Rhymes and Reasons. [Essays, etc. by J. Earle, C. Stanwell and others.]. John EARLE (M.A., Rector of Swanswick.), Charles STANWELL, 1871 **Rhymes and Reasons** James Christensen, 1997 Seventy three classic nursery rhymes and the reasons behind them **Rhymes and reasons** Florence Harrison, 1905 *Allusions in Ulysses* Weldon Thornton, 1968 This comprehensive list of allusions found in James Joyce's modern classic *Ulysses* is in itself a classic and is a feat of literary scholarship of unprecedented magnitude In brief this book is a copiously annotated list of Joyce's allusions in such areas as literature philosophy theology history and the fine arts So awesome an undertaking would not have been possible without the prior work of such persons as Stuart Gilbert Joseph Prescott William York Tindall M J C Hodgart Mabel Worthington and many others But the present list is more than a compilation of previously discovered allusions for it contains many allusions that have never been suggested before as well as some that have only been partially or mistakenly identified in earlier publications In preparing this work the author has kept its usefulness to the reader foremost in mind He often refreshed the reader's memory in concerning the context of an allusion since its context in one sense or another is always the guide to its function in the novel The entire list is fully cross referenced and keyed by page and line to both the old and new Modern Library editions of *Ulysses* In addition the index is prepared in such a way that it indexes not only the List but also the novel itself The purpose of allusion in a literary work is essentially the same as that of all other types of metaphor the development and revelation of character structure and theme and when skillfully used it does all of these simultaneously Joyce's use of allusion is distinguished from that of other authors not by its purposes but by its extent and thoroughness *Ulysses* involves dozens of allusive contexts all continually intersecting modifying and qualifying one another Here again Joyce's uniqueness and complexity lie not in his themes or characters nor in his basic methods of developing them but in his accepting the challenge of an Olympian use of his chosen methods The value of this volume to Joyce scholars and students is obvious however its usefulness to anyone who reads *Ulysses* is as great if not greater It can truly be the key to this difficult but rewarding novel *James Joyce's Silences* Jolanta Wawrzycka, Serenella Zanotti, 2018-05-31 In this landmark book leading international scholars from North America Europe and the UK offer a sustained critical attention to the concept of silence in Joyce's writing Examining Joyce's major works including *Ulysses* *Portrait of the Artist as a Young Man* and *Finnegans Wake* the critics present intertextual and comparative interpretations of Joyce's deployment of silence as a complex overarching narratological strategy Exploring the many dimensions of what is revealed in the absences that fill his writing and the different roles aesthetic rhetorical textual and linguistic that silence plays in Joyce's texts *James Joyce's Silences* opens up important new avenues of scholarship on the great modernist writer This volume is of particular interests to all academics and students involved in Joyce and Irish studies modernism comparative literature poetics cultural studies and translation studies **The Album** James E. You May Think Life Stinks But It Could Be Verse Steven Stoker,2003-05-29 Look through any neighborhood pick out any random country farmhouse search through any military barracks screen any school enrollment sheet and you can find them closet poets They scribble their innermost thoughts down in notebooks on envelopes even on napkins and then stash them away in secret places Why Because those sentiments are a part of them a part they want to recall later whenever they feel the need to relive those treasured moments recapture the emotions and savor those extraordinary experiences again Such poetry runs the gamut from horrendous to brilliant but that does not matter The quality of the work is unimportant What is important is that someone out there has chosen the written word to create a literary painting that tries to capture a moment in time and space to save it for posterity You May Think Life Stinks But It Could Be Verse is a collection of one man s meandering psyche It contains a lot of chaff but an occasional precious kernel of wheat can be found that can be useful in nourishing the reader s psyche as well Read enjoy and let the critics do the analysis
