Revolution And The Multiclass Coalition In Nicaragua:

Revolution and the Multiclass Coalition in Nicaragua Mark Everingham,2010-11-23 This book tells the intriguing story of the multi class coalition that formed to overthrow Somoza's Nicaraguan government in July of 1979 Mark Everingham offers personal accounts from members of the elite class to determine the factors that led them to join the popular class in support of the Sandinista uprising

Revolution and the Multiclass Coalition in Nicaragua Mark Everingham,1996 This book tells the intriguing story of the multi class coalition that formed to overthrow Somoza's Nicaraguan government in July of 1979 Mark Everingham offers personal accounts from members of the elite class to determine the factors that led them to join the popular class in support of the Sandinista uprising

Revolution, Revival, and Religious Conflict in Sandinista Nicaragua Calvin L. Smith,2007-03-31 This interdisciplinary study breaks new ground by exploring relations between Protestants mainly Pentecostals and the Sandinistas in revolutionary Nicaragua which to date have received scant attention It challenges the view that most Protestants supported the Sandinistas in fact the majority vigorously opposed them and establishes why many believed Nicaragua was heading towards communism or totalitarianism Meanwhile the Sandinistas expressed irritation with Pentecostalism's otherworldliness and support for Israel Pentecostals were harassed even brutally repressed in the northern highlands leading many to join the Contras That a minority of Protestants supported the Sandinistas caused further problems Pentecostals and Sandinistas were ideological rivals offering an alternative vision to the poor revolution or revival As Pentecostalism exploded a collision between the two was inevitable

Transnational Conflicts William I. Robinson,2003-10-16 Capitalism has disrupted the conventional pattern of revolutionary upheaval civil wars and pacification in Central America William Robinson maps the shape of change in the region

The Sandinista Revolution Mateo Jarquín,2024-04-10 The Sandinista Revolution and its victory against the Somoza dictatorship in Nicaragua gripped the United States and the world in the 1980s But as soon as the Sandinistas were voted out of power in 1990 and the Iran Contra affair ceased to make headlines it became in Washington at least a thing of the past Mateo Jarquin recenters the revolution as a major episode in the history of Latin America the international left and the Cold War Drawing on research in Nicaragua Cuba Mexico Panama and Costa Rica he recreates the perspective of Sandinista leaders in Managua and argues that their revolutionary project must be understood in international context Because struggles over the Revolution unfolded transnationally the Nicaraguan drama had lasting consequences for Latin American politics at a critical juncture It also reverberated in Western Europe among socialists worldwide and beyond illuminating global dynamics like the spread of democracy and the demise of a bipolar world dominated by two superpowers Jarquin offers a sweeping analysis of the last left wing revolution of the twentieth century an overview of inter American affairs in the 1980s and an incisive look at the making of the post Cold War order

States, Ideologies, and Social Revolutions Misagh Parsa,2000-08-17 Between 1979 and 1986 Iran Nicaragua and the Philippines underwent dramatic

political and social revolutions This book examines the conditions and processes that gave rise to revolutions and their outcomes through an in depth analysis of economic and political developments in these countries The book studies the background to revolution provided by state formation and development economic intervention the states vulnerabilities and the social consequences of their development policies Extensive primary data is used to analyze the impact of the collective actions and ideologies of the major social groups involved students clergy workers and capitalists and how they affected the potential for a successful revolutionary outcome Parsa challenges prevailing theories of social revolution and develops an alternative model that incorporates variables from a wide variety of perspectives His book provides a valuable framework within which to understand the causes of revolutions their mechanics and development and their outcomes **Sandinista**

Narratives Jean-Pierre Reed,2020-10-21 Sandinista Narratives is an analysis of the role of agency in the Nicaraguan Revolution and its aftermath Jean Pierre Reed argues that the insurrection in Nicaragua was shaped by political contingency action specific subjectivity and popular culture He also examines how Sandinista ideology contributed to state building in Nicaragua while tracing the role of post revolutionary Sandinismo as a political identity *Revolution* Rosemary H. T. O'Kane,2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more Capitalists and Revolution in Nicaragua Rose J.

Spalding,2017-11-01 By tracing the complex relationship between the Sandinista government and the Nicaraguan business elite this book examines the shifting mix of alliances and oppositions that shaped the Sandinista revolution Rose Spalding takes issue with models of the business sector that assume a high degree of class cohesion Drawing on carefully structured interviews with ninety one private sector leaders at the end of the Sandinista era Spalding documents responses to the Sandinista government that range from extreme ideological hostility to enthusiastic support To explain this variation Spalding explores such factors as the prerevolutionary social and economic characteristics of the elite their organizational networks and their experiences with expropriation and government subsidies She is one of the first scholars to look at the ways in which these groups have evolved in the postrevolutionary era under the Chamorro government In addition Spalding provides a valuable analysis of four other cases of attempted structural change thereby drawing broader cross national comparisons and developing theoretical insights about the political character of the bourgeoisie Originally published in 1994 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **U. S. Intervention and Regime Change in Nicaragua** Mauricio Solaun,2021-08-05 As President Carter s ambassador to

Nicaragua from 1977-1979. Mauricio Solana witnessed a critical moment in Central American history. In *U.S. Intervention and Regime Change in Nicaragua*, Solana outlines the role of U.S. foreign policy during the Carter administration and explains how this policy with respect to the Nicaraguan Revolution of 1979 not only failed but helped impede the institutionalization of democracy there. Late in the 1970s, the United States took issue with the Nicaraguan dictator Anastasio Somoza. Moral suasion, economic sanctions, and other peaceful instruments from Washington led to violent revolution in Nicaragua and bolstered a new dictatorial government. A U.S.-supported counterrevolution formed, and Solana argues that the United States attempts to this day to determine who rules Nicaragua. Solana explores the mechanisms that kept Somoza's poorly legitimized regime in power for decades, making it the most enduring Latin American authoritarian regime of the twentieth century. Solana argues that continual shifts in U.S. international policy have been made in response to previous policies that failed to produce U.S.-friendly international environments. His historical survey of these policy shifts provides a window on the working of U.S. diplomacy and lessons for future policy making.

Paulo Freire and the Cold War Politics of Literacy Andrew J. Kirkendall, 2010. Paulo Freire and the Cold War Politics of Literacy is a meticulously researched study. Kirkendall offers a sweeping view of Freire's life work across three continents: from northeastern Brazil to Chile to Harvard University and the World Council of Churches to Guinea-Bissau and Nicaragua and back to Brazil. This book will be required reading for anyone interested in Freire and the reach of his ideas. Jerry Davila, author of *Hotel Tropic: Brazil and the Challenge of African Decolonization, 1950-1980*.

Revolution in the Making of the Modern World John Foran, David Lane, Andreja Zivkovic, 2007-11-05. Featuring contributions from leading thinkers on revolution, it combines theoretical concerns with case studies of individual revolutions to question whether ideas of revolution are still relevant in the postmodern and globalized world of the twenty-first century.

Sandinistas Robert J. Sierakowski, 2019-12-31. A bold new perspective on the liberation movement that brought the Sandinista National Liberation Front to power, overthrowing the longest running dictatorship in Latin America. Robert J. Sierakowski's *Sandinistas: A Moral History* offers a new vantage point of the Sandinista movement beyond geopolitics and ideologies. In 1979, Nicaragua. Using unique sources from trial transcripts to archival collections and oral histories, Sierakowski shows the central role that was played by everyday Nicaraguans. Focusing on the country's rural north, Sierakowski explores how a diverse coalition of labor unionists, student activists, housewives, and peasants inspired by Catholic liberation theology came to successfully challenge the legitimacy of the Somoza dictatorship and its entrenched networks of power. Mobilizing communities against the ubiquitous cantinas, gambling halls, and brothels, grassroots organizers exposed the regime's complicity in promoting social ills, disorder, and quotidian violence while helping to construct radical new visions of moral uplift and social renewal. Sierakowski similarly recasts our understanding of the Nicaraguan National Guard, grounding his study of the Somozas' army in the social and cultural world of the ordinary soldiers who enlisted and fought in defense of the dictatorship. Sierakowski unearths long buried stories of military repression and violence, including

widespread civilian massacres that pushed thousands of previously unaligned Nicaraguans into the ranks of the guerrilla insurgency by the late 1970s

A Compact History of Latin America's Cold War Vanni Pettinà, 2022-09-15 While not commonly centered in the Cold War story Latin America was intensely affected by that historic conflict In this book available for the first time in English Vanni Pettin makes sense of the region's diverse complex political experiences of the Cold War era Cross fertilized by Latin American and Anglophone historiography his account shifts from an overemphasis on U S interventions toward a comprehensive Latin American perspective Connecting Cold War events to the region's political polarizations revolutionary mobilizations draconian state repression and brutal violence in almost every sphere Pettin demonstrates that Latin America's Cold War was rarely cold In the midst of the tumult some countries showed resilience and capacity to bend the disruptive dynamics to their advantage Mexico for example drew on a mix of nationalism and anticommunism aided by the United States to achieve strong economic growth and political stability Cuba in contrast used Soviet protection to shield its revolution from the United States and to strengthen its capacity to project power in Latin America and beyond Interweaving global and local developments along an insightful analytical frame Pettin reveals the distinct consequences of the Cold War in the Western Hemisphere

In the Shadow of the United States Giancarlo Soler Torrijos, Giancarlo Soler, 2008 How is the process of democratization different in those countries influenced by the United States Being so close to this world power the Latin Caribbean should have been one of the first regions and not one of the last to become democratic An intersection between Comparative Politics and International Relations the book portrays democratization not as a purely domestic process but as a regional one It also shows the limits of US influence US power distorted regime trajectories without being sufficient to determine their outcomes This book is central to understanding the impact of US efforts to promote democracy and the international dimension of regime transitions It is also useful to grasp the configuration of the Latin Caribbean as a distinct sub region

The History of Central America Thomas L. Percy, 2005-12-30 Central America is an extraordinarily beautiful part of the world with sweeping panoramic vistas of tropical vegetation towering mountains and striking ethnic and racial diversity This tropical paradise has a history as diverse as its people and cultures Starting with the Maya in ancient Mesoamerica the History of Central America continues with European contact and the subsequent subjugation of the people of Central America Spaniards established and ruled their Central American empire during the Colonial period This led to the National period independence movements and the subsequent development of independent sovereign Central American nations By the mid 20th century the economies governments and populations of the seven republics had evolved so distinctly that each has its own unique set of challenges to deal with today Percy examines the development of each individual nation and the regional similarities that propelled or constrained that development Ideal for students and general readers the History of Central America is part of Greenwood's Histories of Modern Nations series With over 30 nations histories in print these books provide readers with a concise up to

date history of countries throughout the world Reference features include a biographical section highlighting famous figures in Central American history a timeline of important historical events a glossary of terms and a bibliographical essay with suggestions for further reading Environmental Contexts and Disability Barbara Altman, Sharon N. Barnartt, 2014-11-07 This volume presents papers which address both individual and societal levels of environment in relation to disability and shed new light on the processes involved with creating or modifying these environmental supports or barriers Latin American Politics Eduardo Alemán, 2020-07-23 While it is true that poverty political instability and economic underperformance continue to be major problems in Latin America the region has made substantial progress in raising standards of living and overcoming military authoritarianism Latin American Politics reflects just how much the region has changed in the last two decades Eduardo Alemán draws on contemporary research in comparative studies on institutions elections and public opinion to highlight the big questions that political scientists seek to answer today What are the causes of political instability What factors have influenced changes in economic and gender inequality What are the implications of different political institutions for political outcomes Latin America and the Origins of Its Twenty-First Century Michael Monteón, 2009-12-30 Latin American societies were created as pre industrial colonies that is peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal In all these societies a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies And yet Latin America has a public life not merely governments but citizens who are actively involved in trying to improve the lives and welfare of their populations Monteón focuses on the relation of people's lifestyles to the evolving pattern of power relations in the region Much more than a basic description of how people lived this book melds social history politics and economics into one creating a full picture of Latin American life There are two poles or markers in the narrative about people's lives the cities and the countryside Cities have usually been the political and cultural centers of life from the conquest to the present Monteón concentrates on cities in each chronological period allowing the narrative to explain the change from a religiously centered life to the secular customs of today from an urban form organized about a central plaza and based on walking to one dominated by the automobile and its traffic Each chapter relates the connections between the city and its countryside and explains the realities of rural life Also discussed are customs diets games and sports courting and marriage and how people work **Encyclopedia of the Developing World** Thomas M. Leonard, 2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons

and organizations and detail the progress made within geographic regions and by individual countries
