Portraits of Friends John Campbell Shairp, 1889 **Anatomy of Spirituality: Portrait of the Soul** Chander Behl, 2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain's biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul **The School News and Practical Educator**, 1919 **Amidaji: Emperor Antoku's Mortuary Temple and its Culture** Naoko Gunji, 2022-12-28 How do you reconstruct a tradition of religious art wiped out by another religion Naoko Gunji takes up this challenging question in Amidaji Amidaji was a Buddhist temple in western Japan that from the twelfth century onwards overlooked the strait of Dannoura and commemorated the tragic protagonists of The Tale of the Heike who perished in the strait at the end of the Genpei War 1180 1185 the Heike or the Taira clan and the child emperor Antoku 1178 1185 Amidaji was destroyed however in 1870 amid a nativist royalist movement of persecuting Buddhism and replaced by an imperial Shinto shrine Its art architecture and rituals were lost and have until now been understood through the lens of the current shrine and a few surviving objects By investigating numerous historical sources and artistic literary religious political and ideological contexts Gunji reveals a carefully coordinated program of visual art and rituals for the salvation of Antoku and the Taira **Portraits of Literacy Across Families, Communities, and Schools** Jim Anderson, Maureen Kendrick, Theresa Rogers, Suzanne Smythe, 2005-05-06 This unique global perspective on multiple literacies crosses traditional boundaries between the study of family community and school literacies It calls attention to the ideological nature of literacy education across a broad range of literacy context *Borderland* William Thomas Stead, 1893 **Portraits of Humanity** Pasquale De Marco, 2025-07-18 From the iconic images of war and peace to the intimate portraits of everyday life photography has the

power to capture the essence of the human experience and change the way we see the world In this stunning book we present a collection of some of the world s greatest photographs from the early pioneers of the medium to the contemporary masters who are pushing the boundaries of the art form With over 400 duotone images this book is a visual feast that will amaze and inspire you Whether you are a seasoned photographer or simply someone who appreciates the beauty of a well captured image this book is sure to captivate you You will see the world through the eyes of some of the greatest photographers in history including Ansel Adams Dorothea Lange Henri Cartier Bresson and Annie Leibovitz This book is more than just a collection of beautiful images It is also a journey through history a meditation on the human condition and a celebration of the power of photography These photographs have the power to transport us to other times and places to make us feel the emotions of the people in the images and to see the world in a new light They can make us laugh cry think and dream This book is a must have for anyone who loves photography or who is interested in the human condition It is a book that you will return to again and again finding new inspiration and meaning each time If you like this book write a review
