Rhetoric Of Rhetoric The Quest For Effective Communication:

The Rhetoric of RHETORIC Wayne C. Booth, 2009-02-09 In this manifesto distinguished critic Wayne Booth claims that communication in every corner of life can be improved if we study rhetoric closely Written by Wayne Booth author of the seminal book *The Rhetoric of Fiction* 1961 Explores the consequences of bad rhetoric in education in politics and in the media Investigates the possibility of reducing harmful conflict by practising a rhetoric that depends on deep listening by both sides

After Gun Violence Craig Rood, 2019-05-20 Mass shootings have become the new normal in American life The same can be said for the public debate that follows a shooting blame is cast political postures are assumed but no meaningful policy changes are enacted In *After Gun Violence* Craig Rood argues that this cycle is the result of a communication problem Without advocating for specific policies Rood examines how Americans talk about gun violence and suggests how we might discuss the issues more productively and move beyond our current tragic impasse Exploring the ways advocacy groups community leaders politicians and everyday citizens talk about gun violence Rood reveals how the gun debate is about far more than just guns He details the role of public memory in shaping the discourse showing how memories of the victims of gun violence the Second Amendment and race relations influence how gun policy is discussed In doing so Rood argues that forgetting and misremembering this history leads interest groups and public officials to entrenched positions and political failure and drives the public further apart Timely and innovative *After Gun Violence* advances our understanding of public discourse in an age of gridlock by illustrating how public deliberation and public memory shape and misshape one another It is a search to understand why public discourse fails and how we can do better *Sermon Listening* Enoch Šeba, 2021-06-30

Preaching is an integral part of every church service and its purpose has always been to edify encourage and to emphasize the positive effects of coming together as a people of God Yet there remains an inconsistency between the intended goals of preaching and the subjective perception of the listeners In this homiletical study Dr Enoch Šeba provides fresh insight into the turn to the listener model and offers a theologically sustainable warrant mandate for the transformation of the preaching practice through a stronger involvement of the congregation While grounding the research in the experience of Croatian Baptists Dr Šeba highlights practical suggestions for both listeners and preachers that are transferrable across contexts This important work reveals that preaching can and should be transformed into a truly congregational practice that will affirmatively affect the dynamics of ecclesial life This book will spark conversations and induce small scale changes on a variety of levels while bridging the gap between preachers and their listeners [A Theory of Contemporary Rhetoric](#)

Richard Andrews, 2013-08-22 *A Theory of Contemporary Rhetoric* describes explains and argues the overarching theory of contemporary rhetoric This current view of rhetoric brings together themes in the communication arts including political literary criticism bi and multi lingualism multimodality framing as an artistic and sociological device for composition and interpretation literacy in the digital age and the division between fiction and non fiction in language literature studies

Chapters explore the implications of rhetoric for particular aspects of the field Discussions throughout the book provide illustrations that ground the material in practice As an overarching theory in the communication arts rhetoric is elegant as a theoretical solution and simple as a practical one It asks such questions as who is speaking writing composing to whom why what is being conveyed and how is it being conveyed Acknowledging the dearth of recent works addressing the theory of rhetoric this book aims to fill the existing theoretical gap and at the same time move the field of language literature studies forward into new territory It provides the keynote theoretical guide for a generation of teachers teacher educators and researchers in the fields of English as a subject English as a second foreign or additional language and language study in general

Shades of Sulh Rasha Diab, 2016-04-26 Sulh is a centuries old Arab Islamic peacemaking process In *Shades of Sulh* Rasha Diab explores the possibilities of the rhetoric of sulh as it is used to resolve intrapersonal interpersonal communal national and international conflicts and provides cases that illustrate each of these domains Diab demonstrates the adaptability and range of sulh as a ritual and practice that travels across spheres of activity juridical extra juridical political diplomatic through time medieval modern contemporary and over geopolitical borders Cairo Galilee and Medina Together the cases prove the flexibility of sulh in the discourse of peacemaking and that sulh has remarkable rhetorical longevity versatility and richness *Shades of Sulh* sheds new light on rhetorics of reconciliation human rights discourse and Arab Islamic rhetorics

Reading Second Peter with New Eyes Robert L. Webb, Duane F. Watson, 2010-04-08 The letters of James 1 and 2 Peter and Jude are among the most neglected letters of the NT Thus methodological advances in NT study tend to arise among the Gospels or Pauline letters But these letters are beginning to receive increased attention in the scholarly community *Reading Second Peter With New Eyes* is the third of four volumes that incorporate research in this area The essays collected here examine the impact of recent methodological developments in New Testament studies to Second Peter including for example rhetorical social scientific socio rhetorical ideological and hermeneutical methods as they contribute to understanding this letter and its social context

Gender After Gender in Consumer Culture Elisabeth Tissier-Desbordes, Luca M. Visconti,2020-12-23 Gender After Gender in Consumer Culture provides an updated discussion of how gender cuts across consumer culture in light of increasing gender fragmentation and integration with other identity positions Sex the biological distinction male female and gender which refers to a person s sense of being male female or any other combinations of these inform issues as varied as personal identity social interactions and market behaviours First contributions account for the increasing fluidity and or fragmentation of gender positions which reshape the interplay between consumers and marketers Second they provide a timely illustration of how consumption and markets concur in contrasting gender inequalities taken both individually and jointly e g at the intersection of ethnicity or positions of market marginalisation Third chapters question the role of gender in granting personal and societal well being as they reflect on the collective capacity of constantly undoing gender stereotypes Focusing on gender this book allows the reader to trace the links among cultural categories e g masculinity femininity gender identity social phenomena and market dis functioning The chapters in this book were originally published as a special issue in the journal Consumption Markets Culture

Exploitation of Schemata in Persuasive and Manipulative Discourse in English, Polish and Russian Anna Kuzio,2015-04-01 Human beings have an intrinsic need to be with people who are similar to themselves This is because they share the same ways of doing things the same values and function according similar rules When one is with people who tend to be similar human behavior is normalized and one s actions appear to be in accordance with those exhibited by others in one s social circle However sometimes it becomes apparent that the situation is somewhat more complex When this happens one realizes that the issues that have been taken for granted about human interaction are not necessarily the same for everyone This book elucidates what happens in the processes of communication when people from different cultural backgrounds experience other cultures Emphasis is also given to the

issue of interaction between people from various cultures The book highlights the aspects that are recognized to posit difficulties in conveying messages from one culture to another The notions of schemata frames scenarios and cultural scripts are outlined The third part of the book examines some principles of critical discourse analysis including for instance socio political attitude as well as concentrating on the notion of power relations of groups legitimated by text as well as speech This part also describes the concept of persuasion as well as persuasive communication The fourth part of the book is analytic Attention is given to various discourses one encounters in everyday life and to the examination of various kinds of discourse including for instance complimenting as well as political discourse As such this book provides a new point of view for linguists as well as those interested in communication practice The empirical part of the book will help shed some light on dilemmas people may be obliged to face in their career and should be especially useful to students of intercultural communication

Between Scientists & Citizens Jean Goodwin, 2012 This volume brings together selected papers from an interdisciplinary conference focused on effective and appropriate communication of science in the often heated controversies characteristic of contemporary democracies The forty essays represent cutting edge work from rhetorical and communication theorists studying the practices and norms of public discourse and science communication philosophers interested in the informal logic of everyday reasoning and in the theory of deliberative democracy and science studies scholars examining the intersections between the social worlds of scientists and citizens Topics include the theory and practice of public participation exercises involving experts and lay publics communication techniques for conveying uncertainty complexity and scale pseudocontroversy and manufactured doubt about science and the maintenance of trust between scientists and citizens

Persuasion in Public Discourse Jana Pelclová, Wei-lun Lu, 2018-08-08 This book approaches persuasion in public discourse as a rhetorical phenomenon that enables the persuader to appeal to the addressee's intellectual and emotional capacities in a competing public environment The aim is to investigate persuasive strategies from the overlapping perspectives of cognitive and functional linguistics Both qualitative and quantitative analyses of authentic data including English Czech Spanish Slovene Russian and Hungarian are grounded in the frameworks of functional grammar facework and rapport management classical rhetoric studies and multimodal discourse analysis and are linked to the constructs of re framing conceptual metaphor and blending mental space and viewpoint In addition to traditional genres such as political speeches news reporting and advertising the book also studies texts that examine book reviews medieval medical recipes public complaints or anonymous viral videos Apart from discourse analysts pragmaticians and cognitive linguists this book will appeal to cognitive musicologists semioticians historical linguists and scholars of related disciplines

Improv for Democracy Don Waisanen, 2020-10-01 While much has been written about what democracies should look like much less has been said about how to actually train citizens in democratic perspectives and skills Amid the social and political crises of our time many programs seeking to bridge differences between citizens draw from the surprising field of improvisational theater Improv trains people to engage with one another in ways that promote empathy and understanding Don Waisanen demonstrates how improv based teaching and training methods can forward the communication leadership and civic skills our world urgently needs Waisanen includes specific exercises and thought experiments that can be used by educators advocates for civic engagement and civil discourse practitioners and scholars in communication leadership and conflict management training and development specialists administrators looking to build new curricula or programming and professionals seeking to embed productive sustainable and socially responsible forms of interaction in and across organizations Ultimately this book offers a new approach for helping people become more creative heighten awareness think faster build confidence operate flexibly improve expression and governance skills and above all think and act more democratically

Beyond Civility William Keith, Robert Danisch, 2020-06-03 From the pundits to the polls nearly everyone seems to agree that US politics have

rarely been more fractious and calls for a return to civil discourse abound Yet it is also true that the requirements of polite discourse effectively silence those who are not in power gaming the system against the disenfranchised What then should a democracy do This book makes a case for understanding civility in a different light Examining the history of the concept and its basis in communication and political theory William Keith and Robert Danisch present a clear robust analysis of civil discourse Distinguishing it from politeness they claim that civil argument must be redirected from the goal of political comity to that of building and maintaining relationships of minimal respect in the public sphere They also take into account how civility enables discrimination indicating conditions under which uncivil resistance is called for When viewed as a communication practice for uniting people with differences and making them more equal civility is transformed from a preferable way of speaking into an essential component of democratic life Guarding against uncritical endorsement of civility as well as skepticism Keith and Danisch show with rigor nuance and care that the practice of civil communication is both paradoxical and sorely needed Beyond Civility is necessary reading for our times
