Aubrey Leo Kennedy,1953 *The Philosopher in Plato's Statesman* Mitchell H. Miller,2012-12-06 others in his discipline tend not to bring their studies to bear on the substance of the dialogues Conversely philosophical interpreters have generally felt free to approach the extensive logical and ontological cosmological and political doctrines of the later dialogues without concern for questions of literary style s and form Given moreover the equally sharp distinction between the diSCiplines of philosophy and cultural history it has been too easy to treat this bulk of doctrine without a pointed sense of the specific historical audience to which it is addressed As a result the pervasive tendency has been the reverse of that which has dominated the reading of the early dialogues here we tend to neglect drama and pedagogy and to focus exclusively on philosophical substance Both in general and particularly in regard to the later dialogues the difficulty is that our predispositions have the force of self fulfilling prophecy Are we sure that the later Plato s apparent loss of interest in the dramatic is not on the contrary a reflection of our limited sense of the integrity of drama and sub stance form and content What we lack eyes for of course we will not see The basic purpose of this essay is to develop eyes as it were for that integrity The best way to do this I think is to take a later dialogue and to try to read it as a whole of form content and communicative function **Philosopher in Plato's Statesman** Mitchell Miller,2004-09-15 In the Statesman Plato brings together only to challenge and displace his own crowning contributions to philosophical method political theory and drama In his 1980 study reprinted here Mitchell Miller employs literary theory and conceptual analysis to expose the philosophical political and pedagogical conflict that is the underlying context of the dialogue revealing that its chaotic variety of movements is actually a carefully harmonized act of realizing the mean The original study left one question outstanding what specifically in the metaphysical order of things motivated the nameless Visitor from Elea to abandon bifurcation for his consummating non bifurcatory division of fifteen kinds at the end of the dialogue Miller addressed in a separate essay first published in 1999 and reprinted here In it he opens the horizon of interpretation to include the new metaphysics of the Parmenides the Philebus and the unwritten teachings **The Nobel Peace Prize and the Laureates** Irwin Abrams,2001 Presents brief biographical portraits of the 106 recipients of the Nobel Peace Prize during its 100 year history *The Statesman as Thinker* Daniel J. Mahoney,2022-05-24 In *The Statesman as Thinker* Daniel J Mahoney provides thoughtful and elegant portraits of statesmen who struggled to preserve freedom during times of crisis Cicero using all the powers of rhetoric to preserve republican liberty in Rome against Caesar s encroaching autocracy Burke defending ordered liberty against Jacobin tyranny in revolutionary France Tocqueville defending liberty and human dignity against blind reaction democratic impatience and revolutionary fanaticism Lincoln preserving the American republic and putting an end to chattel slavery Churchill defending

liberty and law and opposing Nazi and Communist despotism de Gaulle defending the honor of France during World War II and Havel fighting Communism before 1989 and then leading the Czech Republic with dignity and grace Mahoney makes sense of the mixture of magnanimity and moderation that defines the statesman as thinker at his or her best That admirable mixture of greatness courage and moderation owes much to classical and Christian wisdom and to the noble desire to protect the inheritance of civilization against rapacious and destructive despotic regimes and ideologies **Salisbury 1830 - 1903** Aubrey Leo Kennedy,1971 **American Portrait Gallery** John Livingston,1854 *Legislative Documents* Iowa.
