Paul and Ancient Rhetoric Stanley E. Porter, Bryan R. Dyer, 2016-02-24 The Apostle Paul lived and breathed in a Hellenistic culture that placed high value on the art of rhetoric

and recent advances in rhetorical criticism of the New Testament have resulted in a new emphasis on the rhetorical aspect of his letters. As many scholars have pointed out, however, it is not clear to what extent ancient rhetoric actually influenced Paul and his writing or how important rhetoric is for interpreting the Pauline corpus. This volume, containing contributions from major figures in the field, provides a nuanced examination of how ancient rhetoric should inform our understanding of Paul and his letters. The essays discuss Paul's historical context, present innovative advances in, and trenchant critiques of rhetorical theory, and offer fresh readings of key Pauline texts. Outlining the strengths and weaknesses of a widely used approach, *Paul and Ancient Rhetoric* will be a valuable resource for New Testament and Classics scholars. **New Testament Rhetoric, Second Edition** Ben Witherington III, Jason A. Myers, 2022-09-28. Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents. More than just an exploration of the use of the ancient rhetorical tools and devices, this guide introduces the reader to all that went into convincing an audience about some subject. Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft-employed approaches of literary and discourse criticism. Familiarity with the art of rhetoric also helps the reader explore non-epistolary genres. In addition to the general introduction to rhetorical criticism, the book guides readers through the many and varied uses of rhetoric in most NT documents, not only telling readers about rhetoric in the NT but showing them the way it was employed. This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT, the value such studies bring for understanding what is being proclaimed and defended in the NT, and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction. **The Rhetoric of the New Testament** Duane F. Watson, 2019-05-21. A new comprehensive bibliography of books and articles on the rhetoric of the New Testament published since AD 1500. The bibliography is arranged by categories which include Jewish heritage, invention, arrangement, style, hermeneutics, with specific listings for each book of the NT. It is prefaced with a select bibliography of primary and secondary sources on classical and modern rhetoric. An invaluable research tool. **Josephus' Contra Apionem**, 2018-12-10. This volume offers a state-of-the-art collection of papers on one of the most significant works of Flavius Josephus by many of the leading scholars in current Josephus research. The collection, which includes a concordance by H. Schreckenberg of the Latin section *Contra Apionem* 2.52-113, forms a standard indispensable resource for the study of Josephus' writings of apologetic literature in general and particularly for the study of *Contra Apionem*, one of the most significant apologetic treatises in antiquity. **Teaching as Paul Taught** Roy Check B. Zuck, 2003-11-20. Though books on Paul's life and writing abound, very few works have examined the apostle's teaching techniques. In this companion to *Teaching as Jesus Taught*, Roy Zuck probes Paul's pedagogy to discover principles for effective teaching today. According to Zuck, the apostle Paul stands as a master teacher. Analyzing and following Paul's educational goals and strategies, Zuck writes, can help us become better teachers of God's Word. Examining

his pedagogy can acquaint us with a number of important principles and procedures in teaching Teaching as Paul Taught explores the many New Testament references to Paul's teaching as well as the historical and cultural context in which the apostle taught Zuck carefully organizes this extensive material around fifteen key questions regarding the teaching ministry of Paul Over twenty tables and questions for reflection at the end of each chapter aid readers in following Paul's example The result is a comprehensive and practical handbook for everyone involved in a teaching ministry

The Invectives of Sallust and Cicero Anna Novokhatko,2009-05-05 This work covers the history of the text of the invectives of Sallust against Cicero and of Cicero against Sallust Though these speeches seem unsophisticated to some they are in fact of considerable importance The question of the authenticity of both invectives especially of the invective against Cicero considered in the book diachronically has long troubled scholars commencing with Quintilian's quotation from the text as though it were authentic This dispute continues down to our own time In all probability both invectives are a product of the rhetorical schools of Rome as students at such schools might have been set the task of writing a speech against Cicero imitating Sallust or of responding to Sallust in the style of Cicero Thus we possess a sample of rhetorical school exercises preserved due to their similarities to the prototypes on which they were modelled The work covers the full manuscript tradition of the text and also the history of the changes which arose during its transmission the history of the printed text and the text itself with an apparatus criticus and also a translation This work should be of interest to classicists philologists interested in the history of medieval and renaissance texts and also to those erudite readers concerned with rhetorical style and the functioning of the rhetorical schools of Rome
