Cross-Impact Balances (CIB) for Scenario Analysis Wolfgang Weimer-Jehle, 2023-05-02

Cross Impact Balances CIB is a method frequently used for research in companies and in administrations for the systematic construction of qualitative scenarios This book introduces the fundamentals of the method and uses a clear step by step example to explain how

scenarios can be constructed with CIB It describes possible problems in applying the method and offers help for various use cases It includes a detailed discussion of the design decisions that shape a CIB application and the methods that can be used to collect the necessary data The application examples presented provide a first impression of the possibilities of the method A discussion of the strengths and limitations of the method offers guidance on the use cases in which CIB can be profitably applied The book is valuable for researchers and practitioners in the field of scenario analysis **The prints.
