

PORTRAIT OF THE WEST SOMERSET RAILWAY

25 YEARS OF PRESERVATION PROGRESS

A photograph of a steam locomotive, number 5572, pulling a passenger train through a lush green landscape. The locomotive is black with a red front and is emitting a large plume of white steam. The train is moving along a track that curves through the landscape. The background shows rolling hills and dense vegetation.

Portrait of the West Somerset Railway Allan Stanistreet,1996-01-01 **Locomotive Portraits** Jonathan Clay,2015-05-30 Railway art has existed as long as there have been Railways Many famous names have included some aspect of railways in their paintings notably Claude Monet and J M W Turner This tradition has been kept alive by the formation in the UK of the Guild of Railway Artists which now consists of over 200 artists of which Jonathan Clay is one Over the last few years Jonathan has had many requests to produce his own book of pictures and having relented at last this is the result In order to save time for his first ever railway event in 1999 he painted a series of locomotive pictures without backgrounds intending to add the scenery later However they sold so well that they became the norm and the series of Locomotive Portraits was born Directory of Museums, Galleries and Buildings of Historic Interest in the UK Keith W. Reynard,2004-03-01 This unique and important directory incorporates some 3 200 entries It covers all types and sizes of museums galleries of paintings sculpture and photography and buildings and sites of particular historic interest It also provides an extensive index listing over 3 200 subjects The directory covers national collections and major buildings but also the more unusual less well known and local exhibits and sites The Directory of Museums Galleries and Buildings of Historic Interest in the United Kingdom is an indispensable reference source for any library an ideal companion for researcher and enthusiast alike and an essential purchase for anyone with an interest in the cultural and historical collections of the UK Features include Alphabetically listed entries which are also indexed by subject for ease of reference Entries include the name and address of the organization telephone and fax numbers email and internet addresses a point of contact times of opening and facilities for visitors A breakdown of the collections held by each organization giving a broad overview of the main collection as a whole Details of special collections are provided and include the period covered as well as the number of items held **Proceedings of the Somersetshire Archaeological and Natural History Society** Somersetshire Archaeological and Natural History Society,1916 Great Western Branch Line Gallery Kevin McCormack,2023-08-17 This book is a gallery of more than two hundred photographs including a color section featuring a selection of Great Western Railway British Railways Western branch lines and similar services taken between 1900 and 1965 The emphasis is pictorial rather than factual with the aim of using photographs provided by two transport charities as well as the author all of which are unlikely to have appeared previously in print or on the Internet Generally images depict working trains surrounded by recognizable infrastructure often with station nameboards visible Such pictures should be of particular interest to railway modelers as well as invoking nostalgia for the older generation who were pursuing their hobby around the time the pictures were taken Most of the branch lines covered were victims of the 1960s Beeching Axe with closure to passengers or complete closure coming even earlier in some cases Most of the services depicted are steam operated although a few GWR and BR diesel railcars multiple units are included All the scenes seem to reflect a more leisurely way of life than exists today The

Railway Magazine ,2005-01 *Britain's Railways Through the Seasons* David Goodyear,2023-01-31 The four seasons pass by like a gliding ship each signalled by a transformation of changing colors and hues of light thus providing a form of marker to these passages of time Living in the temperate zone we experience four distinct seasons The railway scene reflects such in its own special character cold winter air enhances the bountiful steam escaping from the hissing steam locomotive impatiently awaiting its departure while autumn enchants with trees that exude a variety of hues which embellish any image of even the most mundane suburban train Springtime blossom and wild flowers bestow railway cuttings with a bounty of generous bright colors while coastal railways often look most inviting on warm sunny days as they pass alongside azure seas and golden beaches The seasons each add their own dimension for the photographer to encapsulate and railways passing through the ever changing landscape provide their own tribute to this inspirational tapestry As readers travel through each season so they are invited to share this awe and constant source of inspiration from nature s kaleidoscope of color Photographs are provided with captions and reflective commentary to enlighten the knowledgeable rail enthusiast alongside those who equally enjoy such a portrait of landscape and scenery through the seasons The range of photographs ranges from the mid 1980 s to the present with the majority from the last two decades **Britains Declining Secondary Railways through the 1960s**

Kevin McCormack,Martin Jenkins,2016-11-30 This is an evocative selection of high quality colour views each of which recaptures the lost age of Britain s branch lines and secondary railways of which so many were axed following implementation of the Beeching Report during the 1960s Most importantly the previously unpublished views in this book are the work of one man Blake Paterson a professional railwayman who was also an outstanding photographer who some forty five years ago was determined to record as much of the passing railway scene as possible He set himself demanding schedules and would often travel vast distances sometimes using overnight trains to reach the more remote comers of the rail network During this intense period of photographic activity when he took thousands of colour slides he followed his own strict rules He would normally only take a photograph when the sun was shining and he would try to capture the train in its natural setting For Blake ambiance was paramount This book is a unique record of one man s railway portraits featuring a wealth of locations steam and diesel locomotives DMUs stations and station buildings halts signals gas lamps infrastructure staff and passengers Anything that was set to vanish Blake felt should be recorded His photographs provide a perfect pictorial record of so many of the lost splendours of Britains rail network *Back Roads Great Britain* DK
