Rhetoric Of Interpersonal Communication:

A Rhetoric of Interpersonal Communication Marcus L. Ambrester, Glynis Holm Strause, 1984 This book has evolved over years of examination of various approaches to interpersonal communication There is a rich tradition in our field which has been largely ignored in the area of interpersonal communication For over two thousand years scholars in Speech Communication have examined oral discourse from a rhetorical perspective In fact beginning principally with Aristotle rhetoric has served as the discipline of oral discourse A Rhetoric of Interpersonal Communication and Relationships, 1997 **Rethinking Relationships Through Rhetoric** Steve Duck, 2019-11 Authored by renowned communication and relationship scholar Steve Duck Rethinking Relationships Through Rhetoric Coordinating Interpersonal Approaches invites readers to reconsider their assumptions and understanding of relationships The second edition of the text features a fresh emphasis on rhetoric and its insights into the ways in which individuals use discourse to promote vantage points and opinions or to make arguments or representations that are intended to influence others The book posits that everyday communication is largely argumentative propositional sermonic and intentionally influential in nature Readers learn how even mundane communication subtly pitches the views of the speaker towards the listener and invites approval or objection The text reconsiders the implications of seeing acquaintance as an ongoing unfinished and largely communicatively based activity that is not captured in laboratory snapshots and so challenges readers to better understand how relationships are formed through series of everyday interactions and active inquiry by listeners rather than self disclosure by speakers It also explores how cultural influence the assessment of behaviors and moral judgements affect everyday interactions and consequently our relationships Providing readers with a deep examination of the ways in which individuals practice their relationships and embody them in social spaces Rethinking Relationships Through Rhetoric is an ideal textbook for advanced courses and graduate programs in interpersonal communication and interpersonal relationships The Rhetoric of Western Thought James L. Golden, 2003 **Landmark Essays on Rhetoric of Science: Issues and Methods** Randy Allen Harris, 2024-11-01 Landmark Essays in Rhetoric of Science Issues and Methods compiles the essential readings of the vibrant field of rhetoric of science tracing the growth and core concerns of the field since its development in the 1970s A companion to Randy Allen Harris's foundational Landmark Essays in Rhetoric of Science Case Studies this volume includes essays by such luminaries as Carolyn R Miller Jeanne Fahnestock and Alan G Gross along with an early prophetic article by Charles Sanders Pierce Harris's detailed introduction puts the field into its social and intellectual context and frames the important contributions of each essay which range from reimagining classical concepts like rhetorical figures and topical invention to Modal Materialism and the Neomodern hybridization of Actor Network Theory with Genre Studies Race revolution and Daoism come up along the way and the empirical recalcitrance of the moon This collection serves as a textbook for graduate and advanced undergraduate courses in science studies and is an invaluable resource for researchers concerned with science
