**American Portraits and Self-portraits** Jerzy Durczak,Paweł Frelik,2002 **The Development of Black Theater in America** Leslie Catherine Sanders,1989-08-01 In *The Development of Black Theater in America* Leslie Sanders examines the work of the American black theater s five most productive playwrights Willis Richardson Randolph Edmonds Langston Hughes LeRoi Jones and Ed Bullins Sanders sees the history of black theater as the process of creating a black stage reality while at the same time transforming conventions borrowed from white European culture into forms appropriate to black artists and audiences The author argues that only when these things were accomplished could the aim of black playwrights often articulated as the realistic portrayal of the Negro be fully realized This study also examines the changing nature of the dialogue black playwrights have held with the dominant tradition and how

that dialogue has shaped their imaginations Sanders discussion of Richardson Edmonds Hughes Jones and Bullins provides a context for approaching the work of other black playwrights such as James Baldwin Lorraine Hansberry and Owen Dodson And her argument provides a concrete way of understanding how the context of a dominant culture influences the artistic imagination of writers not of that culture who must come to terms with its influences and transform it into a vehicle of their own To be a Black Woman: Portraits in Fact and Fiction Mel Watkins, Jay David, Bill Adler, 1970 *The Birth of Bebop*

Scott DeVaux, 2023-09-01 The richest place in America's musical landscape is that fertile ground occupied by jazz Scott DeVaux takes a central chapter in the history of jazz the birth of bebop and shows how our contemporary ideas of this uniquely American art form flow from that pivotal moment At the same time he provides an extraordinary view of the United States in the decades just prior to the civil rights movement DeVaux begins with an examination of the Swing Era focusing particularly on the position of African American musicians He highlights the role played by tenor saxophonist Coleman Hawkins a progressive committed to a vision in which black jazz musicians would find a place in the world commensurate with their skills He then looks at the young musicians of the early 1940s including Charlie Parker Dizzy Gillespie and Thelonious Monk and links issues within the jazz world to other developments on the American scene including the turmoil during World War II and the pervasive racism of the period Throughout DeVaux places musicians within the context of their professional world paying close attention to the challenges of making a living as well as of making good music He shows that bebop was simultaneously an artistic movement an ideological statement and a commercial phenomenon In drawing from the rich oral histories that a living tradition provides DeVaux's book resonates with the narratives of individual lives While *The Birth of Bebop* is a study in American cultural history and a critical musical inquiry it is also a fitting homage to bebop and to those who made it possible The richest place in America's musical landscape is that fertile ground occupied by jazz Scott DeVaux takes a central chapter in the history of jazz the birth of bebop and shows how our contemporary ideas of this uniquely American art form flow from tha Poetics Journal, 1998 *Jewish Currents*, 1985 Art for People's Sake
