Rhetoric And History In Revolutionary New England

Otis Carl Edwards

Rhetoric And History In Revolutionary New England:

Rhetoric and History in Revolutionary New England Donald Weber, 1988 Drawing on recent work in ritual studies and the history of the sermon in colonial America Weber recreates the mental worlds of five individual ministers dramatizing the rhetorical struggle of the clergy to make sense of the social and political upheaval around them **Law and Providence in**

Joseph Bellamy's New England Mark R. Valeri, 1994 Bellamy was New England's consummate theologian of evangelical Calvinism He conceived the New Divinity movement based on innovations on Edwards's teachings and from 1750 to 1775 enjoyed renown as a popular preacher controversialist leader of church affairs in New England and influential teacher of other pastors Set in the context of an emergent market economy the war against France and the politics of rebellion Bellamy's story illuminates the relationship between religion and public issues in colonial New England and shows how Calvinism spoke to the concerns of ordinary New Englanders during momentous transformations in America's religious social and political life **The Present State of Scholarship in the History of Rhetoric** Lynée Lewis Gaillet, Winifred Bryan

Horner, 2010-03-15 Through two previous editions *The Present State of Scholarship in Historical and Contemporary Rhetoric* has not only introduced new scholars to interdisciplinary research but also become a standard research tool in a number of fields and pointed the way toward future study Adopting research methodologies of revision and recovery this latest edition includes all new material while still following the format of the original and is constructed around bibliographical surveys of both primary and secondary works addressing the Classical Medieval Renaissance and eighteenth through twentieth century periods within the history of rhetoric *The Present State of Scholarship in the History of Rhetoric* doesn't simply update but rather recasts study in the history of rhetoric The authors experienced and well known scholars in their respective fields redefine existing strands of rhetorical study within the periods expand the scope of rhetorical engagement and include additional figures and their works The globalization and expansion of rhetoric are demonstrated in each of these parts and seen clearly in the inclusion of more female rhetors discussions of historical and contemporary electronic resources and examinations of rhetorical practices falling outside the academy and the traditional canon New to this edition is a cumulative review of twentieth century rhetoric along with a thematic index designed to facilitate interdisciplinary or specialized study and scholarly research across the traditional historical periods As programs incorporating rhetorical studies continue to expand at the university level students and researchers are in need of up to date bibliographical resources No other work matches the scope and approach of *The Present State of Scholarship in the History of Rhetoric* which carries scholarship on rhetoric into the twenty first century Nathaniel Taylor, New Haven Theology, and the Legacy of Jonathan Edwards

Douglas A. Sweeney, 2002-12-05 Nathaniel Taylor was arguably the most influential and the most frequently misrepresented American theologian of his generation While he claimed to be an Edwardsian Calvinist very few people believed him This book attempts to understand how Taylor and his associates could have counted themselves Edwardsians In the process it

explores what it meant to be an Edwardsian minister and intellectual in the 19th century **The History of New England ...: Revolutionary New England, 1691-1776** James Truslow Adams, 1923 *Jonathan Edwards's Philosophy of History* Avihu Zakai, 2009-07-26 Avihu Zakai analyzes Jonathan Edwards's redemptive mode of historical thought in the context of the Enlightenment. As the theologian and philosopher Edwards has long been a towering figure in American intellectual history. Nevertheless and despite Edwards's intense engagement with the nature of time and the meaning of history there has been no serious attempt to explore his philosophy of history. Offering the first such exploration Zakai considers Edwards's historical thought as a reaction in part to the varieties of Enlightenment historical narratives and their growing disregard for theistic considerations. Zakai analyzes the ideological origins of Edwards's insistence that the process of history depends solely on God's redemptive activity in time as manifested in a series of revivals throughout history reading this doctrine as an answer to the threat posed to the Christian theological teleology of history by the early modern emergence of a secular conception of history and the modern legitimation of historical time. In response to the Enlightenment refashioning of secular historical time and its growing emphasis on human agency Edwards strove to re-establish God's preeminence within the order of time. Against the de-Christianization of history and removal of divine power from the historical process he sought to re-enthrone God as the author and lord of history and thus to re-enchant the historical world. Placing Edwards's historical thought in its broadest context this book will be welcomed by those who study early modern history American history or religious culture and experience in America **Exodus and Liberation** John Coffey, 2014 Tracing a series of political crises in Anglo American history from the 16th century Reformation to the civil rights movement Coffey excavates the history of deliverance politics testifying to the powerful political appeal of the Exodus the Jubilee and the biblical language of liberty

The Cambridge History of American Literature: Volume 1, 1590-1820 Sacvan Bercovitch, Cyrus R. K. Patell, 1997-01-28 Volume I of The Cambridge History of American Literature was originally published in 1997 and covers the colonial and early national periods and discusses the work of a diverse assemblage of authors from Renaissance explorers and Puritan theocrats to Revolutionary pamphleteers and poets and novelists of the new republic. Addressing those characteristics that render the texts distinctively American while placing the literature in an international perspective the contributors offer a compelling new evaluation of both the literary importance of early American history and the historical value of early American literature *Books on Early American History and Culture, 1986-1990* Raymond D. Irwin, 2001-03-30 A companion volume to Books on Early American History and Culture 1991-1995 this work covers scholarship on early American history including North America and the Caribbean from 1492 to 1815. This annotated bibliography surveys over 1 000 monographs essay collections exhibition catalogs and reference works published between 1986 and 1990. In thirty-two thematic sections the book covers such topics as colonization rural life and agriculture and religion. This useful guide organizes the recent explosion of scholarly literature on pre-colonial colonial and early Republican America **Jonathan Edwards, Religious**

Tradition, and American Culture Joseph A. Conforti, 1995 As the charismatic leader of the wave of religious revivals known as the Great Awakening Jonathan Edwards 1703-58 is one of the most important figures in American religious history. However, by the end of the eighteenth century his writings were generally forgotten. **A History of Preaching Volume 1** Rev. O.C. Edwards Jr., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser-known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth—all of their distinctive contributions receive careful attention. Yet lesser-known figures and developments also appear: from the ninth-century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching; to Howell Harris and Daniel Rowlands, preachers of the eighteenth-century Welsh revival; to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, available separately as 9781501833786, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. A History of Preaching is ecumenical in scope and will be relevant in all our churches; we all participate in this field, says Riggs from EcuLink. Number 65, Winter 2004-2005, published by the National Council of Churches. **Paine, Scripture, and Authority** Edward Hutchins Davidson, William J. Scheick, 1994 Such descent, dissent creates the possibility for conversion for the transformation of outmoded religious beliefs into a political paradise regained. *Jonathan Edwards at Home and Abroad* David William Kling, Douglas A. Sweeney, 2003 In this contribution to the study of one of America's best-known and

most imposing religious figures 15 scholars offer a sustained analysis of Jonathan Edwards historical legacy throughout the world The volume looks at Edwards lasting influence and enduring effects worldwide Mary Moody Emerson and the Origins of Transcendentalism Phyllis Cole, 2002 Mary Moody Emerson has long been a New England legend the eccentric Calvinist aunt of Ralph Waldo Emerson wearing a death shroud as her daily garment This exciting new study based on the first reading of all her known letters and diaries reveals a complex human voice and powerful forerunner of American Transcendentalism From the years of her famous nephew s infancy in both private and published writings she celebrated independence solitude in nature and inward communion with God Mary Moody Emerson inherited both resources and constraints from her family a lineage of Massachusetts ministers who had earlier practiced spiritual awakening and political resistance against England Cole discovers a previously unexamined Emerson tradition of fervent piety in the ancestors own writing and Mary s preservation of their memory She also examines the position of a woman in this patriarchal family Barred from the pulpit and university by her sex she also refused marriage to become a reader writer and religious seeker Cole s biography explores this reading and writing as both a woman s vocation and a gift to Ralph Waldo Emerson Helping to raise her nephews after their father s death Mary Moody Emerson urged Waldo the college student to seek solitude in nature and become a divine poet Cole s pioneering study tracing crucial lines of influence from Mary Emerson s heretofore unknown texts to her nephew s major works establishes a fresh and vital source for a central American literary tradition **A Paradise of Reason** J. Rixey Ruffin, 2007-11-26 William Bentley pastor in Salem Massachusetts from 1783 to his death in 1819 was unlike anyone else in America s founding generation for he had come to unique conclusions about how best to maintain a traditional understanding of Christianity in a world ever changing by the forces of the Enlightenment Like some of his contemporaries Bentley preached a liberal Christianity with its benevolent God and salvation through moral living but he and in New England he alone also preached a rational Christianity one that offered new and radical claims about the power of God and the attributes of Jesus Drawing on over a thousand of Bentley s sermons J Rixey Ruffin traces the evolution of Bentley s theology Neither liberal nor deist Bentley was instead what Ruffin calls a Christian naturalist a believer in the biblical God and in the essential Christian narrative but also in God s unwillingness to interfere in nature after the Resurrection In adopting such a position Bentley had pushed his faith as far as he could toward rationalism while still he thought calling it Christianity But this book is as much a social and political history of Salem in the early republic as it is an intellectual biography it not only delineates Bentley s ideas but perhaps more important it unravels their social and political consequences Using Bentley s remarkable diary and a vast archive of newspaper accounts tax records and electoral returns Ruffin brings to life the sailors widows captains and merchants who lived with Bentley in the eastern parish of Salem A Paradise of Reason is a study of the intellectual and tangible effects of rational religion in mercantile Salem of theology and philosophy but also of ideology of the social politics of race and class and gender the ecclesiastical politics of establishment

and dissent the ideological politics of republicanism and classical liberalism and the party politics of Federalism and Democratic Republicanism In bringing to light the fascinating life and thought of one of early New England's most interesting historical figures Ruffin offers a fresh perspective on the formative negotiations between Christianity and the Enlightenment in the years of America's founding

Circles and Lines John Demos, 2009-06-30 In this intimate engaging book John Demos offers an illuminating portrait of how colonial Americans from the first settlers to the postrevolutionary generation viewed their life experiences He also offers an invaluable inside look into the craft of a master social historian as he unearths in sometimes unexpected places fragments of evidence that help us probe the interior lives of people from the faraway past The earliest settlers lived in a traditional world of natural cycles that shaped their behavior day and night seasonal rhythms the lunar cycle the life cycle itself Indeed so basic were these elements that almost no one felt a need to comment on them Yet he finds cyclical patterns in the seasonal foods they ate in the spike in marriages following the autumn harvest Witchcraft cases reveal the different emotional reactions to day versus night as accidental mishaps in the light become fearful nighttime mysteries During the transitional world of the American Revolution people began to see their society in newer terms but seemed unable or unwilling to come to terms with that novelty Americans became new Demos points out before they fully understood what it meant Their cyclical frame of reference was coming unmoored giving way to a linear world view in early nineteenth century America that is neatly captured by Kentucky doctor Daniel Drake's description of the chronography of his life In his meditation on these three worlds Demos brilliantly demonstrates how large historical forces are reflected in individual lives With the imaginative insights and personable touch that we have come to expect from this fine chronicler of the human condition **Circles and Lines** is vintage John Demos

Rhetoric, Religion, and the Roots of Identity in British Colonial America James Robertson Andrews, 2007 Volume 1 of the Rhetorical History of the United States series probes formal and ideational aspects of colonial rhetoric to illuminate textual contextual interactions and their enduring implications for American rhetoric Topics such as millennialism religious freedom and toleration covenant theology revivalism and the British heritage of American colonial rhetoric are explored By examining sermons forensic speaking theological treatise literary traditions prayers poems and other rhetorical artifacts these essays help to illuminate the sources of American identity as that identity was formed through the theory and practice of rhetoric

One Holy and Happy Society Gerald R. McDermott, 2010-11 Jonathan Edwards 1703-58 was arguably this country's greatest theologian and its finest philosopher before the nineteenth century His school of disciples the New Divinity exerted enormous influence on the religious and political cultures of late colonial and early republican America Hence any study of religion and politics in early America must take account of this theologian and his legacy Yet historians still regard Edwards's social theory as either nonexistent or underdeveloped Gerald McDermott demonstrates to the contrary that Edwards was very interested in the social and political affairs of his day and commented upon them at length in his unpublished sermons and private notebooks

McDermott shows that Edwards thought deeply about New England's status under God America's role in the millennium the nature and usefulness of patriotism the duties of a good magistrate and what it means to be a good citizen In fact his sociopolitical theory was at least as fully developed as that of his better known contemporaries and more progressive in its attitude toward citizens rights Using unpublished manuscripts that have previously been largely ignored McDermott also convincingly challenges generations of scholarly opinion about Edwards The Edwards who emerges from this nook is both less provincial and more this worldly than the persona he is commonly given

A History of Preaching Otis Carl Edwards, 2004 Accompanying CD ROM contains the full text of volume one and two Volume two contains primary source material on preaching drawn from the entire scope of the church's twenty centuries Each chapter in volume two is geared to its companion chapter in volume one's narrative history

New Directions in American Religious History Harry S. Stout, D. G. Hart, 1998-01-01 The eighteen essays collected in this book had their origin in a conference of the same title held at the Wingspread Conference Center in October of 1993 Some of the most distinguished scholars in the field were invited to reflect on their specialties in American religious history in ways that summarized where the field is and where it ought to move in the decades to come Organized according to four general ways of looking at religious history places and regions universal themes transformative events and marginal groups and ethno cultural outsiders the essays address a wide range of topics including Puritanism religion and the Civil War Protestantism and economic behavior gender and sexuality in American Protestantism and the contemporary de Christianization of American culture Featuring contributions from David D Hall Donald G Matthews Allen C Guelzo Gordon S Wood Daniel Walker Howe Robert Wuthnow Jon Butler David A Hollinger and others this thought provoking and up to date collection will interest anyone involved in the study of American religion and history

Rhetoric And History In Revolutionary New England Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rhetoric And History In Revolutionary New England PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and

pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rhetoric And History In Revolutionary New England PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rhetoric And History In Revolutionary New England free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rhetoric And History In Revolutionary New England Books

1. Where can I buy Rhetoric And History In Revolutionary New England books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rhetoric And History In Revolutionary New England book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
