

Revolutionary America

Carol Berkin, Jennifer L. Morgan

Revolutionary America:

Revolutionary America, 1763-1815 Francis D. Cogliano, 2003-09-02 The American Revolution describes and explains the crucial events in the history of the United States between 1763 and 1815 when settlers in North America rebelled against British authority won their independence in a long and bloody struggle and created an enduring republic Placing the political revolution at the core of the story this book considers the deterioration of the relationship between Britain and the American colonists the Wars of Independence the creation of the republican government and the ratification of the United States Constitution the trials and tribulations of the first years of the new republic The American Revolution also examines those who paradoxically were excluded from the political life of the new republic and the American claim to uphold the principle that all men are created equal In particular this book describes the experiences of women who were often denied the rights of citizens Native Americans and African Americans The American Revolution is an important book for all students of the American past

Revolutionary America, 1763-1815 Francis D. Cogliano, 2016-12-01 Revolutionary America explains the crucial events in the history of the United States between 1763 and 1815 when settlers of North America rebelled against British rule won their independence in a long and bloody struggle and created an enduring republic Centering the narrative on the politics of the new republic Revolutionary America presents a clear history of the War of Independence and lays a distinctive foundation for students and scholars of the early American republic Author Francis D Cogliano pays particular attention to the experiences of those who were excluded from the immediate benefits and rights secured by the creation of the republic including women Native Americans and African Americans This third edition has been fully revised and updated to incorporate the insights of the latest scholarship throughout including additional discussion of regional differences and the role of religion New chapters cover the War of 1812 the Revolution as a social movement and the experience of Loyalists allowing students to grasp further dimensions of the conflict and the emergence of the United States

Voices of Revolutionary America Carol Sue Humphrey, 2011-05-23 This book describes the everyday lives of people during the American Revolution as they adapted to the political and military conflicts of the time Students studying the American Revolutionary War learn primarily about battles and how independence from the British was achieved In Voices of Revolutionary America Contemporary Accounts of Daily Life readers get the largely untold story of the American Revolution the ongoing issues and details of life in the background behind the battles This book surveys the entirety of the Revolutionary era describing topics like marriage childbirth learning a trade cost of living slavery and religion in the late 18th century While some documents from the 1760s and early 1770s are provided to present general information about life the book focuses on the years of the war from 1775 to 1783 and describes how the prolonged conflict impacted people's day to day lives

Tom Paine and Revolutionary America Eric Foner, 2005 Since its publication in 1976 Tom Paine and Revolutionary America has been recognized as a classic study of the career of the foremost political pamphleteer of the Age of Revolution

and a model of how to integrate the political intellectual and social history of the struggle for American independence Foner skillfully brings together an account of Paine's remarkable career with a careful examination of the social worlds within which he operated in Great Britain France and especially the United States He explores Paine's political and social ideas and the way he popularized them by pioneering a new form of political writing using simple direct language and addressing himself to a reading public far broader than previous writers had commanded He shows which of Paine's views remained essentially fixed throughout his career while directing attention to the ways his stance on social questions evolved under the pressure of events This enduring work makes clear the tremendous impact Paine's writing exerted on the American Revolution and suggests why he failed to have a similar impact during his career in revolutionary France And it offers new insights into the nature and internal tensions of the republican outlook that helped to shape the Revolution In a new preface Foner discusses the origins of this book and the influences of the 1960s and 1970s on its writing He also looks at how Paine has been adopted by scholars and politicians of many stripes and has even been called the patron saint of the Internet

Revolutionary America: The People and Events of the 18th Century Pasquale De Marco, 2025-07-10 Journey through the tumultuous era of Revolutionary America in this captivating historical narrative Spanning from the early 1700s to the dawn of the 19th century this book delves into the extraordinary events inspiring leaders and transformative ideals that shaped the destiny of a nation Within these pages you will discover the roots of discontent that fueled the American Revolution witnessing firsthand the passionate debates over liberty and independence Meet the courageous individuals who dared to challenge British rule from fiery orators to steadfast soldiers and explore the political social and cultural forces that propelled the fight for freedom Go beyond the battlefields and delve into the intellectual and cultural currents that defined the era Understand the influence of Enlightenment ideals the power of words in shaping public opinion and the role of art and literature in reflecting the spirit of the times Discover the diverse perspectives of different groups from enslaved African Americans to Native American tribes whose lives were profoundly impacted by the revolutionary fervor This comprehensive account brings to life the electrifying atmosphere of town hall meetings the fervor of patriotic speeches and the anxiety of wartime uncertainty Through meticulous research and vivid storytelling you will gain a deeper appreciation for the challenges and choices that shaped the course of history and the enduring significance of the American Revolution as a watershed moment in human history Immerse yourself in the rich tapestry of Revolutionary America and emerge with a profound understanding of the resilience of the American spirit the power of unity in the face of adversity and the transformative potential of ideals that ignite the flame of freedom This book is not just a historical account it's an exploration of the eternal quest for liberty justice and the pursuit of a more perfect union If you like this book write a review

The Revolutionary War C. Carter Smith, 1991 Describes historical political and military aspects

Colonial America Jerome R Reich, 2016-07-01 This brief up to date examination of American colonial history draws connections between the colonial period and American life today by including formerly

neglected areas of social and cultural history and the role of minorities African Americans Native Americans women and laboring classes It summarizes and synthesizes recent studies and integrates them with earlier research Key topics European Backgrounds The Native Americans The Spanish Empire in America The Portuguese French and Dutch Empires in America The Background of English Colonization The Tobacco Colonies Virginia and Maryland The New England Colonies The Completion of Colonization Seventeenth Century Revolts and Eighteenth Century Stabilization Colonial Government African Americans in the English Colonies Immigration Colonial Agriculture Colonial Commerce Colonial Industry Money and Social Status The Colonial Town The Colonial Family Religion in Colonial America Education in Colonial America Language and Literature Colonial Arts and Sciences Everyday Life in Colonial America The Second Hundred Years War The Road to Revolution The Revolutionary War Governments for a New Nation Market For anyone interested in Colonial History American Revolution or Early American Social History Women in Early America Carol Berkin, Jennifer L.

Morgan, 2015-03-20 Tells the fascinating stories of the myriad women who shaped the early modern North American world from the colonial era through the first years of the Republic Women in Early America edited by Thomas A Foster goes beyond the familiar stories of Pocahontas or Abigail Adams recovering the lives and experiences of lesser known women both ordinary and elite enslaved and free Indigenous and immigrant who lived and worked in not only British mainland America but also New Spain New France New Netherlands and the West Indies In these essays we learn about the conditions that women faced during the Salem witchcraft panic and the Spanish Inquisition in New Mexico as indentured servants in early Virginia and Maryland caught up between warring British and Native Americans as traders in New Netherlands and Detroit as slave owners in Jamaica as Loyalist women during the American Revolution enslaved in the President's house and as students and educators inspired by the air of equality in the young nation Foster showcases the latest research of junior and senior historians drawing from recent scholarship informed by women's and gender history feminist theory gender theory new cultural history social history and literary criticism Collectively these essays address the need for scholarship on women's lives and experiences Women in Early America heeds the call of feminist scholars to not merely reproduce male centered narratives add women and stir but to rethink master narratives themselves so that we may better understand how women and men created and developed our historical past **Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History** James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the

first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America s colonial heritage vibrantly to life for today s readers It includes thematic essays on major issues and topics detailed A Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes

Women, Family, and Community in Colonial America Linda E. Speth, Alison Duncan Hirsch, 1983 The influence of women in the colonial family and the community is examined using tax and probate records of southside Colonial Virginia

Sex and Sexuality in Early America Merril D. Smith, 1998-09 What role did sexual assault play in the conquest of America How did American attitudes toward female sexuality evolve and how was sexuality regulated in the early Republic Sex and sexuality have always been the subject of much attention both scholarly and popular Yet accounts of the early years of the United States tend to overlook the importance of their influence on the shaping of American culture Sex and Sexuality in Early America addresses this neglected topic with original research covering a wide spectrum from sexual behavior to sexual perceptions and imagery Focusing on the period between the initial contact of Europeans and Native Americans up to 1800 the essays encompass all of colonial North America including the Caribbean and Spanish territories Challenging previous assumptions these essays address such topics as rape as a tool of conquest perceptions and responses to Native American sexuality fornication bastardy celibacy and religion in colonial New England gendered speech in captivity narratives representations of masculinity in eighteenth century seduction tales the sexual cosmos of a southern planter and sexual transgression and madness in early American fiction The contributors include Stephanie Wood Gordon Sayre Steven Neuwirth Else L Hambleton Erik R Seeman Richard Godbeer Trevor Burnard Natalie A Zacek Wayne Bodle Heather Smyth Rodney Hessinger and Karen A Weyler

The Rise and Fall of Democracy in Early America, 1630-1789 Joshua Miller, 1991-04-08 The Rise and Fall of Democracy in Early America describes and explores the emergence of a directly democratic political culture in America the Federalists theoretical campaign against that culture and the legacy of the struggle over democracy for politics today The Rise and Fall of Democracy in Early America traces the rise of democracy in America beginning with the Puritans of New England the radicalization during the eighteenth century of Puritan notions of community autonomy and participation and the Antifederalist attempt to preserve a democratic political culture in the face of Federalist efforts to centralize power and distance it from the people by the passage of the 1787 Constitution Despite its historical concerns this book is not a history of institutions or a history of ideas It is a work of political theory that explores

certain early American texts and debates and discusses the theoretical questions raised by those texts and debates emphasizing those issues most relevant to democratic thought in our own time Among the many insights into our democratic heritage that Joshua Miller affords us in his discussion of the Puritan theory of membership and the Antifederalist theory of autonomous communities is the hitherto obscured affinity between democracy and conservatism Whereas many treatments of early American political thought make the debate over the ratification of the Constitution appear dry and abstract this book shows the clash of political values and ideals that were at the heart of the struggle It illustrates how the Federalists employed a democratic sounding vocabulary to cloak their centralizing elitist designs Miller introduces readers to a political theory of direct democracy that is presented as an alternative to Marxism liberalism and mainstream conservatism This new democratic theory based on an early American political tradition should serve as a stimulus for rethinking the directions we are taking in politics today

The Economy of Early America Cathy D. Matson, 2006-01-01 In recent years scholars in a number of disciplines have focused their attention on understanding the early American economy The result has been an outpouring of scholarship some of it dramatically revising older methodologies and findings and some of it charting entirely new territory new subjects new places and new arenas of study that might not have been considered economic in the past *The Economy of Early America* enters this resurgent discussion of the early American economy by showcasing the work of leading scholars who represent a spectrum of historiographical and methodological viewpoints Contributors include David Hancock Russell Menard Lorena Walsh Christopher Tomlins David Waldstreicher Terry Bouton Brooke Hunter Daniel Dupre John Majewski Donna Rilling and Seth Rockman as well as Cathy Matson

The Struggle for Power in Colonial America, 1607-1776 William R. Nester, 2017-10-11 America's colonial era began and ended dramatically with the founding of the first enduring settlement at Jamestown on May 14 1607 and the Declaration of Independence in Philadelphia on July 4 1776 During those 169 years conflicts were endemic and often overlapping among the colonists between the colonists and the original inhabitants between the colonists and other imperial European peoples and between the colonists and the mother country As conflicts were endemic so too were struggles for power This study reveals the reasons for stages and results of these conflicts The dynamic driving this history are two inseparable transformations as English subjects morphed into American citizens and the core American cultural values morphed from communitarianism and theocracy into individualism and humanism These developments in turn were shaped by the changing ways that the colonists governed made money waged war worshipped thought wrote and loved Extraordinary individuals led that metamorphosis explorers like John Smith and Daniel Boone visionaries like John Winthrop and Thomas Jefferson entrepreneurs like William Phips and John Hancock dissidents like Rogers Williams and Anne Hutchinson warriors like Miles Standish and Benjamin Church free spirits like Thomas Morton and William Byrd and creative writers like Anne Bradstreet and Robert Rogers Then there was that quintessential man of America's Enlightenment Benjamin Franklin And finally George Washington who more than

anyone was responsible for winning American independence when and how it happened **The American Revolution** Robert Allison,2011-02-01 Here is a brisk accessible and vivid introduction to arguably the most important event in the history of the United States the American Revolution Between 1760 and 1800 the American people cast off British rule to create a new nation and a radically new form of government based on the idea that people have the right to govern themselves In this lively account Robert Allison provides a cohesive synthesis of the military diplomatic political social and intellectual aspects of the Revolution paying special attention to the Revolution s causes and consequences The book recreates the tumultuous events of the 1760s and 1770s that led to revolution such as the Boston Massacre and the Boston Tea Party as well as the role the Sons of Liberty played in turning resistance into full scale revolt Allison explains how and why Americans changed their ideas of government and society so profoundly in these years and how the War for Independence was fought and won He highlights the major battles and commanders on both sides with a particular focus on George Washington and the extraordinary strategies he developed to defeat Britain s superior forces as well as the impact of French military support on the American cause In the final chapter Allison explores the aftermath of the American Revolution how the newly independent states created governments based on the principles for which they had fought and how those principles challenged their own institutions such as slavery in the new republic He considers as well the Revolution s legacy the many ways its essential ideals influenced other struggles against oppressive power or colonial systems in France Latin America and Asia Sharply written and highly readable The American Revolution offers the perfect introduction to this seminal event in American history Taverns and Drinking in Early America Sharon V. Salinger,2004-08-04 American colonists knew just two types of public building churches and taverns At a time when drinking water was considered dangerous everyone drank often and in quantity The author explores the role of drinking and tavern sociability

Historical Dictionary of the American Revolution Terry M. Mays,2019-02-08 The American Revolution pitted 13 loosely united colonies in a military political and economic struggle against Great Britain the mother country and arguably the most powerful state in the world during the late 18th century The independent spirit that led many individuals to leave homes in Europe and settle in the New World during the 17th and 18th centuries evolved into the drive that persuaded these same settlers and their descendants to challenge the colonial economic and taxation policies of Great Britain which lead to the armed conflict that resulted in a declaration of independence This third edition of Historical Dictionary of the American Revolution contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on the politics battles weaponry and major personalities of the war This book is an excellent resource for students researchers and anyone wanting to know more about the American Revolution **Revolutionary America, 1764-1789** Tim McNeese,Richard Jensen,2010 Presents the story of the American Revolution its causes and immediate aftermath **Radicals in their Own Time** Michael Anthony Lawrence,2010-11-22 Radicals in Their Own Time

explores the lives of five Americans with lifetimes spanning four hundred years who agitated for greater freedom in America. Every generation has them: individuals who speak truth to power and crave freedom from arbitrary authority. This book makes two important observations in discussing Roger Williams, Thomas Paine, Elizabeth Cady Stanton, W. E. B. Du Bois, and W. V. D. Swann. First, each believed that government must broadly tolerate individual autonomy. Second, each argued that religious orthodoxy has been a major source of society's ills and all endured serious negative repercussions for doing so. The book challenges Christian orthodoxy and argues that part of what makes these five figures compelling is their willingness to pay the price for their convictions much to the lasting benefit of liberty and equal justice in America. **Americans of 1776**

James Schouler, 1906
