Portrait Of New Canaan The History Of A Connecticut Town:

Portrait of New Canaan, the History of a Connecticut Town Mary Louise King, 1981 *The New Canaan Historical Society Annual* ,1975 **Murder in the Dollhouse** Rich Cohen, 2025-05-20 A nail biting edge of your seat investigation into the mysterious disappearance of Jennifer Dulos and the aftershocks that rattled a wealthy suburb Rich Cohen s *Murder in the Dollhouse* is the chilling unputdownable story of Jennifer Dulos a beautiful rich suburban mother who dropped her kids off at the New Canaan Country School one morning and vanished Her body has never been found Dulos was in the midst of an ugly divorce one of the most contentious in Connecticut state history The couple a beautiful highly connected pair met at Brown University had five children and led what appeared to be a charmed life In the wake of her disappearance Dulos s husband and his girlfriend were arrested He killed himself on the day he was supposed to report to court she was tried and convicted of conspiracy to commit murder A gripping story of status wealth love and hate *Murder in the Dollhouse* peers beneath the sparkling veneer of propriety that surrounded the Duloses to uncover the origins and motivations of a crime that has become a national obsession **Reflections on Regionalism** Bruce Katz, 2001-09-19 Academics community activists and politicians have rediscovered regionalism insisting that regions are critical functional units in a world wide economy and just as important critical functional units in individual American lives More and more of us travel across city county even state borders every morning on our way to work Our television radio and print media rely on a regional marketplace Our businesses large and small depend on suppliers workers and customers who rarely reside in a single jurisdiction The parks riverfronts stadiums and museums we visit draw from and provide an identity to an area much larger than a single city The fumes gases chemicals and run off that pollute our air and water have no regard for municipal boundaries This book lays out a variety of opinions on regionalism its history and its future While the essays do not comprise a debate pro and con about regionalism they do provide a wide array of perspectives based on the authors diverse backgrounds and experience Some contributors have made close academic studies of how regional action occurs in various states like Minnesota California and Oregon others give an historical account of a particular region like that surrounding New York City and yet others point out aspects of regionalism race especially that should not be ignored Why did past efforts at regional collaboration fall apart What did regionalist efforts of decades ago leave undone and what new goals should regionalists set Without an understanding of these questions policymakers and advocates may find themselves reinventing the region This book provides an important understanding of how regionalism has played out in the past how policies shape places and the possibilities and limits of regional action Bruce J Katz director of the Brookings Institution Center on Urban and Metropolitan Policy was formerly chief of staff at the U S Department of Housing and Urban Development **Lust on Trial** Amy Werbel, 2018-04-17 Anthony Comstock was America s first professional censor From 1873 to 1915 as Secretary of the New York Society for the Suppression of Vice Comstock led a crusade against lasciviousness salaciousness and obscenity that resulted in the confiscation and incineration

of more than three million pictures postcards and books he judged to be obscene But as Amy Werbel shows in this rich cultural and social history Comstock s campaign to rid America of vice in fact led to greater acceptance of the materials he deemed objectionable offering a revealing tale about the unintended consequences of censorship In *Lust on Trial* Werbel presents a colorful journey through Comstock s career that doubles as a new history of post Civil War America s risqu visual and sexual culture Born into a puritanical New England community Anthony Comstock moved to New York in 1868 armed with his Christian faith and a burning desire to rid the city of vice Werbel describes how Comstock s raids shaped New York City and American culture through his obsession with the prevention of lust by means of censorship and how his restrictions provided an impetus for the increased circulation and explicitness of obscene materials By opposing women who preached sexual liberation and empowerment suppressing contraceptives and restricting artistic expression Comstock drew the ire of civil liberties advocates inspiring more open attitudes toward sexual and creative freedom and more sophisticated legal defenses Drawing on material culture high and low including numerous examples of the obscenities Comstock seized *Lust on Trial* provides fresh insights into Comstock s actions and motivations the sexual habits of Americans during his era and the complicated relationship between law and cultural change
