Portraits In Leadership:

Portraits in Leadership Arthur Padilla, 2005-04-30 Leading complex organizations is never easy or simple In this book Padilla uses the university as the organizational vehicle through which to examine the phenomenon of leadership and followership in complex entities The unique characteristics of universities as organizations are discussed and the leadership experiences of six well known university presidents are analyzed within an original framework of leadership Just as John Kennedy s Profiles in Courage considered the notion of political courage within the institutional setting of Congress this book explores leadership within the context of the modern American university The roles of persuasion and communication are highlighted as the author weaves the principal patterns from each of the six case studies to the situational conditions that faced these extraordinary individuals Padilla offers valuable suggestions on how to improve selection of leaders and increase organizational effectiveness The author s plan follows three circles that overlap to form its basic framework 1 The university as a complex organization 2 Leadership its patterns theories and commonalities and 3 Case studies of exemplary leaders which highlight their early experiences and actions The overlap of the three circles defines the conclusions and synthesis Each leader s story covers four areas Childhood background formal schooling education senior leadership roles and major defining events successes and failures and forecasts for higher education and its leadership The book includes an assortment of public and private universities which provides a diversity of leaders who face significant differences in terms of control financing and oversight This diversity allows for more useful comparisons and contrasts The author explains the enormous role that persuasion rather than domination or power plays in successful leadership It is clear that persuasion is effective in many settings and not just in the university environment but it is particularly ef

Portraits in Leadership Barry O'Brien, 1982 **The U.S. Senate leadership portrait collection** , 2007 **Great leaders: Historic portraits from the great historians** Various Authors, 2022-01-17 Great Leaders Historic Portraits from the Great Historians is a compelling anthology that assembles insights and narratives from some of history s most revered historians showcasing the lives of remarkable leaders whose legacies have shaped the world This work employs a rich tapestry of literary styles blending narrative biography with analytical exposition allowing readers to engage with the multifaceted characters of these leaders through various lenses including political cultural and social dimensions In this compilation the editors provide context situating each leader within their respective eras and illuminating how their choices resonated across time making it a vital contribution to both historical literature and leadership studies The diverse authors featured in this anthology come from a range of scholarly backgrounds including history political science and sociology providing a well rounded perspective on leadership that is both analytical and narrative driven Their experiences and scholarly pursuits inform their portrayals offering nuanced interpretations of historical figures such as Alexander the Great Cleopatra and Nelson Mandela This work reflects their commitment to understanding the complexities of leadership and the impact it entails drawing from both

primary sources and critical analyses This anthology is essential reading for students scholars and anyone interested in the dynamics of leadership and its historical evolution With its engaging prose and rich insights Great Leaders invites readers to reflect on the characteristics that define influential leaders encouraging a deeper understanding of how history is shaped by these formidable figures Whether you are a history aficionado or a casual reader this book commands attention and appreciation

Protestant School Leaders: A Qualitative Research about their Self-understanding Njobati, Frederick Fondzenyuy, The study is concerned with the self understanding of Protestant secondary school principals about their school leadership in the context of Cameroon where education is rooted in missionary and colonial times The debate at international level on whether or not none state schools are widening inequality gaps and whether school leadership is contributing to enlightenment or to fundamentalism matter in researching about the Protestant school profile and leadership The study therefore seeks to answer the research question What are the perceptions of secondary school principals of Protestant schools about their school leadership The research was conceptualized as exploratory and hypothesis generating within the qualitative approach It used semi structured interviews to collect data from 26 theoretically sampled secondary school principals The data was analyzed by qualitative content analysis using the grounded theory in an iterative deductive inductive way Through the generalization process of abduction and by a deep analysis of the empirical data the criteria which constitute the categories of quality first emerged Thereafter six ideal types of leading understanding were generated and consists of 1 call for superiority leadership 2 state conformational leadership 3 ecclesiastical leadership 4 community participatory leadership 5 vocation to serve leadership and 6 diaconal leadership Further analysis revealed a multi dimensional self understanding by principals on the Protestant ethos of schools and their leadership function Thus not all the six ideal leadership types are contributing to quality education On the one hand there are fundamentalist leaders focusing on normative aspects of discipline while on the other hand there are leaders promoting

democratic values or working in a diaconal way promoting social justice Furthermore principals show little awareness of belonging to the church as a global institution

The Routledge Companion to Visual Organization Emma Bell, Samantha Warren, Jonathan E. Schroeder, 2014-01-23 The visual constitutes an increasingly significant element of contemporary organization as post industrial societies move towards economies founded on creative and knowledge intensive industries The visual has thereby entered into almost every aspect of corporate strategy operations and communication reconfiguring basic notions of management practice and introducing new challenges in the study of organizations This volume provides a comprehensive insight into the ways in which organizations and their members visualize their identities and practices and how they are viewed by those who are external to organizations including researchers With contributions from leading academics across the world The Routledge Companion to Visual Organization is a valuable reference source for students and academics interested in disciplines such as film studies entrepreneurship marketing sociology and most importantly organizational behaviour
