*American Book Publishing Record*, 2007      **Reading Edith Wharton Through a Darwinian Lens** Judith P. Saunders, 2014-01-10 Beneath the polished surface of the genteel environments delineated in Wharton's fiction characters are competing fiercely for desirable mates questing for social status and resources and plotting ruthlessly to advance their relatives fortunes in life This book identifies these and other evolutionary issues central to her fiction demonstrating their significance in terms of character setting plot and theme Connections to existing Wharton criticism are made throughout the book so that readers can see how an evolutionary perspective enriches refutes or reconfigures insights derived from other critical approaches      From Fidelity to History Anne-Marie Scholz, 2013-04-01 Scholarly approaches to the relationship between literature and film ranging from the traditional focus upon fidelity to more recent issues of intertextuality all contain a significant blind spot a lack of theoretical and methodological attention to adaptation as an historical and transnational phenomenon This book argues for a historically informed approach to American popular culture that reconfigures the classically defined adaptation phenomenon as a form of transnational reception Focusing on several case studies including the films *Sense and Sensibility* 1995 and *The Portrait of a Lady* 1997 and the classics *The Third Man* 1949 and *The Bridge on the River Kwai* 1957 the author demonstrates the ways adapted literary works function as social and cultural events in history and how these become important sites of cultural negotiation and struggle      **The Scarlet Letter** Nathaniel Hawthorne, 2002 In addition to the text of the first edition of the novel the New Riverside Edition of *The Scarlet Letter* contains a wide variety of contextual materials and scholarly essays Contexts includes additional writings and letters by Hawthorne as well as essays on the New England sources of the novel and the novel's publication history Criticism contains early reviews of the novel and critical readings from the 19th century such as an excerpt from Henry James book Hawthorne to the present      *American Travellers in Italy* Adriano Comollo, 2005      **Typee** Herman Melville, 2004 This is the first edition of *Typee* to place its most riveting features the highly charged and complicated accounts of sexuality tattooing cannibalism and taboo in a broad historical context Twelve rich selections from the writings of Melville's predecessors and contemporaries along with eight illustrations will help readers develop a fuller sense of where Melville's treatment of these topics is unconventional and why it matters The volume also includes a complete list of the excisions and revisions insisted on by Melville's American publisher further proof of how much his text was pushing the boundaries of acceptable literature of the day      The Call of the Wild Jack London, 2004 Originally published in 1903 *The Call of the Wild* is London's best known work Marking the 100th anniversary of the novel this New Riverside Edition is well timed to place London's work in a new and broader historical context In addition the volume will show how the critical reception of the work has changed over time Due to a resurgence of interest in the study of Jack London during the past decade a wealth of new material is available to further illuminate *The Call of the Wild* Supplementary materials in this volume include other London fiction that predated his

writing of this novel letters he wrote about his intentions in writing it early reviews of the work and critical essays from past and present     **Bowker's Guide to Characters in Fiction 2007** ,2008-02     Selected Works Ralph Waldo Emerson,2003

The first book of its kind to pair the writings of Emerson and Fuller this text plays a major role in illuminating the contributions of both men and women to American Transcendentalism In addition to a generous selection of Emerson s essays the complete text of Margaret Fuller s Woman in the Nineteenth Century and a selection of Fuller s dispatches from Europe the volume contains copious contextualizing footnotes and an excellent introduction Readers also explore the struggles of both writers to change their views in response to political changes of the times     **Henry James and the**

**Culture of Consumption** Miranda El-Rayess,2014-06-09 This book focuses on Henry James s engagement with the fast developing consumer culture of the late nineteenth and early twentieth centuries     **Medical Authority and**

**Englishwomen's Herbal Texts, 1550-1650** Rebecca Laroche,2009 The first study to analyze print vernacular herbals from the standpoint of gender this book also recognizes the rhetorical agenda of female writers who claim herbal practice As she examines women s herbal language across various genres and in both manuscript and print Laroche also incorporates meticulous archival research which ultimately generates original findings to do with women s ownership of medical texts

Wichelns,2018-01-28 This book explores Henry James s negotiations with nineteenth century ideas about gender sexuality class and literary style through the responses of three women who have never before been substantively examined in light of their relationships to his work Writing in different times and places Annie Fields Emily Dickinson and Marguerite Duras nevertheless share complex navigations of womanhood and authorship as well as a history of feminist scholarly responses to their work Kathryn Wichelns draws upon James correspondence with Fields as well as Dickinson s and Duras s revisions of his fiction to offer a new understanding of gender transgressive elements of his project By contextualizing his writing within a diverse set of feminist perspectives each grounded in a specific time and place as well as nineteenth century views of queer male sexuality Wichelns demonstrates the centrality of Henry James s ambivalent identifications with women to his work

James Joyce and the Difference of Language Laurent Milesi,2003-07-24 James Joyce and the Difference of Language offers an alternative look at Joyce s writing by placing his language at the intersection of various critical perspectives linguistics philosophy feminism psychoanalysis postcolonialism and intertextuality Combining close textual analysis and theoretically informed readings an international team of leading scholars explores how Joyce s experiments with language repeatedly challenge our ways of reading Topics covered include reading Joyce through translations the role of Dante s literary linguistics in Finnegans Wake and the place of gender in Joyce s modernism Two further essays illustrate aspects of Joyce s cultural politics in Ulysses and the ethics of desire in Finnegans Wake Informed by debates in Joyce scholarship literary studies and critical theory and addressing the full range of his writing this volume comprehensively examines the critical diversity of Joyce s linguistic practices It is essential reading for all scholars of Joyce and modernism

Henry James and the "Aliens" Gert Buelens,2021-12-28 Henry James and the Aliens intervenes substantially in current debates in James studies most notably in the key areas of cultural studies ethnic studies and queer studies Focusing throughout on questions of identity and most prominently on how the latter is given shape in the very form of the late style the book finds that James s response to the ethnic other can be grasped neither as an attempt to police supervise and master the other nor as a politics of non identical surrender to that other Instead there is a continuum of identity akin to the criminal continuity that James registers throughout the American scene in which self and other native and alien subject and object adopt alternate roles of control

and submission Both are at times in possession of the American scene and possessed by that scene Jamesian sexual identity too proves to be constantly reconstituted in transitive processes of signification that make it impossible to fix the I or the other within a fixed framework be that framework a heterosexual or a homosexual one The eroticism that strikingly informs the late James can therefore only be captured if at all under the rubric of the queer      *Hospitality and Treachery in Western Literature* James A. W. Heffernan, 2014-05-27 In works of Western literature ranging from Homer's Odyssey to Albee's Who's Afraid of Virginia Woolf the giving and taking of hospitality is sometimes pleasurable but more often perilous Heffernan traces this leitmotiv through the history of our greatest writings including Christ's Last Supper Macbeth's murder of his royal guest and Camus's short story on French colonialism in Arab Algeria By means of such examples and many more this book considers what literary hosts hostesses and guests do to as well as for each other In doing so it shows how often treachery rends the fabric of trust that hospitality weaves      *Bookseller and the Stationery Trades' Journal* , 1914
