Through the Eye of Time Stuart Blackburn, Michael Tarr, 2008-04-30 This is the first visual history of Arunachal Pradesh a state in northeast India bordering on Tibet China Burma and Bhutan Based on archival and field research it illustrates a century and a half of cultural change in this culturally diverse and little known region of the Himalayas More than 200 photographs half archival and half contemporary reveal that tribal cultures in this remote mountainous region have been continually reacting to external forces and initiating internal innovations The Introduction places the archival photographs in their wider context emphasising the complexity of the colonial encounter and uncovering personal stories behind many of the images The sequence of photographs juxtaposing the historical and the contemporary shows us the uneven and sometimes confusing mixture of past and present that is emerging in Arunachal Pradesh

Painting Texas History to 1900 Sam DeShong Ratcliffe,2014-11-06 Certificate of Commendation American Association for State and Local History 1994 T R Fehrenbach Book Award Texas Historical Commission 1992 San Antonio Conservation Society Citation 1993 Dramatic historical events have frequently provided subject matter for artists particularly in pre twentieth century Texas where works portraying historical often legendary events and individuals predominated Until now however these paintings of Texas history have never received the kind of study given to historical fictional and film versions of the same events *Painting Texas History to 1900* fills this gap with an interdisciplinary approach that explores these paintings both as works of art and as historical documents The author examines the works of more than forty artists including Henry McArdle Theodore Gentilz Robert Onderdonk William Huddle Frederic Remington Friedrich Richard Petri Arthur T Lee Seth Eastman Sarah Hardinge Frank Reaugh W G M Samuel Carl G von Iwonski and Julius Stockfleth He places

each work within its historical and cultural context to show why such subject matter was chosen why it was depicted in a particular way and why such a depiction gained popular acceptance For example paintings of heroic events of the Texas Revolution were especially popular in the years following the Civil War when in Ratcliffe s view Texans needed such images to assuage the loss of the war and the humiliation of Reconstruction Though the paintings cut across traditional art history categories from the pictographs of early historic Indians to European inspired oil paintings they are bound together by their artists intent for them to function as historically evocative documents With their visual narratives of events that characterized all of America s westward expansion Indian encounters military battles farming ranching surveying and the closing of the frontier these works add an important chapter to the story of the American West
