Medieval Women and Their Objects Jennifer Adams, Nancy Bradbury, 2021-03-11 The essays gathered in this volume present multifaceted considerations of the intersection of objects and gender within the cultural contexts of late medieval France and England Some take a material view of objects showing buildings books and pictures as sites of gender negotiation and resistance and as extensions of women s bodies Others reconsider the concept of objectification in the lives of fictional and historical medieval women by looking closely at their relation to gendered material objects taken literally as women s possessions and as figurative manifestations of their desires The opening section looks at how medieval authors imagined fictional and legendary women using particular objects in ways that reinforce or challenge gender roles These women bring objects into the orbit of gender identity employing and relating to them in a literal sense while also taking advantage of their symbolic meanings The second section focuses on the use of texts both as objects in their own right and as mechanisms by which other objects are defined The possessors of objects in these essays lived in the world their lives documented by historical records yet like their fictional and legendary counterparts they too used objects for instrumental ends and with symbolic resonances The final section considers the objectification of medieval women s bodies as well as its limits While this at times seems to allow for a trade in women authorial attempts to give definitive shapes and boundaries to women s bodies either complicate the gender boundaries they try to contain or reduce gender to an ideological abstraction This volume contributes to the ongoing effort to calibrate female agency in the late Middle Ages honoring the groundbreaking work of Carolyn P Collette *The Grove Encyclopedia of Medieval Art and Architecture* Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture **A Descriptive**

Catalogue of the Books Forming the Library of Clarence H. Clark ... Clarence Howard Clark, 1888 *Feminism And Art History* Norma Broude, 2018-02-23 A long needed corrective and alternative view of Western art history these seventeen essays by respected scholars are arranged chronologically and cover every major period from the ancient Egyptian to the present While several of the essays deal with major women artists the book is essentially about Western art history and the extent to which it has been distorted in every period by sexual bias With 306 illustrations **Coronations** János M. Bak, 2024-03-29 Fascination with royal pomp and circumstance is as old as kingship itself The authors of Coronations

examine royal ceremonies from the ninth to the sixteenth century and find the very essence of the monarchical state in its public presentation of itself This book is an enlightened response to the revived interest in political history written from a perspective that cultural historians will also enjoy The symbolic and ritual acts that served to represent and legitimate monarchical power in medieval and early modern Europe include not only royal and papal coronations but also festive entries inaugural feasts and rulers funerals Fifteen leading scholars from North America Britain France Germany Poland and Denmark explore the forms and the underlying meanings of such events as well as problems of relevant scholarship on these subjects All the contributions demonstrate the importance of in depth study of rulership for the understanding of premodern power structures Emphasis is placed on interdisciplinary approaches drawing on the findings of ethnography and anthropology combined with rigorous critical evaluation of the written and iconic evidence The editor s historiographical introduction surveys the past and present of this field of study and proposes some new lines of inquiry For reality is not a one dimensional matter even if we can establish what actually transpired we still need to ask how it was perceived by those present This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 *"Agency, Visuality and Society at the Chartreuse de Champmol "* SherryC.M. Lindquist,2017-07-05 Grounded in archival sources this interdisciplinary study explores the profound historical significance of the mausoleum of the Valois Dukes of Burgundy the Chartreuse de Champmol Although the monument is well known as the site of pivotal works of art by Claus Sluter Melchior Broederlam Jean de Beaumetz and others until now art historians have not considered how these works functioned at the center of a complex social matrix Sherry Lindquist here considers the sacred subjects of the various sculptures and paintings not merely as devotional tools or theological statements but as profoundly influential social instruments that negotiated complex interactions of power Lindquist s sophisticated discussion coordinates analysis of primary sources with the most up to date scholarship in the field of art history not only with respect to late medieval Burgundian art but also to more theoretical questions pertaining to reception *Bradshaw's illustrated hand-book to Germany* George Bradshaw,1867 *Virtue Ethics for Women 1250-1500* Karen Green,Constant Mews,2011-04-05 This book locates Christine de Pizan s argument that women are virtuous members of the political community within the context of earlier discussions of the relative virtues of men and women It is the first to explore how women were represented and addressed within medieval discussions of the virtues It introduces readers to the little studied *Speculum Dominarum* Mirror of Ladies a mirror for a princess compiled for Jeanne of Navarre which circulated in the courtly milieu that nurtured Christine Throwing new light on the way in which Medieval women understood the virtues and were represented by others as virtuous subjects it positions the ethical ideas of Anne of France Laura Cereta Marguerite of

Navarre and the Dames de la Roche within an evolving discourse on the virtues that is marked by the transition from Medieval to Renaissance thought Virtue Ethics for Women 1250 1500 will be of interest to those studying virtue ethics the history of women s ideas and Medieval and Renaissance thought in general **The Portrait Gallery of the Crystal Palace** Samuel PHILLIPS (LL.D.),1854 **The Portrait Gallery of the Crystal Palace** Samuel Phillips,1854 Southern France, Including Corsica Karl Baedeker (Firm),1902 **Manuscripta** ,1957 Issues for Feb 1957 July 1959 include a Checklist of the Vatican manuscript codices available for consultation at the Knights of Columbus Vatican Film Library at St Louis University pts 1 8 *Living Pictures* Noa Turel,2020-09-25 A significant new interpretation of the emergence of Western pictorial realism When Jan van Eyck c 1390 1441 completed the revolutionary Ghent Altarpiece in 1432 it was unprecedented in European visual culture His novel visual strategies including lifelike detail not only helped make painting the defining medium of Western art they also ushered in new ways of seeing the world This highly original book explores Van Eyck s pivotal work as well as panels by Rogier van der Weyden and their followers to understand how viewers came to appreciate a world depicted in two dimensions Through careful examination of primary documents Noa Turel reveals that paintings were consistently described as *au vif* made not from life but into life Animation not representation drove Van Eyck and his contemporaries Turel s interpretation reverses the commonly held belief that these artists were inspired by the era s burgeoning empiricism proposing instead that their living pictures helped create the conditions for empiricism Illustrated with exquisite fifteenth century paintings this volume asserts these works key role in shaping rather than simply mirroring the early modern world *Northern France, from Belgium and the English Channel to the Loire, Excluding Paris and Its Environs* Karl Baedeker (Firm),1909 **Pictures of the Old French Court** Catherine Mary Bearne,1900 **Vision, Devotion, and Self-Representation in Late Medieval Art** Alexa Sand,2014-03-31 Focuses on one of the most attractive features of late medieval manuscript illumination the portrait of the book owner at prayer within the pages of her prayer book Pictures of the old French court. Jeanne de Bourbon, Isabeau de Bavière, Anne de Bretagne Mrs. Bearne,2023-10-28 In Mrs Bearne s book *Pictures of the old French court* Jeanne de Bourbon Isabeau de Bavi re Anne de Bretagne readers are immersed in the lavish and opulent world of the French court depicted through detailed portraits of prominent figures such as Jeanne de Bourbon Isabeau de Bavi re and Anne de Bretagne Bearne s literary style elegantly captures the essence of the time period painting vivid pictures of the extravagant courtly life and political intrigues of the old French monarchy This book serves as a valuable resource for those interested in historical literature and the cultural milieu of medieval France Mrs Bearne a seasoned historian with a deep understanding of French history brings to life the intricate details of courtly life and the fascinating personalities that shaped the old French court Her expertise in the subject matter shines through in the meticulous research and engaging narrative of the book I highly recommend *Pictures of the old French court* to readers who are passionate about history art and the intricacies of royal life in medieval France
