America to 1877 Stephen B. Oates, 1983-01 *Portrait of America* is an anthology of essays written by some of America's most eminent historians. Suitable for U.S. history survey courses, the collection has a loose biographical focus. The essays in this secondary source reader humanize American history by portraying it as a story of real people with whom students can identify. Each selection is preceded by an introduction that sets the context and a helpful glossary that identifies important individuals, events, and concepts. The Eighth Edition includes an essay in which six major historians reflect on the historical significance of September 11, 2001. **Portraits of American Women** G. J. Barker-Benfield, Catherine Clinton, 1998 Until

recently, a womanless American history was the norm. But without a history of women, we neglect gender dynamics, sex roles, and family relations, the very fundamentals of human interaction. Here, 24 short essays locate the histories of women from Pocahontas to Betty Friedan and men together by period and provide a sense of their continuities through the whole gallery of the American past. 26 photos President Lincoln's Recruiter Michael A. Eggleston, 2013-03-21 Historians have often marginalized the effect of African American troops on the outcome of the Civil War. While many histories briefly mention the service of the blacks, few reveal their impact. Lorenzo Thomas was one of the most exceptional people to serve in that war, but no biography of his life has been written. Most of his career was spent as an administrator in the U.S. Army from his graduation from West Point in 1823 until the start of the war when he was the army's Adjutant General. His life changed when he was charged by Secretary of War Stanton to go West and recruit troops for the Union that were desperately needed. Stanton and Thomas did not get along, and with pressure mounting to get more troops, Stanton saw this as an opportunity to get Thomas out of Washington. Thomas did exceptionally well in recruiting tens of thousands of troops for the Union. After the war ended, President Andrew Johnson replaced Stanton with Thomas as temporary Secretary of War. This precipitated the impeachment hearings against Johnson, and some say that the testimony of Thomas caused the impeachment of Johnson to be dismissed.
