives on peace and security in the Asian Pacific including realist liberal socialist peace and human security constructivist feminist and nontraditional security studies The first section of the book discusses perspectives in realist security studies the second part covers perspectives critical of realism The author's goal is to assess whether any of the perspectives found in nonrealist security studies are capable of undermining realism His conclusion is that each theoretical perspective has its strengths and weaknesses leaving eclecticism as the best way to understand the region's dynamics *Peace and Security in Indo-Pacific Asia* Sorpong Peou, 2021-11-21 *Peace and Security in Indo Pacific Asia* is for the informed the interested and the engaged Sorpong Peou brings together the skills of the pedagogue with the knowledge of the scholar Dr David Dewitt University Professor Emeritus Senior Scholar York University Toronto Canada Peou's excellent book provides both the lay reader and the specialist with six important theoretical frameworks which should provide the basis for better appreciation of what a security community in Indo Pacific Asia means in our world today There are very few scholars who understand the region like Peou Dr W Andy Knight Professor of Political Science the University of Alberta Canada Sorpong Peou's extraordinary breadth of knowledge of both International Relations theory and the key trends in Indo Pacific Asia shines through in this authoritative analysis Dr Richard Stubbs Professor of Political Science McMaster University Canada A pedagogical approach of the textbook that is appreciated is how the author respectfully engages with the theories of IR and is not pushing an agenda of denouncing some theories and trying to persuade the reader of others We live in such polarizing times that it is truly refreshing to read scholarly work that avoids sensationalistic attacks on theories that have been debated for decades Each theory in this manuscript is explored on its own terms and the reader is encouraged to figure out where they stand on these enduring debates in the context of Indo Pacific security The approach will lead to compelling classroom discussions of the theories and the politics of the region This book is a must read for any student or observer of security trends in the region Dr Mark Williams Chair and Professor of Political Studies Vancouver Island University B C Canada **War and Peace in the Pacific** Institute of Pacific Relations.

Protecting the Sacred, Creating Peace in Asia-Pacific Chaiwat Satha-Anand,2017-07-05 Using case studies from the Middle East South Asia Southeast Asia and the Pacific Basin this book examines the global trend of violence against religious places and figures The contributors believe attacks on sacred places to be particularly damaging to peace and harmony because of the centrality of religion in many Asian and Pacific countries A diverse range of topics are covered including an empirical exploration of the global trends of violence against sacred spaces attacks against and policies toward holy sites in Israel and the Palestinian Territories the fate of Indian Islamic monuments after India gained independence in 1947 the Christian community s response to the increasing Islamization of Malaysia and the future of communalism in Malaysia Africa and Australia are also referenced in the work Taken together this volume explores the importance of protecting sacred spaces holy symbols and religious people as a crucial element in fostering peace in the world and especially the Asia Pacific region The contributors argue that much of the violence in the world is rooted in politics of religious identity *Peace and Stability in Asia-Pacific Region* Maj Gen Y K Gera,2012-07-10 This book is based on the proceedings of the National Security Seminar 2011 conducted at the USI from 17 to 18 Nov 2011 The views of eminent speakers from across the globe have been covered on the following themes Strategic and Security Environment in the Asia Pacific Region Existing Political and Economic Frameworks in the Asia Pacific Have they fulfilled regional aspirations Bringing an Enduring Security Architecture for the Asia Pacific This book intends to examine the current state and possible future trajectory of efforts to create an Asia Pacific security architecture The problems are challenging but not insurmountable Efforts to build an appropriate security architecture would certainly be in the interest of the region *Peace Arch and Pacific Highway Border Stations* ,1974

Asia-Pacific Nations in International Peace Support and Stability Operations C. Aoi,Y. Heng,2014-03-13 This book aims to provide for a path breaking cross regional comparison of the capabilities and readiness of Asia Pacific countries to contribute to peace support missions with an eye to identifying emerging trends and policy implications *The Pacific Reporter* ,1921 Glamour in the Pacific Fiona Paisley,2009-07-08 Since its inception in 1928 the Pan Pacific Women s

Association PPWA has witnessed and contributed to enormous changes in world and Pacific history Operating out of Honolulu this women s network established a series of conferences that promoted social reform and an internationalist outlook through cultural exchange For the many women attracted to the project from China Japan the Pacific Islands and the major settler colonies of the region the association s vision was enormously attractive despite the fact that as individuals and national representatives they remained deeply divided by colonial histories Glamour in the Pacific tells this multifaceted story by bringing together critical scholarship from across a wide range of fields including cultural history international relations and globalization gender and empire postcolonial studies population and world health studies world history and transnational history Early chapters consider the first PPWA conferences and the decolonizing process undergone by the association Following World War II a new generation of nonwhite women from decolonized and settler colonial nations began to claim leadership roles in the Association challenging the often Eurocentric assumptions of women s internationalism In 1955 the first African American delegate brought to the fore questions about the relationship of U S race relations with the Pan Pacific cultural internationalist project The effects of cold war geopolitics on the ideal of international cooperation in the era of decolonization were also considered The work concludes with a discussion of the revival of East meets West as a basis for world cooperation endorsed by the United Nations in 1958 and the overall contributions of the PPWA to world culture politics The internationalist vision of the early twentieth century imagined a world in which race and empire had been relegated to the past Significant numbers of women from around the Pacific brought this shared vision together with their concerns for peace social progress and cooperation to the lively even glamorous political experiment of the Pan Pacific Women s Association Fiona Paisley tells the stories of this extraordinary group of women and illuminates the challenges and rewards of their politics of antiracism one that still resonates today

implications of this unprecedented act of destruction This book delves into this complex and multifaceted history examining the lead up to the decision the events surrounding the bombings themselves and their profound impact on the course of human events Drawing upon a wealth of primary sources and scholarly research it provides a nuanced and comprehensive account of this pivotal moment in world history If you like this book write a review
