Populism The Humane Preference In America 1890 1900 Twaynes Social Movements Past And Present:

Populism O. Gene Clanton,1991 *Populism* O. Gene Clanton,1991 *America in the Progressive Era, 1890-1914* Lewis L. Gould,2014-05-12 America in the Progressive Era 1890 1914 provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated American politics and culture around the turn of the twentieth century Covering the turbulent 1890s and the era of Theodore Roosevelt and Woodrow Wilson the book covers the main political and policy events of a period which set the agenda for American public life during the remainder of the twentieth century Key features include A clear account of the continuing debate in the United States over the role of government and the pursuit of social justice A full examination of the impact of reform on women and minorities A rich selection of documents that allow the historical actors to communicate directly to today s reader An extensive Bibliography providing a valuable guide to additional reading and further research Based on the most recent scholarship and written to be read by students America in the Progressive Era makes this turbulent period come alive *Coxey's Crusade for Jobs* Jerry Prout,2016-05-15 In the depths of a depression in 1894 a highly successful Gilded Age businessman named Jacob Coxey led a group of jobless men on a march from his hometown of Massillon Ohio to the steps of the nation s Capitol Though a financial panic and the resulting widespread business failures caused millions of Americans to be without work at the time the word unemployment was rarely used and generally misunderstood In an era that worshipped the self reliant individual who triumphed in a laissez faire market the out of work tramp was disparaged as weak or flawed and undeserving of assistance Private charities were unable to meet the needs of the jobless and only a few communities experimented with public works programs Despite these limitations Coxey conceived a plan to put millions back to work building a nationwide system of roads and drew attention to his idea with the march to Washington In Coxey s Crusade for Jobs Jerry Prout recounts Coxey s story and adds depth and context by focusing on the reporters who were embedded in the march Their fascinating depictions of life on the road occupied the headlines and front pages of America s newspapers for more than a month turning the spectacle into a serialized drama These accounts humanized the idea of unemployment and helped Americans realize that in a new industrial economy unemployment was not going away and the unemployed deserved attention This unique study will appeal to scholars and students interested in the Gilded Age and US and labor history *The Concepts of Luxury and Waste in American Radicalism, 1880-1929* Sulevi Riukulehto,1998 **Historical Dictionary of the Progressive Era** Catherine Cocks,Peter C. Holloran,Alan Lessoff,2009-03-13 The Progressive Era the period in the United States between 1898 and 1917 was a time of great social political and industrial change Following the Spanish American War of 1898 an event that signaled the emergence of the United States as a great power the country soon was involved in its first overseas guerrilla war in the Philippines Vast changes in communications and transportation immigration and migration patterns social mores gender roles family structure class structure work patterns business methods education intellectual life religion the professions

technology science medicine and much else were transforming the scope and feel of people's lives and relationships. In many ways what happened in this era set the agenda for the rest of the 20th century. The Historical Dictionary of the Progressive Era is the most comprehensive and coherent reference work on the Progressive Era. Through its chronology, introductory essay, bibliography, appendixes, and hundreds of cross-referenced dictionary entries on the key events, people, organizations, and ideas of the period, this resource is a lively, complete, and accessible overview of this significant era.

Farmers' and Farm Workers' Movements Patrick H. Mooney, Theo J. Majka, 1995. The section on farm worker movements looks mainly at the agribusiness economy of California, beginning with farm worker mobilization in the depression era and the emergence of such prominent unions as the Cannery and Agricultural Workers Industrial Union and the United Cannery Agricultural Packing and Allied Workers of America. The authors extensively examine the United Farm Workers UFW activism that began in 1965 under the late Cesar Chavez and culminated in 1975 with the passage of the California Agricultural Labor Relations Act. The achievements of the Farm Labor Organizing Committee in Ohio and Michigan during the 1980s and early 1990s are also compared with the relative failures of the UFW during that same time period, and the authors pay particular attention to the control issues that have been crucial among farm worker demands.

Democracy in Desperation Douglas Steeples, David O. Whitten, 1998-09-24. The Panic of 1893 and the depression it triggered mark one of the decisive crises in American history. Devastating broad sections of the country like a tidal wave, the depression forced the nation to change its way of life and altered the pattern and pace of national development ever after. The depression served as the setting for the transformation from an agricultural to an industrial society; exposed grave economic and social problems; sharply tested the country's resourcefulness; reshaped popular thought and changed the direction of foreign policy. It was a crucible in which the elements of the modern United States were clarified and refined. Yet no study to date has examined the depression in its entirety. This is the first book to treat these disparate matters in detail and to trace and interpret the business contraction of the 1890s in the context of national economic, political, and social development. Steeples and Whitten first explain the origins of the depression, measure its course, and interpret the business recovery, giving full coverage to structural changes in the economy, namely the growing importance of manufacturing, emergence of new industries, consolidation of business, and increasing importance of finance capitalism. The remainder of the book examines the depression's impact on society, discussing, for example, unemployment, birth rate, health, and education, and on American culture, politics, and international relations. Placing the business collapse at the center of the scene, the book shows how the depression was a catalyst for ushering in a more modern America.

The A to Z of the Progressive Era Catherine Cocks, Peter C. Holloran, Alan Lessoff, 2009-09-24. The Progressive Era, the period in the United States between 1898 and 1917, was a time of great social, political, and industrial change. Following the Spanish American War of 1898, an event that signaled the emergence of the United States as a great power, the country soon was involved in its first overseas guerrilla war in the Philippines. Vast changes in communications

and transportation immigration and migration patterns social mores gender roles family structure class structure work patterns business methods education intellectual life religion the professions technology science medicine and much else were transforming the scope and feel of people's lives and relationships In many ways what happened in this era set the agenda for the rest of the 20th century The A to Z of the Progressive Era is the most comprehensive and coherent reference work on the Progressive Era Through its chronology introductory essay bibliography appendixes and hundreds of cross referenced dictionary entries on the key events people organizations and ideas of the period this resource is a lively complete and accessible overview of this significant era

Realigning America R. Hal Williams, 2022-03-31 The presidential election of 1896 is widely acknowledged as one of only a few that brought about fundamental realignments in American politics New voting patterns replaced old a new majority party came to power and national policies shifted to reflect new realities R Hal Williams now presents the first study of that campaign in nearly fifty years offering fresh interpretations on the victory of Republican William McKinley over Democrat William Jennings Bryan In tracing the triumph of gold over silver in this fabled battle of the standards R Hal Williams also tells how the Republicans the party of central government national authority sound money and activism pulled off a stunning win over the Democrats the party of state's rights decentralization inflation and limited government Meanwhile the People's Party one of the most prominent third parties in the country's history which also nominated Bryan went down to a defeat from which it would never recover Williams plunges readers into a contest that set new standards in financing organization and accountability and he analyzes the transition from the long dominant military style of campaign to the educational style that appealed to a savvier electorate He also presents key players in new light he views Bryan not simply as a gifted speaker whose Cross of Gold speech took the Democratic convention by storm but as a more calculating politician with his eye squarely on the nomination he depicts McKinley's campaign manager Mark Hanna not as the one dimensional fundraising machine painted by history but rather as a shrewd insightful politician who understood what was required to get his man elected and he presents retiring president Cleveland as an increasingly out of touch irrelevant chief executive whom the Democrats repudiated in a way no other party ever had a sitting president With the Republicans star on the rise and the Democrats banished to the South and the cities the 1896 election was more than a victory of one party over another it marked the emergence of new ways of politicking that makes this campaign especially relevant for twenty first century readers *Kansas History*, 2009 [The American Peace Movement](#) Charles

Chatfield, Robert Kleidman, 1992 In November 1969 tens of thousands of demonstrators converged on Washington D C to protest U S involvement in Vietnam For four days they marched sang and made speeches calling for an end to the war then they dispersed Who were these people and what brought them together Who was in charge and what did they hope to accomplish What real effect did the event have on public opinion or foreign policy In *The American Peace Movement Ideals and Activism* Charles Chatfield explores such questions as they relate to the peace movement from the early nineteenth

century up to the present Combining a broad historical scope with a sociological perspective the study examines the movement as a social process an interaction of organizations strategies and goals Chatfield analyzes public attitudes toward peace war and foreign policy and the shifting constituencies of the various peace coalitions as the movement responded to specific challenges of the international situation Detailed portrayals of events goals strategies and leaders help bring the story of the peace movement vividly to life

Principle Over Party R. Alton Lee,2011 The Populist movement of the 1890s was one of the most successful third party initiatives in United States history Populism has been thoroughly studied in many areas of the country but South Dakota has so far been neglected R Alton Lee begins to correct this oversight shining light on the prominent South Dakotans who strode down the path to the progressive agrarian politics [Hayes Historical Journal](#) ,1991

Standing Without Apology Daniel L. Turner,1997 Standing Without Apology is the history of Bob Jones University pointing out the school s roots in American fundamentalism and documenting its growth to leadership within that movement The book details how the school has dealt with major movements and challenges with religious movements such as liberalism and the New Evangelicalism with cultural questions such as the relationship of Christianity to the arts and with political matters such as freedom of religion and the Civil Rights movement In all of these cases the University has endeavored to stand in a manner that reflects the teachings of the authoritative Word of God Back cover [Subject Guide to Books in Print](#) ,2001

The Politics of Popular Identity Dennis Westlind,1996 In this study the author aims to provide a critique of existing ideas about populism as well as develop an analytical view of populism which he then applies to two case studies [Rural Democracy](#) Marilyn P. Watkins,2019-05-15 What happens to social movements in rural settings when they do not face the divisive issues of race and class Marilyn Watkins examines the stable political climate built by successive waves of Populism socialism the farmer labor movement and the Grange in turn of the century western Washington She shows how all of these movements drew upon the same community base empowered farmers and encouraged them in the belief that democracy independence and prosperity were realizable goals Indeed they were in a setting where agriculture was diversified farmers were debt free and critically women enjoyed equal status as activists in social movements Rural Democracy illuminates the problems that undermined Populism and other forms of rural radicalism in the South and the Midwest by demonstrating the political success of those movements where such problems were notably absent in Lewis County Washington By so doing Watkins convincingly demonstrates the continuing value of local community studies in understanding the large scale transformations that continue to sweep over rural America

Encyclopedia of American Recessions and Depressions Daniel Leab,2014-01-15 A riveting look at the financial cycles in American economic history from colonial times to the present day with an eye on the similarities and differences between past and present conditions as analyzed by leading economic historians The United States has emerged from the financial chaos of its last economic crisis yet still very few sources place the events of the modern era within the context of financial downturns of the past An

examination of the trends and patterns of previous depressions and recessions may allow us to recognize and avoid the behaviors and practices that prolonged the fiscal problems of previous generations This thought provoking encyclopedia presents an overview of notable economic events their causes and cures and their social and political impact on the nation Encyclopedia of American Recessions and Depressions offers a comprehensive survey on the topic from the years 1783 to 1789 under the Articles of Confederation through the panics of the 19th century and the Great Depression of the 1930s to the Great Recession of 2008 Written in an accessible engaging style the volumes contain 14 detailed essays covering each economic event and 140 entries covering various related individuals issues court cases legislation and significant events Primary source documents including the Specie Circular the Embargo Act and the National Labor Relations Act provide relevancy to the real world and a context for key events

A Companion to the Gilded Age and Progressive Era

Christopher McKnight Nichols, Nancy C. Unger, 2022-06-15 A Companion to the Gilded Age and Progressive Era presents a collection of new historiographic essays covering the years between 1877 and 1920 a period which saw the U S emerge from the ashes of Reconstruction to become a world power The single definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era Features contributions by leading scholars in a wide range of relevant specialties Coverage of the period includes geographic social cultural economic political diplomatic ethnic racial gendered religious global and ecological themes and approaches In today s era often referred to as a second Gilded Age this book offers relevant historical analysis of the factors that helped create contemporary society Fills an important chronological gap in period based American history collections
