Revolution Of The Mystics On The Social Aspects Of Virasaivism:

Revolution of the Mystics Jan Peter Schouten,1995 One of the most fascinating episode in the religious history of Southern India is the rise of the Virasaiva movement These heroic followers of Siva also called Lingayatas are characterized by a unique combination of intense devotion and social reformation The movement arose in the twelfth century under the charismatic leadership of Basava Men and women from every backgroud highcaste as well as untouchable joined the experimental community of the Virasaivas They has their own sacred literature in the form of short poems in the vernacular language of the region Kannada *Revolution of the Mystics* Jan Peter Schouten,1995 *Subaltern Saints in India*

Meenakshi Jha,2022-01-01 The present era of complexity anxiety and moral turpitude is in need of spiritual solace and God s grace more than ever before The established frameworks of religion have not entirely been successful in streamlining the rapport between the maker and the creation The emergence and progression of bhakti saints is a significant power in this direction Living exemplary realised lives on their own terms mostly in opposition to the given frame of life the bhakti saints heralded a new possibility of the egalitarian order without any bigotry or dogmatism The book undertakes a probe into the specific contributions made by two hitherto neglected sections of the Indian society namely women and Sudras The precepts and lives of these subaltern saints reiterate the possibility of personal salvation and social regeneration having

transformative potential for breaking the barriers of iniquitous hierarchical structures **Critical Humanities from India** D. Venkat Rao,2018-03-09 The field of humanities generates a discourse that traditionally addressed the questions of what is proper to man rights of man crimes against humanity human creativity and action human reflection and performance human utterance and artefact The university as a philosophical political institution transmits this humanist account This European humanistic legacy which is little more than Christian anthropology barely received any questioning from cultures that faced colonialism In such a context this volume attempts to unravel the barely secularized heritage of Europe Derrida s phrase and its fatal consequences in other cultures The task of Critical Humanities is to explore the ways in which the question of being human along with non human others today from heterogeneous cultural backgrounds can be undertaken The future of the humanities teaching and research is contingent upon the risky task of configuring cultural difference from non European locations Such a task is inescapable and urgently needed when tectonic cultural upheavals have begun to show devastating effect on planetary coexistence today It is precisely in such a context that this collection of essays on critical humanities affirms without alibi the urgency of collective reflection and innovative research across the traditional disciplinary and institutional borders and communication systems on the one hand and Asian African and European cultural formations on the other Critical Humanities are at one level little more than communities on the verge critical but whose centuries long survival and resilient creations of cultural and as natural habitats are of deeply enduring significance to affirm the biocultural diversities of living that compose the planet Topical and timely this book will be useful to scholars researchers and teachers

Textual Lives of Caste Across the Ages Prathama Banerjee, 2024-10-17 The essays in this volume explore the myriad ways in which caste varna and jati has been theorized and critiqued in multiple philosophical religious logical and narrative traditions in India Spanning ancient medieval and modern times and in diverse classical and vernacular languages the chapters show how the social fact of caste and imaginations of kinship community and humanity were historically subject to epistemological spiritual and existential debate in both elite and popular circles in India Textual Lives of Caste Across the Ages seeks to bridge the interdisciplinary gap between historians and sociologists by focusing on texts that help us think across the sociological and philosophical the political and the religious the epistemological and the aesthetic and indeed the elite and the popular The volume also sets up a conversation between scholars specializing in different regions archives and historical periods and demonstrates how caste imaginaries have been deeply diverse and contested in India's past Reconstructing these diverse traditions of social and existential criticism helps us in our contemporary struggles against caste hierarchy and untouchability and enriches our contemporary critical repertoire

Modern Hinduism in Text and Context Lavanya Vemsani, 2018-07-26 Modern Hinduism in Text and Context brings together textual and contextual approaches to provide a holistic understanding of modern Hinduism It examines new sources including regional Saiva texts Odissi dance and biographies of Nationalists and discusses topics such as yoga dance visual art and festivals in tandem with questions of spirituality and ritual The book addresses themes and issues yet to receive in depth attention in the study of Hinduism It shows that Hinduism endures not only in texts but also in the context of festivals and devotion and that contemporary practice devotional literature creative traditions and ethics inform the intricacies of a religion in context Lavanya Vemsani draws on social scientific methodologies as well as history ethnography and textual analysis demonstrating that they are all part of the toolkit for understanding the larger framework of religion in the context of emerging nationhood transnational and transcultural interactions

Major World Religions Lloyd Ridgeon, 2003-12-08 This work seeks to answer questions about the great religious traditions in the contemporary age It focuses upon those religions that continue to demand the attention of the Western world Following an introduction on the philosophy of religion attention is focused on Hinduism Buddhism Judaism Christianity and Islam which are religions that have had and probably continue to have the greatest number of followers in Western society In addition to the lasting impact that religion has had in society we are witnesses to the development of secularism on the one hand and the revival of religious sentiment on the other thus chapters on modernity postmodernism and fundamentalism have also been included The distinctive feature of the book is its modern feel Each chapter brings the reader up to date with recent developments and commentaries upon recent religious thought theology and religious political movements Moreover the length of the chapters permits a detailed analysis which is so often

lacking in books on world religions **Dynamics of Dissent** John Clammer, Meera Chakravorty, Marcus Bussey, Tanmayee Banerjee, 2019-07-26 This book analyses dissent and its manifestations in movements of social and political transformation across communities and cultures It shows how these movements create ruptures in the structures of power and social hierarchy expressed through songs slogans poetry and performances The chapters in the book explore these sites of transgression and the imprint they leave on culture politics beliefs and the collective society via music and poetry as in the Bhakti movement or through feministic theories born in post World War Europe It also explores how these dynamic movements generate alternate spaces within which the self identity and collective purpose take new forms and find new meanings as they travel This book will be of interest to students and scholars of the humanities literature history sociology politics and culture studies **Brahmavidyā** ,1995 Includes text and translations of manuscripts found in the library
