**Thrillers and the 1930s** Brian Diemert,1996 In Graham Greene s Thrillers and the 1930s Brian Diemert examines the first and most prolific phase of Graham Greene s career demonstrating the close relationship between Greene s fiction and the political economic social and literary contexts of the period Situating Greene alongside other young writers who responded to the worsening political climate of the 1930s by promoting social and political reform Diemert argues that Greene believed literature could not be divorced from its social and political milieu and saw popular forms of writing as the best way to inform a wide audience Diemert traces Greene s adaptation of nineteenth century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion He argues that Greene s popular thrillers were in part a reaction to the high modernism of writers such as James Joyce Gertrude Stein and Virginia Woolf whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public **The Works of Graham Greene** Mike Hill,Jon Wise,2013-03-14 A comprehensive reference guide to the published writings of Graham Greene this book surveys not only Greene s literary work including his fiction poetry and drama but also his other published writings Accessibly organised over five central sections the book provides the most up to date listing available of Greene s journalism his published letters and major interviews The Writings of Graham Greene also includes a bibliography of major secondary writings on Greene and a substantial and fully cross referenced index to aid scholars and researchers working in the field of 20th Century literature **Infernal Paradise**

The significance of each writer in their own time is explained, the relation of their work to that of predecessors and successors explored and their most important novels analysed. These essays do not aim to create a canon in a prescriptive way but taken together they describe a strong, developing tradition of the writing of fictional prose over the past 300 years. This volume is a helpful guide for those studying and teaching the novel and will allow readers to consider the significance of less familiar authors such as Henry Green and Elizabeth Bowen alongside those with a more established place in literary history. *The Portable Chaucer* Geoffrey Chaucer, 1977-05-26 In the fourteenth century Geoffrey Chaucer, who served three kings as a customs official and special envoy, virtually invented English poetry. He did so by wedding the language of common speech to metrical verse, creating a medium that could accommodate tales of courtly romance, bawdy fabliaux, astute psychological portraiture, dramatic monologues, moral allegories and its author's astonishing learning in fields from philosophy to medicine and astrology. Chaucer's accomplishment is unequalled by any poet before Shakespeare and in *The Canterbury Tales* and *Troilus and Cressida* ranks with that of the great English novelists. Both *The Canterbury Tales* and *Troilus and Cressida* are presented complete in this anthology in fresh

modern translations by Theodore Morrison that convey both the gravity and gaiety of the Middle English originals The Portable Chaucer also contains selections from The Book of Duchess The House of Fame The Bird s Parliament and The Legend of Good Women together with short poems Morrison s introduction is vital for its insights into Chaucer as man and artist and as a product of the Middle Ages whose shrewdness humor and compassion have a wonderfully contemporary ring

**Portable Modernisms** Emily Ridge,2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism s exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character

**Mid-Century Romance** John T. Connor,2024-09-13 Mid Century Romance chronicles a revival of the historical novel in the middle decades of the twentieth century in the cultures of British modernism and international communism Born of a national turn in world politics these novels met the turbulence of mid century history with narratives of national becoming roadmaps to situate their readers in the pattern of social change Their writers were often mindful of the genre s romantic era heritage they saw themselves as following in the footsteps of Sir Walter Scott and they drew on the same rescued remains of primitive poetry and popular antiquities that romanticism first used to construct its versions of national identity culture and tradition This book shows how the impulse to salvage traces of ancestral culture and press them to new purpose links the mid century national historical novel to the rise of radical social history and magical realism Post war anticommunism shaped a tradition of the novel as a preserve of art and the individual Mid Century Romance counters with a different genealogy of the British and world novel whose object is society and the future of community the nation and its people It situates its cast of British writers including the modernists Hope Mirrlees and Virginia Woolf the communists Jack Lindsay and Sylvia Townsend Warner the eccentric modernist and sometime fellow traveller John Cowper Powys and the New Left luminary Raymond Williams in a transnational perspective that reaches from Bihar India to Bahia Brazil
