William Hazlitt

Portrait Of East Hull:

Portrait of East Hull Mary Fowler,1991-01-01 **British and Irish Paintings in Public Collections** Christopher Wright,Catherine May Gordon,2006-01-01 This book sets a new standard as a work of reference It covers British and Irish art in public collections from the beginning of the sixteenth century to the end of the nineteenth and it encompasses nearly 9 000 painters and 90 000 paintings in more than 1 700 separate collections The book includes as well pictures that are now lost some as a consequence of the Second World War and others because of de accessioning mostly from 1950 to about 1975 when Victorian art was out of fashion By listing many tens of thousands of previously unpublished works including around 13 000 which do not yet have any form of attribution this book becomes a unique and indispensable work of reference one that will transform the study of British and Irish painting Following the Cap-Figure in Majapahit Temple Reliefs Lydia Kieven,2013-07-18 This title is available online in its entirety in Open Access This publication provides a new understanding of the religious function of the East Javanese temples The study of the cap figures and their symbolism yields an outstanding contribution to the uniqueness of Majapahit culture **Brotherhood of Locomotive Firemen's Magazine** ,1901

Portrait and Biographical Album of Vermilion and Edgar Counties, Illinois Brookhaven Press,1889 **Letters on various subjects. [With a portrait.]** James Caughey,1847 Portrait and Biographical Album of Vermilion and Edgar Counties, Illinois ,1889 **Brotherhood of Locomotive Firemen and Enginemen's Magazine** ,1901 *Criticisms on Art, and Sketches of the Picture Galleries of England* William Hazlitt,1856 *Portrait and Biographical Album of Fulton County, Illinois* ,1890 Worshiping Siva and Buddha Ann R. Kinney,Marijke J. Klokke,Lydia Kieven,2003-01-01 The Temple Art of East Java a study of the temples created in East Java between the tenth and sixteenth centuries fills an important scholarly lacuna The arts of Central Java home of the great Buddhist monument Borobudur and Hindu Prambanan have been given thorough scholarly attention The architectural and sculptural treasures of the East Javanese kingdoms of Kadir Singasari and Majapahit are little known in comparison yet beautiful and significant in Indonesian history The author presents the major sites of these three historical periods and discusses their architecture and sculpture The many narrative reliefs illustrating sacred and secular literature have been painstakingly identified The reader is thus able to follow their stories and understand where why and how they fit into the visual program planned for each temple and their relation to historical events and the wayang theater These descriptions are augmented by extensive site summaries Superb color photography supports the text throughout and is a major contribution in itself The book contains a wealth of information that is not available all together in any other publication Not only are the descriptions of the monuments valuable but the author identifies numerous sculptures in collections around the world that were once associated with the East Javanese temples discussed The attempted reconstruction of sculptural programs at the sites is extremely important To understand an ancient Javanese stone sculpture knowledge of its original cultural context is required rather than its current location on a stand in

some museum Today with the number of fakes appearing on the art market such associations are invaluable for dating and authenticating stone sculpture said to come from unidentified East Javanese sites The Temple Art of East Java is a welcome and significant addition not only to Javanese studies but also to architecture art history comparative religion Buddhist Hindu and Southeast Asian studies generally **American Art Annual** ,1923 **Portraits, Painters, and Publics in Provincial England 1540-1640** Robert Tittler,2013-09-05 In this the first comprehensive study of post Reformation provincial English portraiture Robert Tittler investigates the growing affinity for secular portraiture in Tudor and early Stuart England a cultural and social phenomenon which can be said to have produced a public for that genre He breaks new ground in placing portrait patronage and production in this era in the broad social and cultural context of post Reformation England and in distinguishing between native English provincial portraiture which was often highly vernacular and foreign influenced portraiture of the court and metropolis which tended towards the formal and polite Tittler describes the burgeoning public for portraiture of this era as more than the familiar court and London based presence but rather as a phenomenon which was surprisingly widespread both socially and geographically throughout the realm He suggests that provincial portraiture differed from the mainstream cosmopolitan portraiture of the day in its workmanship materials inspirations and even vocabulary showing how its native English roots continued to guide its production Innovative chapters consider the aims and vocabulary of English provincial portraiture the relationship of portraiture and heraldry the painter's occupation in provincial as opposed to metropolitan England and the contrasting availability of materials and training in both provincial and metropolitan areas The work as a whole contributes to both art history and social history it speaks to admirers and collectors of painting as well as to curators and academics Sickert Wendy Baron,Walter Sickert,2006-01-01 Walter Richard Sickert 1860 1942 was an artist of prodigious creativity For sixty years in his roles as painter teacher and polemicist he was a source of inspiration and influence to successive generations of British painters With his roots in the Victorian era Sickert broke all taboos He was uncompromisingly truthful revealing beauty in the squalid as in the sublime in cockney music halls the crumbling streets of Dieppe the grand sites of Venice and the low life of Camden Town Decades before Warhol he exploited the potential of photo based imagery and of studio production lines to create iconic portraits of the grandees of theatrical social and political life This catalogue is divided into two parts essay chapters describe Sickert's chronology in terms of stylistic and technical development and a fully illustrated catalogue presents more than 2800 drawings and paintings many of which have never been published before **The East Riding of Yorkshire, with Hull and York; a Portrait** ,1958
