and Serial Autobiography *Healing and Beyond* by Bina Freiwald on the Concordia University Library Spectrum Research Repository website *Producing Hiroshima and Nagasaki* Yuko Shibata, 2018-08-31 National disciplinary and linguistic boundaries all play a role in academic study and nowhere is this more apparent than in traditional humanities scholarship surrounding the atomic bombing of Hiroshima and Nagasaki How would our understanding of this seminal event change if we read Japanese and Euro American texts together and across disciplines In *Producing Hiroshima and Nagasaki* Yuko Shibata juxtaposes literary and cinematic texts usually considered separately to highlight the connected divides in the production of knowledge on Hiroshima and Nagasaki shedding new light on both texts and contexts in the process Shibata takes up two canonical works American journalist John Hersey's account *Hiroshima* and French director Alain Resnais's avant garde film *Hiroshima Mon Amour* that are traditionally excluded from study in Japanese literature and cinema By examining Hersey's *Hiroshima* in conjunction with *The Bells of Nagasaki* Nagai Takashi and *Children of the A Bomb* Osada Arata both Japanese bestsellers Shibata demonstrates how influential Hersey's *Hiroshima* has been in forging the normative narrative of the hibakusha experience in Japan She also compares *Hiroshima Mon Amour* with Kamei Fumio's documentary *Still It's Good to Live* whose footage Resnais borrowed to depict atomic bomb victimhood Resnais's avant garde masterpiece she contends is the palimpsest of Kamei's surrealist documentary both blur the binaries between realist and avant garde representations Reading *Hiroshima Mon Amour* in its historical context enables Shibata to offer an entirely new analysis of Resnais's work She also delineates how Japanese films came to produce the martyrdom narrative of the hibakusha in the early postwar period *Producing Hiroshima and Nagasaki* allows us to trace the complex and entangled political threads that link representations of Hiroshima and Nagasaki reminding us that narratives and images deploy different effects in different places and times This highly original approach establishes a new kind of transnational and transpacific studies on Hiroshima and Nagasaki and raises the possibility of a comparative area studies to match the age of world literature *Akira Kurosawa* Peter Wild, 2014-09-15 Most directors have one film for which they are known or possibly two said Francis Ford Coppola Akira Kurosawa has eight or nine Through masterpieces such as *Kagemusha*, *Seven Samurai* and *High and Low* Akira Kurosawa 1910-98 influenced directors from George Lucas and Steven Spielberg to Martin Scorsese and his groundbreaking innovations in cinematography and editing combined with his storytelling made him a cinematic icon In this succinct biography Peter Wild evaluates Kurosawa's films while offering a view of the man behind the camera from his family life to his global audience After discussing Kurosawa's childhood in Japan Wild explores his years as an assistant director at a new film studio and his early films during and after World War II before he won international acclaim with *Rashomon* While surveying Kurosawa's impressive career Wild also examines the myriad criticisms the director faced both within his own country and abroad he was too influenced by Western cinema not authentically Japanese and he was too sentimental naïve arrogant or out of touch By placing Kurosawa and his films in the context of his times Wild helps us to understand the

director and the reproaches against him Cogent and concise Akira Kurosawa will be essential reading for anyone interested in the work of this masterful filmmaker Socrates and Subtitles William G. Smith,2014-01-10 A sequel to the author's earlier work *Plato and Popcorn* A Philosopher's Guide to 75 Thought Provoking Movies this book presents analyses of 95 movies from the Americas and 20 other countries Each entry includes a brief introduction to the film along with a list of philosophical questions to ponder after viewing it Most entries also include a list of additional recommended films The films cover a wide range of genres and topics from the haunting tale of doomed Polish freedom fighters in *Kanal*'s World War II Warsaw to the romantic and passionate story of rekindled love in Australia's *Innocence* Instructors considering this book for use in a course may request an examination copy here *Directory of World Cinema: Japan* John Berra,2010-06-01 From the revered classics of Akira Kurosawa to the modern marvels of Takeshi Kitano the films that have emerged from Japan represent a national cinema that has gained worldwide admiration and appreciation *Directory of World Cinema Japan* provides an insight into the cinema of Japan through reviews of significant titles and case studies of leading directors alongside explorations of the cultural and industrial origins of key genres As the inaugural volume of an ambitious series from Intellect documenting world cinema the directory aims to play a part in moving intelligent scholarly criticism beyond the academy by building a forum for the study of film that relies on a disciplined theoretical base It takes the form of an A-Z collection of reviews longer essays and research resources accompanied by fifty full colour film stills highlighting significant films and players The cinematic lineage of samurai warriors yakuza enforcers and atomic monsters take their place alongside the politically charged works of the Japanese New Wave making this a truly comprehensive volume *Akira Kurosawa and Modern Japan* David A. Conrad,2022-05-06 The samurai films of legendary Japanese director Akira Kurosawa are set in the past but they tell us much about the present as do his crime stories romances military films medical dramas and art films His movies are beloved for their timeless protagonists and haunting vistas of old Japan but we haven't yet fully grasped everything they can teach us about modern Japan Kurosawa's films evolved as Japan redefined and reinvented itself from movies made for the wartime regime to those made amid the trials of American occupation From the lavish epics of the economic miracle years to searching masterpieces made with international assistance in a globalizing world Kurosawa's movies responded to changing times This detailed study of all 30 of Kurosawa's films analyzes the links between the thrilling narratives onscreen and the equally remarkable events that occurred in Japan over his long productive career This book explores how Kurosawa's classics depict the political economic cultural sexual and environmental upheavals of a nation at the center of a turbulent century both directly and through period piece mythmaking **Hibakusha Cinema** Mick Broderick,2013-11-05 First Published in 1996 This collection of works is in response to American film scholar and long term resident of Japan Donald Richie words The Japanese failure to come to terms with Hiroshima is one which is shared by everybody in the world today from over thirty years ago when responding to the Japanese subgenre of cinema which had

dealt with the atom bombings of Hiroshima and Nagasaki Three decades on the question lingers does this appraisal remain valid Hibakusha Cinema is an attempt perhaps momentarily to reorient critical focus upon a rarely discussed yet important feature of Japanese cinema The essays collected here represent a mix of Japanese and western pan Pacific scholarship harnessing multidisciplinary methodologies ranging from close textual analysis archival and historical argument anthropological assessment literary and film comparative analyses to psychological and ideological hermeneutics

Deleuze, Japanese Cinema, and the Atom Bomb David Deamer, 2014-07-31 David Deamer establishes the first ever sustained encounter between Gilles Deleuze's Cinema books and post war Japanese cinema by exploring how Japanese films responded to and were transformed by the atomic bombings of Hiroshima and Nagasaki From the early days of American occupation political censorship through to the social and cultural freedoms of the 1960s and beyond the book examines how images of the event permeate post war Japanese cinema Each chapter begins by focusing upon one of three key themes taxonomy history or thought before going on to explore a broad selection of films from 1945 to the present day including respected masterpieces Akira Kurosawa's Rashomon 1951 popular and cult cinema Godzilla 1954 world renowned anime Akira 1988 the new wave Nagisa Oshima's Night and Fog in Japan 1960 and modern classics Hideo Nakata's Ring 1998 The author provides a series of monochrome diagrams to clarify and illustrate the concepts and conceptual components explored within the text establishing a unique addition to Deleuze and cinema studies

The Warrior's Camera Stephen Prince, 1999-11-14 The Japanese film director Akira Kurosawa who died at the age of 88 has been internationally acclaimed as a giant of world cinema Rashomon which won both the Venice Film Festival's grand prize and an Academy Award for best foreign language film helped ignite Western interest in the Japanese cinema Seven Samurai and Yojimbo remain enormously popular both in Japan and abroad In this newly revised and expanded edition of his

study of Kurosawa's films Stephen Prince provides two new chapters that examine Kurosawa's remaining films placing him in the context of cinema history Prince also discusses how Kurosawa furnished a template for some well known Hollywood directors including Martin Scorsese Steven Spielberg and George Lucas Providing a new and comprehensive look at this master filmmaker *The Warrior's Camera* probes the complex visual structure of Kurosawa's work The book shows how Kurosawa attempted to symbolize on film a course of national development for post war Japan and it traces the ways that he tied his social visions to a dynamic system of visual and narrative forms The author analyzes Kurosawa's entire career and places the films in context by drawing on the director's autobiography a fascinating work that presents Kurosawa as a Kurosawa character and the story of his life as the kind of spiritual odyssey witnessed so often in his films After examining the development of Kurosawa's visual style in his early work *The Warrior's Camera* explains how he used this style in subsequent films to forge a politically committed model of filmmaking It then demonstrates how the collapse of Kurosawa's efforts to participate as a filmmaker in the tasks of social reconstruction led to the very different cinematic style evident in his most recent films works of pessimism that view the world as resistant to change *Japanstudien.
