## **Rhapsodies Of A Repeat Offender:**

*Rhapsodies of a Repeat Offender* Wayne Koestenbaum, 1994 The collection's cornerstones are two rhapsodies long poems which combine the richness of a novel the intimacy of a lyric and the immediacy of a performance At the climax of the first the poet meets his double a dying boy whose shameful moniker is Baldie As if in response to this explosive confrontation the poet dares to write a second wilder Rhapsody a confessional improvisatory fantasia virtually a book in itself where abjection blossoms into formally innovative extravagance Three sequences complete the collection Piano Life a series of haunted meditations on music and mortality Erotic Collectibles a disarmingly unsentimental account of sexual awakening and Star Vehicles in which the poet sees his perplexities reflected in Bette Davis Sophia Loren Ida Lupino and other leading ladies

Humiliation Wayne Koestenbaum, 2011-08-02 Wayne Koestenbaum considers the meaning of humiliation in this eloquent work of cultural critique and personal reflection The lives of people both famous and obscure are filled with scarlet letter moments when their dirty laundry sees daylight In these moments we not only witness the reversibility of success of prominence but also come to visceral terms with our own vulnerable selves We can't stop watching the scene of shame identifying with it and absorbing its nearness and relishing our imagined immunity from its stain even as we acknowledge the universal embarrassing predicament of living in our own bodies With an unusual disarming blend of autobiography and cultural commentary noted poet and critic Wayne Koestenbaum takes us through a spectrum of mortifying circumstances in history literature art current events music film and his own life His generous disclosures and brilliant observations go beyond prurience to create a poetics of abasement Inventive poignant erudite and playful Humiliation plunges into one of the most disquieting of human experiences with reflections at once emboldening and humane *The Ends of Performance* Peggy

Phelan, Jill Lane, 1998 Featuring work by leading theorists excursions into performative writing and texts by performance artists The Ends of Performance illuminates the provocative intellectual ends which motivate these varied approaches to performing writing and to writing performance *A Companion to Rainer Werner Fassbinder* Brigitte Peucker, 2012-02-20 A Companion to Rainer Werner Fassbinder is the first of its kind to engage with this important figure Twenty eight essays by an international group of scholars consider this controversial director's contribution to German cinema German history gender studies and auteurship A fresh collection of original research providing diverse perspectives on Fassbinder's work in films television poetry and underground theatre Rainer Werner Fassbinder remains the preeminent filmmaker of the New German Cinema whose brief but prolific body of work spans from the latter half of the 1960s to the artist's death in 1982 Interrogates Fassbinder's influence on the seminal ideas of his time auteurship identity race queer studies and the cataclysmic events of German twentieth century history Contributions from internationally diverse scholars specializing in film culture and German studies Includes coverage of his key films including Gods of the Plague 1970 Beware of a Holy Whore 1971 The Bitter Tears of Petra von Kant 1972 Martha 1973 TV World on a Wire 1973 Effi Briest 1974 Ali Fear Eats the

Zeiger, 2018-05-31 Using as her starting point the story of Orpheus and Eurydice Melissa F Zeiger examines modern transformations of poetic elegy particularly as they reflect historical changes in the politics of gender and sexuality Although her focus is primarily on nineteenth and twentieth century poetry the scope of her investigation is grand from John Milton's Lycidas to very recently written AIDS and breast cancer elegies Milton epitomized the traditional use of the Orpheus myth as an illustration of the female threat to masculine poetic prowess focused on the beleaguered Orpheus Zeiger documents the gradual inclusion of Eurydice from the elegies of Algernon Charles Swinburne through the work of Thomas Hardy and John Berryman re examining the role of Eurydice and the feminine more generally in poetic production Zeiger then considers women poets who challenge the assumptions of elegies written by men sometimes identifying themselves with Eurydice Among these poets are H D Edna St Vincent Millay Anne Sexton and Elizabeth Bishop Zeiger concludes with a discussion of elegies for victims of current plagues explaining how poets mourning those lost to AIDS and breast cancer rewrite elegy in ways less repressive sacrificial or punitive than those of the Orphean tradition Among the poets discussed are Essex Hemphill Thom Gunn Mark Doty Audre Lorde Adrienne Rich and Marilyn Hacker      **Jackie Under My Skin** Wayne Koestenbaum, 2013-09-17 Jackie Under My Skin is a nuanced description of how Jacqueline Kennedy Onassis transformed our definitions of personal identity and style As Wayne Koestenbaum follows her into America's dreamwork far from pious family values he dares to see her as a pleasure principle a figure of Circean extravagance and liberates her from the propagandistic uses to which her image is often harnessed      *Restorative Justice* Jennifer Furio, 2002 America keeps expanding its prisons despite the lack of any

credible evidence to show that this punitive view of justice provides safer communities and reduces crime But how is this justice system serving us This book is an introduction to the concept and practice of restorative justice by Jennifer Furio who captured America's heart with her letter exchanges with murderers

Our Deep Gossip Christopher Hennessy, 2013-11-29 This book presents interviews with eight gay men who are celebrated American poets and writers discussing their early lives friends and communities that shaped their work histories of gay writers before them how sex and desire connect with artistic production and what coming out means to a writer

*AIDS Narratives* Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which

they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it **My Diva** Michael Montlack,2009-05-07 From Elizabeth Taylor Bette Midler and Diana Ross to Queen Elizabeth I Julia Child and Princess Leia these divas have been sister alter ego fairy godmother or model for survival to gay men and the closeted boys they once were And anyone straight or gay young or old male or female who ever needed a muse or found one will see their own longing mirrored here as well These witty and poignant short essays explore reasons for diva worship as diverse as the writers themselves My Diva offers both depth and glamour as it pays tribute with joy intelligence and fierce fierce love Finalist Lambda Book Award for LGBT Anthology Lambda Literary Foundation *Venue 2* Brenkman,2013-12-19 This review of modern literature includes fiction by Han Ong and Ida Fink and a selection of reportage including Scott L Malcolmson s article on white Christian militia in Oklahoma Bodo Morshauser on neo nazi street life in Berlin and the *Venue* critics on Hong Kong and literary debates **Constructing Masculinity** Maurice Berger,Brian Wallis,Simon Watson,2012-09-10 This anthology takes us beyond the status of masculinity itself questioning society s and the media s normative concepts of the masculine and considering the extent to which men and women can transcend these stereotypes and prescriptions The Soul Beneath the Skin David Nimmons,2002-05-28 This surprising and thought provoking book begins with the obvious fact that Stonewall happened 30 years ago and the perhaps less obvious fact that in the 30 years since an enormous number of social science studies have been done on gay men Dave Nimmons proceeds to synthesize that information to reveal a number of unseen patterns of gay male behavior truths about our lives we feel instinctively but have not named For instance countless studies show that gay men have developed a culture in which public violence is almost non existent which is notable when you consider that violence in this society is almost entirely a male phenomenon Even in intensely over crowded gay bars and discos with alcohol and testosterone saturating the atmosphere fist fights are virtually unheard of On in the area of volunteerism study after study shows that gay men volunteer at a much higher level than any other segment of the population and very interestingly our volunteerism is about evenly divided between gay and non gay causes as are our charitable contributions Our patterns of intimacy and friendship are much more diffuse and extended than heterosexual patterns sexual jealousy and exclusiveness are extremely different as are our relationships with women and our pursuit of playfulness and sexual bliss Altogether these gay social innovations have no parallel in modern American culture they describe a new kind of public ethics one with deep implications for gay men and for the larger society **Beethoven's Kiss** Kevin Kopelson,1996 The first chapter on the amateur pianist scrutinizes the way Andre Gide and Roland Barthes discuss piano playing their favorite composers and their homosexuality Situating these discussions within the histories of sexuality and amateur pianism the author argues that connections between musical and sexual mastery are shaped by the performance of class and gender Dennis Cooper Paul Hegarty,Danny Kennedy,2012 Dennis Cooper s writing has acquired a ferocious reputation for its bold experimentation its transgressive content and its emotional content which is both

Romantic and touching whilst cold and hard edged For over twenty years Cooper has explored the boundaries of human living and sexuality's centrality to that living The extreme situations he develops in his writing bring out parts of gay experience that a consensual community often shies away from likewise the heterosexual mainstream His most important genre is undoubtedly fiction but Cooper has also written poetry large quantities of journalistic works notably for Artforum and Spin and recently has had great success and recognition with theatrical works The book enters deep into the worlds Cooper fabricates and into the coolness of his expression This challenging work is addressed by a group of mostly young and new critical writers and academics who provide creative responses to Cooper's artistry The contributions which cover the breadth of Cooper's work develop themes and devices that advance his profound and disturbing world view In addition to the artistic responses the topics in the critical pieces range from sexuality in the suburbs to neurological responses to the work via the limits and possibilities of bodies Others look at the implications of contemporary electronic communication as outlined in Cooper's recent work or the use of space Cooper's writing receives a multi-faceted contextualisation and his literary ideas are made accessible to any reader interested in learning why Cooper is today regarded as one of the foremost writers in expressing the psychological point behind the centrality of sexual expression **Homopup** Gerry Gomez

Pearlberg, 2008-09-01 An exuberant collection of odes to man and woman's best friend Editor Pearlberg argues that queers have a special bond with their pets understanding them better because of their unique experiences at creating their own families These poems ranging from witty to elegiac sexy to sensuous comprise a fine collection of contemporary writing that tells readers in moving often brilliant poetry what it is like to live as a gay or lesbian person today *Readers and Reading* Andrew Bennett, 2014-07-15 Much literary criticism focuses on literary producers and their products but an important part of such work considers the end user the reader It asks such questions as how far can the author condition the response of the reader and how much does the reader create the meaning of a text Dr Bennett's collection includes important essays from such writers and critics as Wolfgang Iser Mary Jacobus Roger Chartier Michel de Certeau Shoshana Felman Maurice Blanchot Paul de Man and Yves Bonnefoy It looks in turn at deconstructionist feminist new historicist and psychoanalytical response to the school The book then considers the act of reading itself discussing such issues as the uniqueness of any reading and the difficulties involved in its analysis *Amy Sillman: Works on Paper* Amy Sillman, Wayne Koestenbaum, 2006 Amy Sillman Works on Paper ISBN 0 9743648 4 3 U S 45 00 Hardcover 10 x 11 in 100 pgs 75 color Item June Art Sillman is a painting lover's painter Peter Schjeldahl The Village Voice
