MacDonald, 2017-09-20 One of the most remarkable trends in the humanities and social sciences in recent decades has been the resurgence of interest in the history theory and practice of rhetoric in an age of global media networks and viral communication rhetoric is once again contagious and communicable Friedrich Nietzsche Featuring sixty commissioned chapters by eminent scholars of rhetoric from twelve countries *The Oxford Handbook of Rhetorical Studies* offers students and teachers an engaging and sophisticated introduction to the multidisciplinary field of rhetorical studies The Handbook traces the history of Western rhetoric from ancient Greece and Rome to the present and surveys the role of rhetoric in more than thirty academic disciplines and fields of social practice This combination of historical and topical approaches allows readers to chart the metamorphoses of rhetoric over the centuries while mapping the connections between rhetoric and law politics science

education literature feminism poetry composition philosophy drama criticism digital media art semiotics architecture and other fields Chapters provide the information expected of a handbook discussion of key concepts texts authors problems and critical debates while also posing challenging questions and advancing new arguments In addition to offering an accessible and comprehensive introduction to rhetoric in the European and North American context the Handbook includes a timeline of major works of rhetorical theory translations of all Greek and Latin passages extensive cross referencing between chapters and a glossary of more than three hundred rhetorical terms These features will make this volume a valuable scholarly resource for students and teachers in rhetoric English classics comparative literature media studies communication and adjacent fields As a whole the Handbook demonstrates that rhetoric is not merely a form of stylish communication but a pragmatic inventive and critical art that operates in myriad social contexts and academic disciplines

Essays in Critical, Contemporary, and Philosophical Rhetoric Raymie E. McKerrow, 2024-10-24 This text is a representative sample of my research focus in contemporary rhetoric since the mid 1970s It highlights work that explores themes expressed in the text's title While not an exhaustive account of the themes the text provides easy access to theoretical issues in rhetorical studies These include topics such as the role of culture citizenship how space and time interact to affect the words we use and the impulse to use language in critiquing the expressions of others The collection is designed to be used by faculty teaching upper level undergraduate to doctoral level courses in rhetoric at colleges and universities in the USA It also will be a resource at universities across the globe The goal is to stimulate thought and provoke critical responses to the ideas and arguments contained in the essays Thus this is a text to be used to assist scholars and students as they engage in their own work

Walking and Talking Feminist Rhetorics Lindal Buchanan, Kathleen J. Beyond Postprocess and Postmodernism Theresa Jarnagi Enos, Keith D. Miller, Jill McCracken, 2003-01-30 Annotation Volume illuminates many of the tensions present in the field of rhetoric and composition studies explaining the scope and role of rhetoric in contemporary scholarship For scholars and other individuals interested in rhetoric and composition studies P

What Is a Game? Gaines S. Hubbell, Matthew Wilhelm Kapell, 2020-02-28 What is a videogame What makes a videogame good If a game is supposed to be fun can it be fun without a good story If another is supposed to be an accurate simulation does it still need to be entertaining With the ever expanding explosion of new videogames and new developments in the gaming world questions about videogame criticism are becoming more complex The differing definitions that players and critics use to decide what a

game is and what makes a game successful often lead to different ideas of how games succeed or fail This collection of new essays puts on display the variety and ambiguity of videogames Each essay is a work of game criticism that takes a different approach to defining the game and analyzing it Through analysis and critical methods these essays discuss whether a game is defined by its rules its narrative its technology or by the activity of playing it and the tensions between these definitions With essays on Overwatch Dark Souls 3 Far Cry 4 Farmville and more this collection attempts to show the complex changes challenges and advances to game criticism in the era of videogames *Library of Congress Catalog* Library of Congress,1980-07 Rhetorics and Hermeneutics James D. Hester,David Hester,2004-01-01 This collection of essays provides original studies of various New Testament texts read through the eyes of rhetorical criticism as well as a tribute to the continuing influence of Wilhelm Wuellner and his work *In Defense of Informal Logic* D.S. Levi,2013-03-09 My impulse when I decided to collect into a single volume the essays on topics in logical theory and related subjects that I have written in the last fifteen years was to borrow from the title of a work by Sextus Empiricus and call my collection Against the Logicians Although the essays address a variety of problems that interest me the thread that runs through them is a scepticism about how logicians see things So the title appealed to me However I had second thoughts and chose instead a title of one of my own essays In Defense of Informal Logic which emphasizes my support for other approaches Although my criticisms of logical theory are designed to cut deeply I do not want to be unresponsive to the needs that it is supposed to satisfy However my position that we have adequate resources for critically analyzing a particular argument and do not need a theory of argumentation will not completely satisfy those who think that there is a need for it So I want them to know that I am taking their concerns seriously The Official ACT English Guide ACT,2021-04-29 The ACT official subject guides are a step by step guide for outlining the preparation for the ACT section tests These prep guides provide students a concept based outline for the subjects they plan to focus on Each one of the official guides is an efficient prep tool comprised of the most current and relevant test information packed into one guide In addition to the book the entire pool of questions are available online for a customizable learning experience These guides will provide the focused support needed by subject For the earnest test taker start with official section guides to prepare for success Use the ACT practice questions to check your performance on the official items from ACT All of the Official ACT Prep Guides will provide you with the guidance you need to succeed by telling you what you need to study sharing details on how to prepare and offering a ton of realistic practice questions Use the ACT practice questions to check your performance on the official items from ACT All of the Official ACT Prep Guides will provide you with the guidance you need to succeed by telling you what you need to study sharing details on how to prepare and offering a ton of realistic practice questions The ACT official subject guides are the best resource to get detailed input and practice to help you in preparation for the ACT By using this guide students can feel comfortable and confident that they are preparing to do their best Features of the ACT Official English Guide Covers basic and advance topics Offers strategies
