John Chrysostom on Divine Pedagogy David Rylaarsdam, 2014 Contrary to the portrayals of Chrysostom as a theologically impaired moralizing sophist this book argues that his thinking is remarkably coherent when it is understood on his own terms and within his culture Chrysostom depicts God as a teacher of philosophy who adaptably guides people toward salvation Since the theme of divine adaptability influences every major area of Chrysostom s thought tracing this concept provides a thorough introduction to his theology It also explains at least in part several striking features of his homilies including his supposed inconsistencies his harsh rhetoric and apparent political naivete his intentionally abridged and exoteric theological discussions and his lack of allegiance to an Antiochene school In addition to illuminating such topics the concept of adaptability stands at one of the busiest intersections of Late Antique culture for it is an important idea found in rhetoric and discussions about the best methods of teaching philosophy Consequently adaptability is an ingredient in the classical project of paideia and Chrysostom is a Christian philosopher who seeks to transform this powerful tradition of formation He gives his Christianized paideia a theological foundation by adapting and seamlessly integrating traditional pedagogical methods into his reading and communication of Scripture David Rylaarsdam provides an in depth case study of one prominent leader s attempt to transform culture by forming a coherent theological discourse that was adapted to the level of the masses

Argentina's last dictatorship and its traumatic memories and then to the troubled borderlands between Mexico and the United States to show how artists rescue shards of memory that would otherwise be relegated to the dustbin of history. In so doing, she makes us see not only how challenging it is to represent past traumas and violence but also how vitally necessary it is to do so as a political strategy for combating the tides of forgetting and for finding ways of being in common.
