retailer's endless pages of user-generated content. Selected Amazon Reviews at last gathers an appropriately wide swath of this material between two covers, revealing the project to be a unified whole and always more than a lark. Some for verified purchases, others for products enjoyed in theory. Killian's reviews draw on the influential strategies of New Narrative: his unrivaled fandom for both elevated and popular culture and the fine art of fabulation. Many of them are ingeniously funny flash-fictional riffs on the commodity as talismanic object, written by a cast of personas worthy of Pessoa. And many others are serious, even scholarly, earnest tributes to contemporaries and to small press books that may not have received attention elsewhere, offered with exemplary attention. All of Killian's reviews subvert the Amazon platform, queering it to his own play with language, identity, genre, critique. Killian's prose is a consistent pleasure throughout. Selected Amazon Reviews brimming with wit, lyricism, and true affection. As the Hall of Famer himself reflected on this form of his own invention shortly before his untimely passing in 2019: "They're reviews of a sort, but they also seem like novels. They're poems. They're essays about life. I get a lot of my kinks out there on Amazon."
