

Ritchie Savage

Populist Seduction in Latin America Carlos de la Torre, 2010-05-05 Is Latin America experiencing a resurgence of leftwing governments or are we seeing a rebirth of national radical populism Are the governments of Hugo Ch vez Evo Morales and Rafael Correa becoming institutionalized as these leaders claim novel models of participatory and direct democracy Or are they reenacting older traditions that have favored plebiscitary acclamation and clientelist distribution of resources to loyal followers Are we seeing authentic forms of expression of the popular will by leaders who have empowered those previously disenfranchised Or are these governments as charismatic authoritarian and messianic as their populist predecessors This new and expanded edition of Populist Seduction in Latin America explores the ambiguous relationships between democracy and populism and brings de la Torre s earlier work up to date comparing classical nationalist populist regimes of the 1940s such as those of Juan Per n and Jos Mar a Velasco Ibarra with their contemporary neoliberal and radical successors De la Torre explores their similarities and differences focusing on their discourses and uses of political symbols and myths Research Handbook on Populism Yannis Stavrakakis, Giorgos Katsambekis, 2024-03-14 Examining one of the most hotly debated topics in contemporary politics media and academia the Research Handbook on Populism brings together a diverse range of academics from across the globe to provide a detailed and comprehensive overview of the developing field of populism research Venezuela's Chavismo and Populism in Comparative Perspective Kirk A. Hawkins, 2010-04-12 This book examines the populist movement of Hugo Ch vez in Venezuela and argues that populism is primarily a response to widespread corruption It defends a definition of populism as a set of ideas and measures populism across Venezuela and other countries It also explores the influence of populist ideas on political organization and policy The Promise and **Perils of Populism** Carlos de la Torre, 2015-01-13 From the protesters in Cairo's Tahrir Square to the Tea Party in the United States to the campaign to elect indigenous leader Evo Morales in Bolivia modern populist movements command international attention and compel political and social change When citizens demand power to the people they evoke corrupt politicians imperialists or oligarchies that have appropriated power from its legitimate owners These stereotypical narratives belie the vague and often contradictory definitions of the concept of the people and the many motives of those who use populism as a political tool In The Promise and Perils of Populism Carlos de la Torre assembles a group of international scholars to explore the ambiguous meanings and profound implications of grassroots movements across the globe These trenchant essays explore how fragile political institutions allow populists to achieve power while strong institutions confine them to the margins of political systems Their comparative case studies illuminate how Latin American African and Thai populists have sought to empower marginalized groups of people while similar groups in Australia Europe and the United States often exclude people whom they consider to possess different cultural values While analyzing insurrections in Latin America advocacy groups in the United States Europe and Australia and populist parties in Asia and Africa the contributors

also pose questions and agendas for further research This volume on contemporary populism from a comparative perspective could not be more timely and scholars from a variety of disciplines will find it an invaluable contribution to the literature

The Oxford Handbook of Populism Cristóbal Rovira Kaltwasser, Paul A. Taggart, Paulina Ochoa Espejo, Pierre Ostiguy, 2017-10-26 Populist forces are becoming increasingly relevant across the world and studies on populism have entered the mainstream of the political science discipline However so far no book has synthesized the ongoing debate on how to study the populist phenomenon This handbook provides state of the art research and scholarship on populism and lays out not only the cumulated knowledge on populism but also the ongoing discussions and research gaps on this topic The Oxford Handbook of Populism is divided into four sections The first presents the main conceptual approaches on populism and points out how the phenomenon in question can be empirically analyzed The second focuses on populist forces across the world and includes chapters on Africa Australia and New Zealand Central and Eastern Europe East Asia India Latin America the Post Soviet States the United States and Western Europe The third reflects on the interaction between populism and various relevant issues both from a scholarly and political point of view Amongst other issues chapters analyze the relationship between populism and fascism foreign policy gender nationalism political parties religion social movements and technocracy Finally the fourth part includes some of the most recent normative debates on populism including chapters on populism and cosmopolitanism constitutionalism hegemony the history of popular sovereignty the idea of the people and socialism The handbook features contributions from leading experts in the field and is indispensible positioning the study of populism in **Buying Audiences** Paula Muñoz Chirinos, 2019 Develops a new theory of how politicians campaign and political science deploy electoral clientelism in weak party systems The Ideational Approach to Populism Kirk A. Hawkins, Ryan E. Carlin, Levente Littvay, Cristóbal Rovira Kaltwasser, 2018-09-03 Populism is on the rise in Europe and the Americas Scholars increasingly understand populist forces in terms of their ideas or discourse one that envisions a cosmic struggle between the will of the common people and a conspiring elite In this volume we advance populism scholarship by proposing a causal theory and methodological guidelines a research program based on this ideational approach This program argues that populism exists as a set of widespread attitudes among ordinary citizens and that these attitudes lie dormant until activated by weak democratic governance and policy failure It offers methodological guidelines for scholars seeking to measure populist ideas and test their effects And to ground the program empirically it tests this theory at multiple levels of analysis using original data on populist discourse across European and US party systems case studies of populist forces in Europe Latin America and the US survey data from Europe and Latin America and experiments in Chile the US and the UK The result is a truly systematic comparative approach that helps answer questions about the causes and effects of populism

The Ecuador Reader Carlos de la Torre, Steve Striffler, 2009-01-16 An interdisciplinary anthology of work from and about Ecuador including nonfiction poetry journalism history and cultural analysis with many primary resources never before

published in English Populist Discourse in Venezuela and the United States Ritchie Savage, 2018-01-11 Using the conceptual framework of populism as discourse Ritchie Savage provides a comparative analysis of U S and Latin American speeches and articles covering Betancourt's Acci n Democr tica Ch vez McCarthyism and the Tea Party In so doing he reveals an essential structure to populist discourse reference to the opposition as a representation of the persistence of social conflict posed against a collective memory of the origins of democracy and struggle for equality is present in all cases This discursive formation of populism is carried out in comparisons of political discourse in the United States and Venezuela two countries that are typically classified as empirically specific in their economic and political development and ideological orientation Populist Discourse in Venezuela and the United States explores how instances of populism once exceptional phenomena within modern forms of political rule are becoming increasingly integrated with the structure of democratic politics Routledge Handbook of Global Populism Carlos de la Torre, 2018-10-10 This volume illustrates the diversity of populism globally When seeking power populists politicize issues and point to problems that need to be addressed such as inequalities the loss of national sovereignty to globalization or the rule of unresponsive political elites Yet their solutions tend to be problematic simplistic and in most instances instead of leading to better forms of democracy their outcomes are authoritarian Populists use a playbook of concentrating power in the hands of the president using the legal system instrumentally to punish critics and attacking the media and civil society Despite promising to empower the people populists lead to processes of democratic erosion and even transform malfunctioning democracies into hybrid regimes The Routledge Handbook of Global Populism provides instructors students and researchers with a thorough and systematic overview of the history and development of populism and analyzes the main debates It is divided into sections on the theories of populism on political and social theory and populism on how populists politicize inequalities and differences on the media and populism on its ambiguous relationships with democratization and authoritarianism and on the distinct regional manifestations of populism Leading international academics from history political science media studies and sociology map innovative ideas and areas of theoretical and empirical research to understand the phenomenon of global populism In the Shadow of **Perón** Raanan Rein, 2008-05-22 Populism has been one of the most important phenomena in the political and social history of Latin America In the Shadow of Per n challenges several commonly held assumptions about the nature of populism and the relations between the charismatic leader and the popular masses Devoted to the second line of Peronist leadership in Argentina from the 1940s onwards it focuses on the figure of Juan Atilio Bramuglia who tried to offer an alternative path for the movement The volume stresses the heterogeneous nature of Peronism and traces the various ideological sources of its doctrine It also analyzes Per n s machinations in order to maintain his leadership and eliminate any opposition within the The Course of Andean History Peter V. N. Henderson, 2013-08-01 The only comprehensive history of Andean movement South America from initial settlement to the present this useful book focuses on Colombia Ecuador Peru and Bolivia the four

countries where the Andes have played a major role in shaping history Although Henderson emphasizes the period since the winning of independence in 1825 he argues that the region s republican history cannot be explained without a clear understanding of what happened in the pre Hispanic and colonial eras Henderson carefully explores the complex relationship between the Andean peoples and their land up until the fall of the Inka Empire in 1532 before addressing the Spanish conquest and the colonial aftermath emphasizing the syncretism often unwillingly forced upon the original inhabitants of the region His account of the nineteenth century discusses the attempts of the Andean elite to fashion modern nation states in the face of many divisive factors including race The final chapters carry the story from 1930 to the present as the Andean countries debated different ways to create a more inclusive and prosperous society Many Faces of Populism Dwayne Woods, Barbara Wejnert, 2014-09-04 The objective of this edited volume is to provide an answer by examining the many faces of populism The unifying element across the different explorations of the phenomenon of populism is that there is a shared genus that allows for a typology of the different faces of populism and a demarcation of what is not a form of populism

Economic Populism and Institutional Reform Emre Ünal, 2024-12-31 In response to the global crises in recent decades many countries both developed and developing economies have resorted to populist forms of economic policy instead of undertaking meaningful institutional change This book explores two forms of economic populism in particular wage populism and exchange rate populism and demonstrates that these types of policies result in high inflation unstable exchange rates and chronic macroeconomic problems The book opens with an elucidation of the institutional economics approach drawing on Commons and Veblen and foregrounding laws rules norms regulations religions and traditions which sheds particular light on economic populism The book also explores the different forms of economic populism that have been seen throughout the world including policies in the United States Brexit in the United Kingdom the response to the Yellow Jackets in France the populism of various countries in Latin America and regulations in China Delving deeper two case studies are explored in greater and comparative detail Argentina and Turkey In these countries which have followed similar patterns it is shown how following a path of economic populism has prevented the much needed institutional reforms from being enacted The book argues that adopting populist economic policies may prove popular in the short term but prevents and ignores the longer term project of institutional reform which is needed to provide greater stability Finally the book also looks at the types of institutional and policy reform that may be required to prevent economic populism from taking hold This book will be of interest to readers in economics political economy politics and other social sciences who are grappling with issues around populism in all its forms Histories of Race and Racism Laura Gotkowitz, 2011-11-23 Historians anthropologists and sociologists examine how race and racism have mattered in Andean and Mesoamerican societies from the early colonial era to the present day Pachakutik Marc Becker, 2010-12-16 This authoritative book provides a deeply informed overview of one of the most dynamic social movements in Latin America Focusing on contemporary Indigenous movements in Ecuador

leading scholar Marc Becker traces the growing influence of the Confederation of Indigenous Nationalities of Ecuador CONAIE which in 1990 led a powerful uprising that dramatically placed a struggle for Indigenous rights at the center of public consciousness Activists began to refer to this uprising as a pachakutik a Kichwa word that means change rebirth and transformation both in the sense of a return in time and the coming of a new era Five years later proponents launched a new political movement called Pachakutik to compete for elected office In 2006 Ecuadorians elected Rafael Correa who many saw as emblematic of the new Latin American left to the presidency of the country Even though CONAIE Pachakutik and Correa shared similar concerns for social justice they soon came into conflict with each other Becker examines the competing strategies and philosophies that emerge when social movements and political parties embrace comparable visions but follow different paths to realize their objectives In exploring the multiple and conflictive strategies that Indigenous movements have followed over the past twenty years he definitively documents the recent history and charts the trajectory of one of the Americas most powerful and best organized social movements Blazing Cane Gillian McGillivray, 2009-11-23 Offers a new understanding of the history of Cuba from the mid nineteenth century to the Cuban revolution by showing the national and transnational implications of local developments in two sugar mill communities **Political Power and Social Theory** Julian Go, 2010-12-07 Helps in advancing our interdisciplinary critical understanding of the linkages between social relations political power and historical development This title contains a section on the politics of the new middle class in the global south and post socialist societies Indian Muslim(s) after Liberalization Maidul Islam, 2018-12-13 Close to the turn of the century and almost 45 years after Independence India opened its doors to free market liberalization Although meant as the promise to a better economic tomorrow three decades later many feel betrayed by the economic changes ushered in by this new financial era Here is a book that probes whether India s economic reforms have aided the development of Indian Muslims who have historically been denied the fruits of economic development Maidul Islam points out that in current political discourse the Muslim question in India is not articulated in terms of demands for equity Instead the political leadership camouflages real issues of backwardness prejudice and social exclusion with the rhetoric of identity and security Historically informed empirically grounded and with robust analytical rigour the book tries to explore connections between multiple forms of Muslim marginalization the socio economic realities facing the community and the formation of modern Muslim identity in the country At a time when post liberalization economic policies have created economic inequality and joblessness for significant sections of the population including Muslims the book proposes working towards a radical democratic deepening in India Global Governance S. Rai, G. Waylen, 2008-02-27 This book provides the first comprehensive analysis of global governance from a gendered perspective It not only furthers the emerging feminist theorizing on global governance but also provides a theoretically informed and empirically based analysis of both institutions and transformative practices

Right here, we have countless books **Populist Seduction In Latin America The Ecuadorian Experience** and collections to check out. In the digital age, access to information has become easier than ever before. The ability to download Populist Seduction In Latin America The Ecuadorian Experience has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Populist Seduction In Latin America The Ecuadorian Experience has opened up a world of possibilities. Downloading Populist Seduction In Latin America The Ecuadorian Experience provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the costeffective nature of downloading Populist Seduction In Latin America The Ecuadorian Experience has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Populist Seduction In Latin America The Ecuadorian Experience. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Populist Seduction In Latin America The Ecuadorian Experience. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Populist Seduction In Latin America The Ecuadorian Experience, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Populist Seduction In Latin America The Ecuadorian Experience has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
